AL-QURAN

In the name of Allah, the Beneficent, the Merciful

To those whose hearts throb when name of Allah is mentioned and those who remain patient whatever befalls them and they establish Salaat (Muslim prayer) and spend out of what We (Allah) have provided them.

(Surah Al HAJJ - 35)

Saying of the Holy Prophet Hazrat Muhammad (Sallallahu Alaihi Wa Sallam)

Hazrat Abu Hurayrah (Razi Allah Ta'ala Anho) relates that the Holy Prophet Hazrat Muhammad (Sallallahu Alaihi Wa Sallam) said: "Allah will ask on the Day of Judgment: 'Where are those who loved each other for the sake of My glory? Today, on a day when there is no shade but mine, I shall shade them with My shade.'"

Sahih Muslim (2566)

A conceited and self-admiring person is disliked by others; charity and alms are the best remedy for ailments and calamities; one has to account in the next world for the deeds that he has done in this world.

Hazrat Ali (Karram Allah Wajhahu)

When you have got that light of knowledge by means of education and when you have made yourselves strong economically and industrially, then you have got to prepare yourselves for your defence - defence against external aggression and to maintain internal security.

Muhammad Ali Jinnah *(Rehmat-Ullah Alaih)*
(Presidential address at the conference of the Punjab Muslim Students Federation, March 2, 1941)

Federal Ombudsman of Pakistan visits TUF

Federal Ombudsman of Pakistan Mr Salman Farooqi visited The University of Faisalabad on July 15, 2016. While addressing the faculty members and students in Saleem Auditorium, Mr Salman Farooqi expressed that his office is trying to improve the conditions of prisoners, particularly women and children in jails. He mentioned his efforts to release the prisoners who had served their sentences but were not released due to nonpayment of their fine. His

office with the help of philanthropists made their freedom possible by paying their fines. He appreciated the generous contribution of Mian Muhammad Hanif, Chairman, Madinah Foundation in this regard. He said that Pakistanis are very generous and their humanitarian services are appreciated all over the world. Particularly the services of Madinah Foundation in this context are remarkable. He said that professional degree programs offered in The

Mr Salman Farooqi, Federal Ombudsman of Pakistan, Mian Muhammad Hanif, Chairman BoG, TUF and Prof Dr Abdul Majeed, Rector addressing the faculty members and students

University of Faisalabad are according to the advanced needs of the country. He stressed upon the fact that the female students after acquiring professional education should not confine themselves to domestic chores only; rather they should utilize their professional skills for the progress of their country.

Mian Muhammad Hanif, Chairman BOG, TUF appreciated the services of office of Federal Ombudsman for the betterment of underprivileged people. Prof Dr Abul Majeed, Rector of the University in his address briefed the audience about the academic achievements of TUF.

Later, Salman Farooqi also visited different departments of Madinah Teaching Hospital and presented flowers to the patients there.

TUF and ABE Launch “Collaborative Business Education Program”

The University of Faisalabad has launched “Collaborative Business Education Program” in collaboration with Association of Business Executives (ABE), UK.

Launching ceremony of this program was held in TUF on February 24, 2016. Mr Gareth Robinson, CEO, ABE was the Chief Guest. Ch Muhammad Nawaz, President, Faisalabad Chamber of Commerce & Industry, Mr Suhail Bin Rasheed, former President FCCI, Dr Habib Aslam Gaba, Chairman FCCI Standing Committee on Industry-academia linkages, Deans, Heads of departments and Professors from various Colleges and Universities of Faisalabad attended this informative session.

Prof Dr Abul Majeed, Rector, TUF in his welcome address briefed about the purpose and importance of launching

this collaborative program. He expressed that the idea behind this association with ABE is sharing knowledge, facilities, joint research programs and exchange of faculty and students at global level. The University of Faisalabad is the first university of Pakistan to launch this Collaborative Business Education Program.

