## AL-QURAN

In the name of Allah, the Beneficent, the Merciful

Surely Allah has conferred favour on the believers that He sent a Rasool (Messenger of Allah) from amongst them who recites to them His Verses and purifies them and teaches them the Book and the wisdom. And previous to that they were clearly in error.

*(Al-e-Imran -164)*

### Saying of the Holy Prophet Hazrat Muhammad (Sallallahu Alaihi Wa Sallam)

"When it is the 15th night of Shabaan, do Qiyaam in the night, and fast in the morning, and ask for forgiveness. Because on that night Allah calls: 'Is there anyone who is asking for forgiveness so that I can forgive them, who is in distress that I may relieve his distress, is there anyone who needs (rizq) food that I may give it to him.' And this continues till the morning."

*(Ibn Majah Chapter Salaah)*

Whoever keeps company with those who have knowledge is respected, and whoever keeps company with those who are debased is despised.

*Hazrat Ali (Karram Allah Wajhahu)*

"Pakistan is proud of her youth, particularly the students who have always been in the forefront in the hour of trial and need. You are the nation's leaders of tomorrow and you must fully equip yourself by discipline, education and training for the arduous task lying ahead of you. You should realise the magnitude of your responsibility and be ready to bear it."

Muhammad Ali Jinnah *(Rehmat-Ullah Alaih)*  
Message to Punjab Muslim Students Federation at Lahore on  
October 31, 1947

# National Conference on “Medical Education, Training and Clinical Practices in Pakistan; Bridging the gaps in National and International Standards”

Directorate of ORIC (HEC), The University of Faisalabad in collaboration with Department of Medical Education, University Medical & Dental College organized the National Conference on “Medical Education, Training and Clinical Practices in Pakistan; Bridging the gaps in National and International Standards” in Health Sciences Campus of TUF on April 12, 2017.

The aim of the conference was to provide a forum of discussion on the present state of affairs in medical education, training and clinical practice. It provided an opportunity for development of strategies to upgrade our present system of medical education and clinical practices with the objective of bringing it at par with developed countries of the world.

*Prof Dr Junaid Sarfraz Khan, VC, UHS expressing his views*

In inaugural session Prof Dr Junaid Sarfraz Khan Vice Chancellor, University of Health Sciences, Lahore was the chief guest. Speaking to the audience he said “contrary to the general perception of development, use of latest diagnostic and therapeutic technologies is not the only distinguishing feature in any modern medical set up. Rather a holistic approach encompassing all necessary modifications in

medical teaching, training and clinical practice is required. He said, “We need more doctors and health professionals in the country who can serve in rural and remote areas”. ‘I hope this conference will contribute in the development of a standardized system of medical education training and clinical practices in Pakistan’ he added.

*Prof Dr Junaid Sarfraz, Prof Dr Sardar Muhammad Alfareed Zafar, Prof Dr Khalid Masood Gondal, Prof Dr Abdul Majeed, Prof Dr Muhammad Saeed, Prof Dr AG Rehan and others address the audience.*

Prof Dr Abdul Majeed, Rector TUF, Prof Dr AG Rehan, Principal UMDC, Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences also addressed the audience.

In scientific sessions, Prof Dr Javed Akram, Vice Chancellor, SZAB Medical University, Islamabad, Prof Dr Khalid Masood Gondal, Senior Vice President, CPSP, Karachi, Prof Dr Sajid Sheikh, Head/Professor of Surgery Department, Punjab Medical College, Faisalabad, Dr Aisha Sajid,

Head of Paediatric Department, UMDC, Faisalabad, Prof Dr Rashida Ahmed, Department of Pathology & Lab Medicine, Aga Khan University, Karachi, Prof Dr Idrees Anwar, Head of Surgery Department, Rawalpindi Medical College, Rawalpindi, Prof Dr Aamir Ali Chaudhary, Head of Ophthalmology Department, UMDC, Faisalabad, Prof Dr Javed Iqbal, Head of Paediatric Orthopedic Surgery Department, Children Hospital Complex, Lahore

Prof Dr Saadia Khan, Head of Gynecology & Obstetrics Department, UMDC, Prof Dr Muhammad Asghar Butt, Head

