News Bulletin

January - March 2014

Safar - J. Awwal 1435

"I have always maintained that no nation can ever be worthy of its existence that cannot take its women along with the men. No struggle can ever succeed without women participating side by side with men. There are two powers in the world; one is the sword and the other is the pen. There is a great competition and rivalry between the two. There is a third power stronger than both, that of the women."

- Muhammad Ali Jinnah

Speech at Islamia College for Women- March 25, 1940

- Education

AL-QURAN

In the name of Allah, the Beneficent, the Merciful

Surely Allah has conferred favour on the believers that He sent a Rasool (Messenger of Allah) from amongst them who recites to them His Verses and purifies them and teaches them the Book and the wisdom. And previous to that they were clearly in error.

(Al-e-Imran -164)

Saying of the Holy Prophet Hazrat Muhammad (SAW)

Narrated Hazrat Anas (RA) : The Prophet (SAW) said "None of you will have faith till he loves me more than his father, his children and all mankind."

(Sahih Bukhari, Sahih Muslim)

Ambassador of Denmark visits TUF

His Excellency Mr Jesper Moller Sorensen, Ambassador of Denmark in Pakistan visited Saleem Campus of The University of Faisalabad on January 16, 2014.

While speaking to the faculty members and students, Mr Jesper Moller Sorensen said, 'as Pakistan is very important country in the region, Danish Government aims to strengthen the bilateral relations with Pakistan in different sectors'. Denmark is very strong in the areas of clean water supply, biotechnology, clean-tech, energy

H.E Mr Jesper Moller Sorensen, Ambassador of Denmark with senior faculty members and students of TUF and UMDC during his visit to Saleem Campus

efficiency, health care, healthy food stuff, life science and higher education. Danish companies have keen interest in investment in Pakistan in different areas particularly in energy sector.

In his address to the students Mr Jesper Moller Sorensen told that Denmark has great opportunities for Pakistani students for higher education. That is why, Denmark embassy in Islamabad is expanding its services for the

Punjab Health Care Commission (PHC) team visits MTH

Punjab Health Care Commission has greatly emphasized on implementation of Minimum Service Delivery Standards (MSDS) formulated by the Commission to ensure the health and safety of patient and delivery of optimum health care by the physician & clinical staff. The implementation of these standards is essential to get full licensing to the hospital for its formal functioning.

For this purpose, Brig (Retd) Dr Muhammad Saeed, MS, MTH, Dr Bashir Ahmad, Director Development and Dr Dimple Amin, DMS attended PHC workshops and seminars for effective implementation of MSDS through Continuous Quality Improvement (CQI) team of Hospital. PHC team visited MTH from 7th to 10th January 2014 and inspected each and every department within the hospital to evaluate the work, SOPs and compliance status according to the given guidelines. They praised the hospital system and procedures. The working of HR, Labs, Pharmacy and CQI department was highly commended by the team.

A certificate distribution ceremony was held in the auditorium of MTH to acknowledge the nursing, paramedical and supporting staff in ensuring implementation of the standards. Medical Superintendent gave a detailed presentation regarding the visit by highlighting the efforts of CQI team and results of the inspection, as **MTH has achieved very high grading by securing 98.86 % marks.**

Mian Muhammad Hanif, Chairman Board of Governors addressed the audience and appreciated the collective efforts of the CQI team and other personnel who contributed positively to make the visit successful.

Training Workshop on Exploring IEEE Resources

Ali Library in collaboration with A&J DEF TEK Consultants Islamabad conducted a one day training of students and faculty members of Amin Campus on Exploring IEEE Resources on January 10, 2014. The trainer team members were Mr Muhammad Rashid Pervez, Mr Kashif Ali and Mr Majid Lodhi.

IEEE has provided free access to more than forty five private sector libraries along with forty universities who have subscribed IEEE through HEC in order to promote research culture in Pakistan.