Chief Guest, Mr Gareth Robinson in his address said that ABE is UK based professional body offering wide range of academic programs. Motto of ABE is “Education for All” and it has partnerships around the globe and has associations with various Universities in 88 countries. ABE is providing tools for learning skills and hands on practice to help the students for their career. Curriculum of all these job oriented courses in Pakistan will be provided by ABE and

Mr Gareth Robinson, CEO, ABE, Mr Usman Akram, Regional Director, ABE and Prof Dr Abul Majeed, Rector, TUF addressing the audience

approved by Higher Education Commission of Pakistan. Completion ABE courses will help the students to proceed to UK, Canada and other countries for higher education. Mr Usman Akram, Regional Director, ABE, in his address told

the audience that our qualifications give learners the skills they need to succeed and make a difference in the work place.

Mr Gareth Robinson, CEO, ABE, Prof Dr Abdul Majeed, Rector and Senior Management of TUF with faculty members and students of School of Management Studies

TUF Inks MoU with United Lincolnshire Hospitals NHS Trust, England

University Medical & Dental College, The University of Faisalabad represented by Prof Dr Abdul Majeed, Rector, TUF and Lincolnshire Clinical Research Facility, United Lincolnshire Hospitals NHS Trust, England represented by Dr Tanweer Ahmed, Director of Lincolnshire Clinical Research Facility entered into a Memorandum of Understanding (MoU) for scientific and educational cooperation between the two institutions. The ceremony was held in Health Sciences Campus of the University on October 22, 2016. This agreement will provide the opportunity for the exchange of staff, scholars, students, academic information and materials in the belief that the clinical research and education processes at both institutions would be enhanced and that mutual understanding between the respective staff, scholars and students would be increased by establishment of exchange programs.

Prof Dr Abdul Majeed and Dr Tanweer Ahmed exchange documents after signing agreement

MoU with National Textile University Faisalabad

The University of Faisalabad signed a Memorandum of Understanding with National Textile University (NTU), Faisalabad. Prof Dr Abdul Majeed, Rector TUF and Prof Dr Tanveer Hussain, Rector, NTU signed this agreement in Engineering Campus of TUF on August 2, 2016. The objective of this MoU is to collaborate between both universities in joint research activities, exchange of teaching faculty, exchange of undergraduate and graduate students and other joint academic activities.

Prof Dr Abdul Majeed shakes hand with Prof Dr Tanveer Hussain after signing MoU between TUF and NTU

National Conference on “Improvement of Community Health Services in Pakistan”

Two day “National Conference on Improvement of Community Health Services in Pakistan” focusing on “Delivery of Health Care Services at the door step of underprivileged community” jointly organized by TUF Directorate of ORIC, Department of Medical Education and Department of Community Medicine on May 11-12, 2016 at Health Sciences Campus, TUF.

The primary aim of the conference was to motivate Medical Community and Allied Health Professionals to come forward with missionary zeal for delivery of health care

services at the doorstep of underprivileged community and to make collective efforts for fulfilling this vital social and religious responsibility together with the collaboration of government and private sector.

In opening session Maj Gen (R) Prof Dr Muhammad Aslam, Vice Chancellor, University of Health Sciences, Lahore was the chief guest. Speaking to the audiences he said “I believe that outcome of the conference would pave the pathway for providing medical relief to the underprivileged community”.

Prof Dr Khalid Masood Gondal, Prof Dr AG Rehan, Muhammad Haider Amin, Maj Gen (R) Prof Dr Muhammad Aslam, Prof Dr Abdul Majeed, Prof Dr Javed Akram and Prof Dr Eice Muhammad present in the conference

Prof Dr AG Rehan, Principal, UMDc welcomed the guests while Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences, TUF gave introduction to the theme of conference. Prof Dr Abdul Majeed Rector, TUF in

his address gave an overview of the Community Services rendered by Madinah Foundation. Muhammad Haider Amin, Trustee Madinah Foundation also addressed the audience.