*Prof Dr Abdul Majeed gives away conference souvenir to Prof Dr Junaid Sarfraz Khan*

of Paediatric Medicine, PMC Faisalabad and Regional Director CPSP/Dean, Children Hospital Faisalabad, Dr Mubashra Naz, Associate Professor of Gynecology & Obstetrics, UMDC, Faisalabad, Dr Shirza Nadeem, Assistant Professor of Forensic Medicine, UMDC, Prof Dr Anjum Jalal, Head of Cardiac Surgery, Faisalabad Institute of Cardiology, Faisalabad, Prof Dr Khalid Mahmood Yahya, Head of Medicine Department, UMDC, Faisalabad, Prof Dr Farrukh Imran, Acting Principal, Dental Section, UMDC, Dr Haider Darain, Head of Physical Therapy, Khyber Medical University, Peshawar, Prof Dr Muhammad Akram Malik, Head of Urology Department, UMDC, Prof Dr Javed Iqbal, Professor of Surgery, PMC, Faisalabad, Dr Hina Ayesha, Professor of Paediatric Department, PMC, Dr Asma Naseer Cheema, Associate Professor of Pathology, UMDC, Prof Dr Tanzeela Khalid, Head of Medical Education Department, UMDC addressed the audience.

*Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences and Muhammad Haider Amin, Trustee Madinah Foundation give away conference souvenirs to Prof Dr Sardar Muhammad Alfereed Zafar, Prof Dr Khalid Masood Gondal, Prof Dr Javed Akram and Prof Dr Rashida Ahmed*

In concluding session Prof Dr Sardar Muhammad Alfereed Zafar, Principal, Punjab Medical College, Faisalabad was the chief guest.

The galaxy of top ranking experts in all relevant fields participated in the conference and proposed unanimously issues of medical education and medical profession.

Following recommendation were made in concluding session of the conference:

- There should be more coordination within the country with institutions having better status

- Coordination with the institutions other than the ones in Pakistan in active progress
- Revision of curriculum according to changing needs and meet international standards
- Young doctors and teachers should be sent to abroad for higher studies
- Brain drain should be minimized
- More incentive should be given to expatriate
- More encouragement should be given to private sector
- Medical graduates should be made more familiar with e-education.

## TUF signs MoU with University of The Gambia

The University of Faisalabad signed a Memorandum of Understanding with University of the Gambia, Islamic Republic of Gambia to promote scientific and educational cooperation. The MoU signing ceremony was held in Health Sciences Campus of TUF on March 11, 2017.

The agreement was signed by Prof Dr Faqir Muhammad Anjum (TI), Vice Chancellor, University of the Gambia and Prof Dr Abdul Majeed, Rector, TUF. Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences,

Mr Hamid Nawaz Sheikh, Controller Examination and Ms Zahida Maqbool, Additional Registrar were also present on the occasion. Both the Heads welcomed the opportunity for the exchange of staff and students, joint research projects, supervision & co-supervision of postgraduate students in relevant fields, collaboration and participation in joint degree programs at the Masters and PhD levels in the belief that the research and education process at both universities would be enhanced.

*Prof Dr Faqir Muhammad Anjum (TI), Vice Chancellor, University of the Gambia and Prof Dr Abdul Majeed, Rector, TUF exchange documents after signing MoU*

## CPD Seminar by School of Chemical Engineering

One day CPD seminar was organized by School of Chemical Engineering on January 18, 2017. Prof Dr Saeed Gul, Director ORIC, UET Peshawar, Prof Dr Muhammad Younas, Chairman Chemical Engineering Department, UET Peshawar and Prof Dr Suleman Tahir, Dean Faculty of Engineering & Technology University of Gujrat were the guest speakers. Prof Dr Saeed Gul gave a comprehensive talk on the basic knowledge of membranes, their types and their uses in various fields of medicine, industry and environment. He specifically described the use of membrane for concentrating sugar and fruit juices. Dr Muhammad Younas, in his lecture focused on the role of a Chemical Engineer in the designing of processes for sustainable development, socio-economic project and on membrane a way forwarded toward sustainable

development in Chemical Engineering. Dr Suleman Tahir spoke on the use of Thar coal in the slurry form for combustion to produce energy without mining it. Prof Dr Muhammad Jamil, Head School of Chemical engineering also addressed the audience.