The event remained very successful and most of the students showed keen interest in IEEE databases and exploration of resources relevant to their studies and research.

Deputy Chief Librarian added that libraries are playing a key

role in promoting research activities in Pakistan through their HEC subscribed databases and digital libraries. It is the time that more and more researchers should get benefit from these resources in order to enhance reading and writing culture in Pakistan.

At the end of each session students participated in a quiz regarding IEEE. The quiz was launched by the publishers on special request of HEC keeping in view students' lack of awareness regarding valuable resources provided by most of the universities.

Col (R) Abid Mushtaq, Deputy Registrar TUF, presented University souvenir to trainer's team.

Col (Retd) Abid Mushtaq, Deputy Registrar Amin Campus presenting University souvenir to the guest speaker.

Retina Symposium

Department of Ophthalmology in collaboration with Ophthalmological Society of Pakistan organized 'Retina Symposium' at Madina Teaching Hospital on January 17, 2014.

The renowned Ophthalmologists from all over the country participated in this academic activity. Retinal experts Prof Dr Qasim Latif, Prof Dr Aamir Ali, Dr Zahid Siddiq, Dr Mehmood Hussain, Dr Basim Mubarak and others gave comprehensive talks on retinal diseases and treatment. According to experts, the diabetes causes serious damage to retina if not properly managed. Prof Qasim Latif discussed the changing trends in the management

of diabetic retinopathy. He was of the opinion that due to availability of latest drugs, one should not stick to older treatments, if the principles of treatment are not compromised. Similarly with the introduction of newer gadgets the monitoring of disease process has become very convenient.

Dr Zahid Siddiq shared his experience of management of dropped nucleus. He said that the dropped nucleus should be managed at a place where adequate vitreoretinal facilities are available.

Later, Dr Aamir Ali thanked all the audience.

Professional Competency Enhancement Program

Quality Enhancement Cell of The University of Faisalabad is working progressively to contribute in the development of knowledge base economy imagined by HEC. QEC is

fully devoted to achieve goals in this direction.

In continuation with Professional Competency Enhancement Program following training workshops were conducted.

A workshop on 'Research Methodology' was held in Saleem Campus on January 8, 2014. Associate Prof Dr Zahid Masood, UMDC gave comprehensive talk on the topic.

Workshop on 'Effective Communication' was held on January 11, 2014. Resource Person, Ms Kastryna Hurbik, Lecturer Management Studies delivered lecture on effective communication skills.

Faculty members from TUF and UMDC attended these training sessions.

Associate Prof Dr Zahid Masood and Ms Kastryna Hurbik giving talks during Professional Competency Enhancement Program

Workshop on “Lean Manufacturing Techniques in Apparel Industry”

As required by Pakistan Engineering Council (PEC), The School of Textile Engineering conducted Continuing Professional Development (CPD) workshop on the topic of “Lean manufacturing techniques in Apparel Industry” on January 2, 2014. Mr Zafar Javed, Associate Professor and Head of Garment Manufacturing Department, National Textile University Faisalabad, was the resource person.

The workshop was attended by personnel from the industry, teaching institutions in addition to senior students and faculty of School of Textile Engineering. Total number of participant was 94 including 47 persons from the industry (Masood Textile Mills Faisalabad, Combined Fabrics Lahore, and Sandal Cotton Lahore) and teaching institutions (NTU Faisalabad and UMT Lahore). Senior

managers from Masood Textile Mills appreciated the efforts of the School of Textile Engineering for organizing a highly technical workshop and suggested that the School should organize such workshops on regular basis.

Mr Zafar Javed, HOD Garment Manufacturing Department NTU Faisalabad with Prof Dr Abdul Majeed and other faculty members of TUF

Workshop on Web & Database Searching Skills & Establishing Digital Libraries

Library and Information Resource Centre of The University of Faisalabad organized a workshop on Web & Database Searching Skills and Establishing Digital Libraries on January 17, 2014, in order to facilitate the faculty and research staff of TUF.