Maj Gen (R) Prof Dr Muhammad Aslam, Prof Dr Khalid Masood Gondal, Prof Prof Dr Abdul Majeed, Prof Dr Javed Akram, Prof Dr Eice Muhammad, Prof Dr AG Rehan, Prof Dr Muhammad Saeed, Prof Dr Abdul Haq and Muhammad Haider Amin addressing the audience during the Conference

Later, Prof Dr Eice Muhammad, Ex-Principal, Allama Iqbal Medical College Lahore, Prof Dr Javed Akram , VC, SZAB Medical University, Islamabad, Prof Dr Khalid Masood Gondal, Senior Vice President, CPSP, Prof Dr AlFareed Zafar, Principal, Punjab Medical College, Prof Dr Atifa Shoaib, Professor of Hematology, Rawalpindi Medical College, Prof Dr Ahmed Bilal, HoD Medicine, Punjab Medical College, Faisalabad, Prof Dr Khurram Sohail Raja, Department of Forensic Medicine, Punjab Medical College, Prof Dr Muhammad Asghar Butt, Regional Director, CPSP Faisalabad, Prof Dr Muhammad Sultan, HoD,

Ophthalmology, Punjab Medical College, Prof Dr Aamir Ali Choudhry, HoD, Ophthalmology, UMDC, Prof Dr Zahid Masood Khan, HoD, Community Medicine, UMDC, Prof Dr Khalid Mehmoood Yahya, HoD, Medicine, UMDC, Prof Dr Mian Farrukh Imran, Vice Principal, Dental Section, UMDC, Dr Shahid Ahmed Heera, Chief Coordinator School of Rehabilitation Sciences, TUF and Mrs Kalsoom Rani, Chief Coordinator School of Optometry, TUF gave comprehensive presentations on different topics related to Improvement of Community Health Services in Pakistan.

Guests are being awarded Souvenirs

On 12th May, in the concluding session of the conference guest speakers Prof Dr Faqir Muhammad Anjum (SI), Director, Institute of Home and Food Sciences, G C University Faisalabad, Prof Dr Saqib Shafee, HoD, Cardiology, King Edward Medical University, Lahore, Dr Amir Hussain Bandesha, Department of Medicine, Services

Institute of Medical Sciences, Lahore, Prof Dr Muhammad Sultan, HoD, Ophthalmology, Allied Hospital, Prof Dr Hina Aysha, Professor of Paediatric Medicine, Punjab Medical College and others addressed the audience. A Student of UMDC also presented a documentary on Health Service Needs of the Underprivileged Community.

Maj Gen (R) Prof Dr Muhammad Aslam, VC, UHS with Prof Dr Khalid Masood Gondal, Senior Vice President, CPSP and other participants of the Conference

The recommendations were developed in the light of opinions of honorable speakers and participants. These recommendations were presented by Prof Dr Abdul Haque, Director ORIC, TUF.

The key elements of recommendations of conference include:

- Coordination with other organizations working in this field is essential to get a cumulative data base.
- Pooling of resources among various organizations working for the health care of the poor community.
- The change of attitude of medical community is the need of the time.
- More efforts are to be diverted towards prevention rather than treatment.

- More political will and continuation of policies is needed for implementation of plans.
- The responsibilities of federal and provisional government should be clearly defined and coordinated.
- The medical procedure should be standardized and regularized.
- Breast feeding should be advocated with full force as it is most important single preventive measure for pediatric problems.
- Capacity building of health service providers.

The experts from all over the country appreciated the efforts of The University of Faisalabad for organizing this useful conference.

Group photos of the participants of the conference

International Workshop on “Fetomaternal Medicine”

University Medical & Dental College organized an International Workshop on “Fetomaternal Medicine” in collaboration with Central Park Medical College, Lahore on January 9, 2016.

Dr Gerald Mason from UK, delivered lecture on “Common CNS Anomalies and their significance”, “Recent advances in international procedures” and “Non Invasive Parental Testing through Free Cell DNA”.

Prof Dr Yasmin Rashid gave presentations on “Introduction to Fetal Medicine” and “Management of RH Incompatibility”. Dr Imran Waheed delivered lecture on “Structural Abnormalities in Fetus” while Dr Hussain Jafri gave a talk on “Genetic Counseling, a necessity in the prevention of genetic disorders” and “Punjab Thalessemia Prevention Program”. Later, demonstrations of interventional procedures were also given to the participants by the experts.

Honouring Academic Achievements

Founder's Day Celebrations

The University of Faisalabad strongly emphasizes the training and development of its students. A combination of compassionate teachers, learning environment and state of the art facilities enables a young mind to grasp the concepts within a short time. This practice helps them to excel in their respective fields. TUF and UMDC motivate the students using provision of scholarships as a tool. On the occasion of Founder's Day Celebrations on March 16, 2016, Annual Prize Distribution Ceremony was held for students of UMDC.

Prof Dr Abdul Majeed, Rector TUF, Prof Dr Muhammad Saeed, Dean Faculty of Medicine and Allied Health Sciences, Prof Dr A G Rehan, Principal University Medical and Dental College and Dr Mian Farrukh Imran , Vice Principal Dental Section UMDC graced the occasion. MBBS and BDS students were awarded scholarships for obtaining 1st, 2nd and 3rd positions in professional exams. Honourable Qaris from Egypt; Fazilah Al-Shiekh Qari Aadil Albaaz, Fazilah Al-Shiekh Mahmood Yousaf Aqal and Fazilah Al-Shiekh Qari Jamal Alsyed Hasnain Khalid were guests of honour.

Scholarship holders with management and faculty of UMDC

Pharmaceutical Innovations

School of Pharmacy, TUF organized a seminar on "Pharmaceutical Innovations, an approach by students to bring innovations in the field of Pharmaceutical Manufacturing" on April 28, 2016 in Health Sciences Campus. Guest speakers Dr Ahsan Zamir Siddiqi, Plant Manager, Mr Ghulam Hussain, Senior Production Manager and Mr Moeed A Solangi, Senior Officer R&D from Safron Pharmaceuticals (Pvt) Ltd, Dr Abdul Aleem Manum, Production Manager, Vintage Pharmaceuticals, Mr Ghulam Murtaza, Plant Manager, Axis Pharmaceuticals, Dr Shahbaz Ahmad, Director and Dr Muzammil, Deputy Director, Drug

Testing Laboratories, Faisalabad were the guest speakers. They expressed their views about the role and importance of pharmacists in the field of health and other related walks of life. These emerging talented pharmacists of TUF developed new pharmaceutical products as it is the duty of pharmacist to contribute to research. The guests visited stalls arranged by the students. These stalls were exceptional showcase of newly developed pharmaceutical products with new marketing strategies, all planned and managed by the students.

Guests visit the stalls organized by young pharmacists of TUF

Emerging Diseases and Pakistan

Department of Community Medicine, UMDC organized an awareness seminar on "Emerging Diseases and Pakistan" on February 11, 2016. Speaking on the occasion, Prof Dr Zahid Masood, HoD, Community Medicine said "Although Zika virus case has not been reported in Pakistan yet, a threat remains there". Transmission of Zika virus infection is through same mosquito which was responsible for transmission of dengue fever in Pakistan, Dr Zahid added. Environment was conducive in Pakistan for Zika virus infection and only virus was missing. He stressed on integrated vector management approach through community participation to avert any outbreak.

Professor Masood elaborated that Zika infection is linked to abnormal babies born to mothers having Zika infection

during pregnancy. However a lot more research was needed to establish this relationship. High frequency of micro cephalic babies (small headed) was reported in Brazil in 2015. It remains a potential threat for Asia as well. WHO has already declared Zika virus infection as a Global Emergency. Dr Masood highlighted significance of prevention against seasonal flu (H1N1) and (H5N1) swine flu. Dr Uzma Sagheer spoke on the magnitude of problem with Influenza and Zika virus infection. Ms Ariha, MBBS student also spoke on the occasion.

Professor Dr Muhammad Saeed, Dean Faculty of Medical and Allied Health Sciences stressed the need for educating the community to combat the menace of Swine Flu and Zika virus.