Ms Sadia Noreen, Asst Librarian giving presentation on Web and Database Searching Skills

The program comprised of presentation on Web and Database Searching Skills by Ms Sadia Noreen, Asst Librarian TUF, followed by a hands on practical session by Ms Misbah Bashir, Deputy Librarian TUF, Ms Hajra Sultana, Asst Librarian TUF, and Ms Iqra Aftab, Asst Librarian TUF.

UMDC Students qualified for the final round of EBSO

Students of University Medical and Dental College participated enthusiastically in the first round of Elsevier's Basic Sciences Olympiad (EBSO) on January 18, 2014. EBSO is an internationally renowned event conducted yearly in order to enhance learning motivation in students of Basic Sciences.

It exhibited great enthusiasm from the students as around 120 students participated in the event. Ms Sabeeka Zahra, the Student Ambassador for Elsevier 2013-14 and a fresh graduate of UMDC, along with UMDC faculty members,

organized this event.

It is proudly announced that UMDC student Noor Fatima of 3rd Year MBBS has qualified for the final round of Elsevier Basic Sciences Olympiad 2014. She is one of the 20 contestants from Pakistan, India and Nepal. We wish her best of luck!

Prof Dr AG Rehan with other faculty members of UMDC visiting during first round of EBSO

Dental Care Camp

Madinah Foundation, in continuation of its philanthropic activities, maintains its support in providing education and health care facilities to underprivileged community. Dental Clinics of Madinah Teaching Hospital held free Dental Care Camp in 'Samana village' situated at Sargodha Road Faisalabad on March 6, 2014. The camp activities were actively organized by a team of expert dentists with BDS students of UMDC.

A sizeable number of patients, particularly little students of a local Government Primary School were screened, free

dental checkups and basic dental treatment was provided free of cost. Some patients with severe complexities were given appointments at Madinah Teaching Hospital for further treatment on coming days.

The service will help the community in educating and raising awareness on oral hygienic problems for better care of their health.

Dental Clinics, MTH will continue to provide this dental care facility on every Thursday and Monday in such underprivileged areas in the suburbs of Faisalabad district.

Dentists from MTH and BDS students of UMDC performing dental checkups of school children at free dental camp

Eye Camp

Department of Ophthalmology, Madinah Teaching Hospital, organized a 3-day free eye camp at MTH from 21st to 23rd February 2014. Free eye treatment was carried out by expert Ophthalmologists of MTH. More than 2100 patients were screened and provided eye check-up facilities through advance eye instruments while medicines were also provided to the patients free of cost. Approximately 300 patients were operated for cataract and implantation of intraocular lens.

Celebration of Corneal Day

Madinah Teaching Hospital has completed a remarkable journey of 20 years starting from a small setup name 'Madinah Medical Center' at Jhang Road Faisalabad to state of art 'Madinah Teaching Hospital' with 650 bedded tertiary care setup.

This hospital is a leading institution in corneal transplant surgeries in Faisalabad. To celebrate a memorable day with patients who had corneal grafting surgeries, the hospital administration alongwith the doctors of Ophthalmology department organized a ceremony on 7th March, 2014 where almost 350 corneal patients who had been operated at MTH previously, were formally invited to have eye checkups followed by a lunch.

It was a cheerful moment of unity and care with the patients who had suffered a lot. Patients were also interviewed regarding their feedback of treatment, surgery and results. They showed complete satisfaction and trust on our team

of Ophthalmologists, as they meet every end to ensure proper delivery of eye care. With the blessing of Allah Almighty, the dream of man with unfailing resolute and impeccable determination, our worthy Chairman BoG, Mian Muhammad Hanif comes true in the form of this institution.

International Women's Day

The University of Faisalabad celebrated International Women's Day on 8th March. The tribute was given to the "Female Janitorial Staff" who work very hard and are indeed integral part of the University. These women were honored and the students celebrated their strength and commitment.