Prof Dr Muhammad Saeed, Prof Dr Zahid Masood and others speaking to the audience

Writing An Article That Gets Published

Quality Enhancement Cell (QEC) & TUF Libraries jointly invited Mr Rafiq Awan, Director Research & Chief Librarian, UMT – Lahore, to conduct a workshop on "Writing an Article That Gets Published".

The guest speaker stressed that most of our researchers do write research articles but they fail to get them published in Impact Factor Journals. All the Research journals, with little variation, have set well defined parameters to get the article published and our researchers usually neglect these boundaries. The presenter emphasized on every aspect of the Research Article and even minutest details that fetch a publication. The faculty and the research scholars from local Universities and The University of Faisalabad appreciated the efforts of the Quality Enhancement Cell (QEC), Mr. Rafiq Awan and hoped that such events would be instrumental in ensuring research endeavors to culminate in publication.

Mr Rafiq Awan, Director Research, UMT giving talk on research article writing

Seminar on “Communication Skills”

A seminar was arranged by Students Welfare Foundation Society (SWF). Mr. Tayyeb Riaz from Management studies department along with Mr. Harris Qureshi and other members of the team presented a comprehensive analysis of the requirements of the modern working environment. The theme regards “Communication Skills” was driven home

with the help of documentaries and practical activities. Prof Dr Khalil Ahmed, head of SWF society, also addressed the participants and shared his valuable experiences which could help the students in advancement of their careers. Students from all disciplines attended the seminar and appreciated the efforts made by the SWF society.

Prof Dr Khalil Ahmad, Mr Saleem A Kayani and Mr Tayyab Riaz speaking to the audience

Seminar “Punjab Environmental Protection Act, 1997 (Amended in 2012) and Sustainable Development”

Professor Dr A R Saleemi delivered a comprehensive lecture on “Punjab Environmental Protection Act, 1997 (Amended in 2012) and Sustainable Development” in TUF on January 20, 2016. Dr A R Saleemi did BSc in Chemical Engineering from UET Lahore, MSC in Environmental Technology from Asian Institute of Technology Bangkok and PhD in Chemical Engineering from University of New Castle Australia. Presently Dr Saleemi is appointed as a member of Technical Punjab Environmental Tribunal. In his detailed discussion he covered environmental crimes,

structural overview of The Punjab Government Protection Act 1997 (Amended in 2012), sustainable development, effective enforcement and assessment tools and the problems/difficulties incurred in enforcement of this Act. This Act is a fine initiative by the Punjab Government and Dr Saleemi is an ambassador in spreading this valuable information. He stressed that engineers today are not only responsible for developing new engineering projects, they need to ensure that the project is environment friendly as well.

Prof Dr A R Saleemi and Prof Dr Muhammad Jamil sharing their views on Punjab Environmental Protection Act

Seminar “Practical aspects of duties and responsibilities of working as Drug Inspector”

Pharmacist plays an important role in regulations of drugs and prominently drug inspectors are playing a key role in this regard. The first ever seminar on practical aspects of role and responsibilities of working as drug inspector was organized by School of Pharmacy TUF on January 27, 2016.

Chief guest of the event Prof Dr Faqir Hussain, Dean Faculty of Pharmaceutical Sciences told about the objectives of the

seminar.

Guest speaker, Mr Shahbaz Farooq, Drug Controller/Inspector, Lyallpur /Jinnah Town Faisalabad in his lecture briefed the audience about the duties and responsibilities of working as Drug Inspector.

The event was very informative and useful for the students of School of Pharmaceutical Sciences.

Prof Dr Faqir Hussain and Mr Shahbaz Farooq speaking to the audience

Seminar “Qualitative Research in Education”

A seminar on Qualitative Research in Education was organized by Department of Community Medicine UMDC on March 21, 2016. Dr Tehmina N Basit from Staffordshire University, UK was the guest speaker. She gave a comprehensive lecture on the importance of Qualitative

Research Methods in Education followed by an interactive session with the audience. Prof Dr Abdu Majeed, Rector and Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences shared their views on the importance of qualitative research in the Universities.

Dr Tehmina N Basit, Prof Dr Abdul Majeed, Prof Dr Muhammad Saeed and Dr Sumera expressing their views

Management of Breast Cancer

Awareness seminar on “Management of Breast Cancer - An Update” was organized by Department of Community Medicine UMDC on March 21, 2016. Prof Dr Abdul Basit from Keels University Hospital, UK graced the event with his presence as guest speaker. He threw light on symptoms,

preventions and cure of the disease followed by a question answer session actively participated by students and faculty members. Prof Dr AG Rehan, Principal UMDC in his address threw light on importance of creating awareness among masses about breast cancer.

Prof Dr Abdul Basit, Prof Dr AG Rehan, Prof Dr Zahid Masood and others speaking to the audience

Workshop on “DermatoPathology”

Skin is the largest organ of body. It manifests number of systemic diseases along with variety of its own. The first ever DermatoPathology workshop in Faisalabad was jointly organized by the Departments of Pathology and Dermatology, UMDC on January 26, 2016. The objective of this workshop was to enhance the microscopic diagnostic learning of skin lesions. This academic activity was facilitated by Professor Dr Anwar-ul-Haq, HoD, Pathology from AJ&K Medical College Muzzafarabad and Prof Dr Sadia Hameed HoD, Pathology UMDC.

About 30 participants, including consultant pathologists, dermatologists and post graduate residents of both

disciplines from different medical institutes of Faisalabad and Lahore took part in this auspicious activity. It started with welcome remarks and introduction of the worthy guest by Prof Dr Sadia Hameed. The participants went through 57 cases with an opportunity of hands on training, followed by description of each case by the moderator, Prof Dr Anwar-ul-Haq. It was an interesting activity and participants' queries were addressed in elaborative and simplified manner. The activity ended with “Vote of Thanks” by Prof Dr Muhammad Saeed, Dean Faculty of Medicine and Allied Health Sciences, TUF. The participants were awarded certificates for 3 hours CME activity.

Prof Dr Muhammad Saeed presenting University memento to Prof Dr Anwar-ul-Haq

Participants of workshop with Prof Dr Anwar-ul-Haq and Prof Dr Sadia Hameed

PAD CME Activity

The Department of Dermatology, UMDC organized a PAD CME Activity, in collaboration with Pakistan Association of Dermatologists on March 26, 2016. Leading Dermatologists from different parts of the country gave comprehensive talks on several dermatological/skin diseases. Prof Dr Azam Bukhari, Head of Dermatology Department, Shalimar Hospital Lahore, Col (Retd) Dr Asher Ahmad Mashhood, Consultant Dermatologist CMH Peshawar and Prof Dr Ijaz

Hussain, Head of Dermatology Department, King Edward Medical University were among the key speakers. The seminar was highly informative and was heavily attended by dermatologists and other doctors not only from Faisalabad but also from Islamabad, Lahore, Jhang, Sargodha, Toba Tek Singh and other cities. Prof Dr Abdul Majeed, Rector and Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences also graced the occasion.

Group photo of the Participants

Seminar on “Cloud Computing - An Overview”

An information seminar on “Cloud Computing – an Overview” was organized by QEC under the auspices of Faculty Competency Enhancement program in Engineering Campus of TUF on April 5, 2016.

Major (R) Muhammad Saeed, Head, School of Computational Sciences gave a comprehensive lecture on the topic. Detail working of the cloud computing and cloud storage was given

to the audience. He gave the theoretical background and processing of cloud and then he created a cloud processing computer in real time. In his lecture he covered different aspects of cloud computing such as benefits, types, level, security, implementation and datacenters. Participants were keen to learn new technologies and asked many questions at the end of the session.

Major (R) Muhammad Saeed speaking to the participants of the seminar

Seminar “Learning & Personality Development”

A seminar on “Learning and Personality Development” was organized by Student Welfare Society TUF on March 4, 2016. Mr Saleem Kayani, Director Press and Publication was the chief guest. Prof Dr Khalil Ahmad in his key note address said that learning is a continuous process as a result of which the personality develops. Youngsters should focus on initiatives which can help them improve their personalities and make

their mark in the society. He stressed upon the students to utilize their energies to the full in order to compete in the current day competitive environment. Mr Hamid Nawaz Sheikh, Controller Examination and Mr Muhammad Arif from School of Civil Engineering also addressed the audience. The event provided a lot of food for thought and generated inspiration amongst the students.