An enthralling singing competition among the janitorial staff was held. The competition brought smiles and laughters on the faces of women who all day along work for their family. The winners and participants were awarded prizes. Moreover, the workers who are regular, efficient, senior-most were also awarded prizes. All workers were bestowed with the gift in the form of cash from students and Women Foundation.

A drama was presented by the students of 3rd and 4th year MBBS. The drama depicted the odds and obstacles women have to face when they step out of home to work. It catered the problems of women related to

different professions and social circles. The message of "Strength and Perseverance" was marvelously depicted by commendable acting of students.

Event was concluded with motivational and kind words of Ms Zahida Maqbool, Additional Registrar.

Team Based Learning in Pathology Department

Team based learning (TBL) in medical education has emerged over the past few years as an instructional strategy to enhance active learning and critical thinking. Literature strongly suggests that TBL fosters highly important skills in students including problem solving, team working and lifelong learning. Pathology department has been a strong advocate of self directed learning and has already adopted methods such as PBL and case based learning. This prompted Department of medical education to launch a pilot project on TBL in collaboration with

Pathology department involving 4th year MBBS students. The topic decided was haematology. Two sessions of TBL were conducted on 3rd March and 10th March. These sessions were conducted by Dr Mubashir Ahmad. The folder preparation which contained all the contents for sessions were prepared by Dr Khadija, Dr Tanzeela & helped by all the demonstrators in the department

MBBS students during the TBL session

The preparation of these sessions included a faculty development workshop and an orientation session for students. These preparatory sessions were organized by DME, UMDC and Pathology department. C1 and C3 level MCQs were developed by Pathology department and discussed in detail. The learning outcomes and the topics along with reference books and online resources were displayed on the notice board 10 days before the first session.

Orientation session for students was conducted by Dr Mubashir Ahmed and Dr Tanzeela Khalid along with the team of Pathology department. In this orientation the class was divided into 10 teams and a round table arrangement was done. This was followed by a mock TBL session to familiarize the students with the process. In the end feedback from the students was taken.

Pakistan Resolution Day

Cultural Society TUF observed Pakistan Resolution Day on March 21, 2014. A quiz competition was held by Master Mind Quiz Club participated by the students from different Schools. Students delivered speeches while students of Pharm-D presented a documentary in context of Pakistan Resolution. Students of Doctor of Nutrition & Dietetics (DND) stood first, MBBS 2nd while students of Pharm D remained 3rd in the Master-Mind Quiz competition. In the end chief guest Prof Dr Faqir Hussain Khan, Dean Faculty of Health Sciences gave away certificates to the winners. In Amin Campus the day was celebrated on 23rd March. Ceremony started with the hoisting of national flag,

singing of national anthem. Prof Malik Muhammad Aslam, Incharge Literary Society threw light on the importance of 23rd March in the history of Pakistan. An awareness walk was also organized at this occasion.

Declamation Contest by Character Building Society

Character Building Society of TUF organized a declamation contest on the topic of " Learning is a process of associations" on 29th January. The topic was designed in order to promote learning behavior in the students of the University.

Students from different Schools of TUF threw light on the words "Learning" and "Association". Students very rightly pointed out that learning is the gain of knowledge/ skill in the light of past experiences. Students who got first three positions were also given certificates as well as cash prizes. Prof Dr Khalil Ahmad, Chief Organizer, Character Building

Society in his address mentioned the rules of studying. He advised the students to associate their learning/memories with the existing known and unknown facts/examples. Mr Hamid Nawaz Sheikh, Controller of Examinations announced the results as under:

First prize	Nayab Paul	Food Engineering
Second prize	Mujtaba Zafar	Chemical Engineering
Third prize	Yasir Wazir	Textile Engineering

Prof Dr Abdul Karim Baloch and Prof Dr Khalil Ahmad giving away the cash prizes to the winners