Mr Saleem Akhtar Kayani, Prof Dr Khalil Ahmad and others expressing their views on Learning and Personality Development

Interactive session on “Contemporary Challenges of Recruitment”

School of Management Studies TUF organized an interactive session on “Contemporary Challenges of Recruitment” on April 6, 2016 in Health Sciences Campus. Mr Naushad Zia Senior HR Manager, MTM and Mr Ashfaq Ahmed MD Maxaxis and a diversified trainer in the domain of Business & Management Practices were the guest speakers. Both enlightened the visionary aspects of Recruitment Practices

of industry and envisioned the encounter treatments of handling the interviews, to the students. Coordinator Ms Nadia Shamim and Course Mentor Ms Huma Fahad endorsed the importance of the subject. Chief guest Prof Dr Abdul Majeed Rector TUF concluded the session with his thought provoking views.

Prof Dr Abdul Majeed, Mr Naushad Zia, Mr Ashfaq Ahmed and others speaking to the students of Management Studies

Training workshop on “KOHA, Open Source Library Software”

Lyallpur Library Association (LLA) organized a one day training workshop on “KOHA (Open Source Library Software)” in collaboration with The University of Faisalabad and Pakistan Scientific and Technological Information Center (PASTIC) on April 16, 2016 at TUF IT lab. After the welcome address by Dean Faculty of Medicine and Allied Health

Sciences Prof Dr Muhammad Saeed, Librarian TUF Ms Misbah Bashir trained the participants about the installation, usage and membership of KOHA software. At the end, Chief Guest, Rector TUF Prof Dr Abdul Majeed awarded certificates to the participants of workshop.

Group photo of participants of the workshop

Continuing Professional Development Program

A CPD course on the process design and simulation was conducted on August 16, 2016 under auspices of the School of Chemical Engineering, TUF. The chief guest was Dr Mahmood Saleem Professor of Chemical Engineering from the University of Punjab Lahore.. He explained that simulation is used for the design development, analysis and

optimization of the technical processes such as: Chemical Plant, Chemical Processes, Environmental Systems, Power Stations, Complex Manufacturing Operations, Biological Processes, and similar technical functions .Participants from NFC Faisalabad, UET Faisalabad and other universities also participated in the this course.

Prof Dr Mahmood Saleem and Prof Dr Muhammad Jamil with participants of the course

Right to Sight

School of Optometry organized a four day event "Right to Sight" at Health Sciences Campus. On the closing day, October 28, 2016, renowned Ophthalmologist, Dr Qaisar Hanif Sheikh was the chief guest. Prof Dr Aamir Ali Chaudhry, Head, School of Optometry, Dr Basim Mubarik from Madinah Teaching Hospital and Ms Kalsoom Rani, Coordinator School of Optometry were also present on the occasion. Students of Optometry gave presentations on "Contrast Sensitivity" and on the data they collected from three day screening camp held in the Campus. Students took part in model competition

and displayed different models depicting various aspects regarding visual health. On the occasion, Students of Doctor of Optometry also presented a skit on "Right to Sight". Speaking to the students Dr Qaisar Hanif threw light on the role and scope of the optometrists. 'Ophthalmologists and Optometrists go hand in hand, in diagnosis, treatment and prevention of diseases of the eye and visual system, he elaborated. Chief Guest appreciated the efforts of the students of Optometry for organizing this event and distributed trophies to model competition winners.

Firstly Dr Zahid Masood HoD Community Medicine gave an introductory lecture on road safety measures. Mr Javed Iqbal In charge Mobile Emergency Unit gave a detailed presentation on the road side accidents. In his presentation he thoroughly discussed the safety measures that can save a human life. He stressed that one should be visible on the road and use zebra crossing while crossing the road. In his presentation he shared some of the terrible life risking facts. In the entire

Students visiting the stalls setup by NH & MP

road side accidents 84% loss is because of human faults while other remaining factors are 16 %.According to a report approximately 12000 persons are killed in road accidents annually in Pakistan. After that Mr Masroor Alam Kolachi, PSP SSP/Sector Commander M-2 (South) & M-3/M-4 said that our main purpose to conduct this seminar is to spread awareness among the masses about traffic rules and regulations. He said that educated women can guide their family members in a

better way for the avoidance of road side emergencies. There was also a question answer session in which students asked different question regarding to road side safety. The Chief Guest of the event Prof Dr Abdul Majeed Rector TUF Thanked the honourable guests for arranging such a useful seminar. He urged that nations are recognized by road disciplines and we must observe road rules.

Mr Masroor Alam Kolachi, Prof Dr Abdul Majeed, Prof Dr Zahid Masood and others addressing the audience

World Cancer Day

World Cancer Day is an occasion to unite the world together in the fight against the disease by raising awareness, educating the public about risk factors and disease prognosis. Department of Pathology UMDC Faisalabad has been observing this day for last 9years in forms of chart competition, models exhibition and awareness lectures by the guest speakers of the event. This time Department of Pathology organized world cancer day on 25th Jan 2016 with assistance of 3rd year MBBS and 2nd Year BDS who put their efforts by preparing skit and PowerPoint presentations.

Prof Dr Sadia Hameed introduced, guest speaker Professor Dr Anwar-Ul-Haque, Head, Department of Pathology AJ&K Medical College, Muzaffarabad. He graced the occasion by his intellectual and informative lecture regarding the primary causes, epidemiology, invasion, spread and treatments options for different types of cancers. Prof Dr AG Rehan concluded the event. It ended with certificate distribution to the guest speaker and the students by the Principal Prof Dr AG Rehan and Additional Registrar, TUF, Ms Zahida Maqbool.

Prof Dr Anwar-Ul-Haque, Prof Dr AG Rehan, Prof Dr Sadia Hameed and others addressing the seminar

Head Injury Awareness Day

March 20 is observed as "World Head Injury Awareness Day" under WHO. In this context, University Medical & Dental College organized a seminar to create awareness amongst the youth. The event was presided by Prof Dr A G Rehan, Principal UMDC / Head Department of Surgery, Madinah Teaching Hospital, while Dr Akmal Hussain, Neuro surgeon, Allied Hospital Faisalabad was the guest speaker. Dr Akmal Hussain expressed that Pakistan has high road accident rate and due to the lack of awareness of road safety measures and inadequate medical facilities particularly in rural areas, Pakistan is facing highest average of Trauma. They said that according to a report by WHO, road traffic accidents kill at least 5000 and injure 12,000 persons in Pakistan every year. The experts stressed the need of fastening the seat belts

while driving and use of helmet during the biking. They suggested that by adopting the safety measures these fatal head injures can be avoided.

Prof Dr AG Rehan, Prof Dr Akmal Hussain and Dr Saira Saleem sharing their views regarding Head Injury Awareness

Seminar on “World Leprosy Day”

Leprosy day was observed on 1st February, 2016 by Department of Dermatology, UMDC. Leprosy day is observed annually worldwide on the last Sunday of January with the objective of increasing public awareness about the disease. This year at UMDC, it was a student led seminar in which students of 3rd year MBBS and 2nd year BDS participated actively. Third year MBBS students delivered informative presentations highlighting salient features of the disease, its management and social aspects. Emphasis was on educating

doctors to diagnose a leprosy patient at the early stages of the disease, thereby preventing disease complications. Second year BDS students presented skits to throw light on the social stigma that leprosy is associated with. One of the skits was dedicated to Dr Ruth Pfau, the founder of an NGO that has been helping leprosy patients in Pakistan for more than 50 years. A poem was presented by one of the students highlighting the misery and loneliness experienced by the patients suffering from Leprosy.

Student participants with Prof Dr AG Rehan, Prof Dr Tanzeela Khalid and other faculty members