*Prof Dr Muhammad Younas, Prof Dr Suleman Tahir, Prof Dr Saeed Gul and Prof Dr Muhammad Jameel share their views*

## Seminar “Qisas and Diyat Act”

A seminar “Qisas and Diyat Act” was organized by Department of Forensic Medicine and Toxicology, UMDC at Health Sciences Campus on February 9, 2017. Seminar was presided over by Prof Dr Haji Muhammad Aslam, Head of Department. Prof Dr Muhammad Saeed, Dean Faculty of Medicine and allied Health Sciences was the chief guest.

An interactive and very informative lecture was delivered by the guest speaker Prof Dr Ahmad Saeed, Head Department of Forensic Medicine, Punjab Medical College Faisalabad. Senior faculty members from Aziz Fatima Medical & Dental College and faculty members and students of UMDC attended the session.

*Students perform in a skit*

*Prof Dr Ahmad Saeed delivers talk on Qisas and Diyat*

*Prof Dr Haji Muhammad Aslam presents memento to Prof Dr Ahmad Saeed*

## Workshop “Qualitative Research Methods”

A workshop on “Qualitative Research Methods” under the umbrella of ORIC was arranged on January 14, 2017 in Health Sciences Campus. Dr Ayesha Rashid, Head, School of Pharmacy was the facilitator of the workshop. It was presided by Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences and attended by Heads of various Schools/Department of TUF and UMDC.

The objective of the session was to bring together research scholars, faculty members and those associated with research to deliver understanding of right approach towards research design and methods. In their comments Prof Dr Muhammad Saeed and Prof Dr Abdul Haque, Director ORIC appreciated the facilitator for her outstanding efforts.

*Dr Ayesha Rashid delivers talk on research methods*

## Workshop “Becoming Critically Effective Teacher”

As preparing healthcare professionals for teaching is regarded as essential to enhancing teaching effectiveness, Department of Medical Education, UMDC conducted a workshop on “Becoming Critically Effective Teacher” on February 11 2017. Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences, TUF in his lecture elaborated the topic in a comprehensive way. The session helped the participants to improve the ways in which they approached, designed and delivered their teaching sessions while also provided tips on how to deal with difficult learners. The workshop attended by faculty members from various Departments and Schools of UMDC and TUF.

*Prof Dr Muhammad Saeed shares his experience as an effective teacher*

## Workshop “Professional Ethics in Teaching”

A workshop on “Professional Ethics in Teaching” was arranged by ORIC on April 8, 2017 for enhancing quality of teaching. The facilitator of the workshop was Ms Katsiaryna Hurbik,

Head School of English Language and Literature. Workshop was well attended and the faculty members shared their views on the issues raised in the workshop.

*Ms Katsiaryna Hurbik shares her views on Professional Ethics in Teaching*

## Certificate Distribution Ceremony of CTL- Batch 3

A certificate distribution ceremony of “Certificate in Teaching and Learning” Batch 3 was organized by Department of Medical Education, UMDC on March 9, 2017.

Fifteen faculty members of UMDC and Allied Health programs participated in this blended learning course from September to November 2016 and were awarded certificates on the successful completion of this course.

Prof Dr Anjum Jalal, Executive Director and Chief Cardiac Surgeon, Faisalabad Institute of Cardiology (FIC) was the

chief guest. Ms Zahida Maqbool, Additional Registrar, Prof Dr Tanzeela Khalid, Director DME, co-faculty members DME and HODs were also present on the occasion.

Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences in his address emphasized the importance of lifelong learning in medical education. Prof Dr Anjum Jalal congratulated the participants on successful completion of this certificate course by improving their teaching skills and professional attitudes.

*Participants of CTL receive certificates*

## Workshop “Stress Management”

A workshop on the topic of “Stress Management” under the umbrella of ORIC was arranged for the faculty of TUF and UMDC on March 11, 2017 in Health Sciences Campus. The facilitator of the workshop was Prof Dr Imtiaz Ahmad Dogar, Head, Behavioral and Psychiatric Sciences, PMC, Faisalabad. Dr Imtiaz Ahmad delivered a comprehensive lecture on management of stress, the wide spectrum of techniques and psychotherapies aimed at controlling a person’s levels of stress, especially chronic stress, usually for the purpose of improving everyday functioning. Prof Dr Abdul Majeed, Rector, TUF and Prof Dr Muhammad Saeed, Dean Faculty Medicine Allied Health Sciences appreciated the facilitator for his effective and informative presentation.

*Prof Dr Imtiaz Ahmad Dogar receiving memento from Prof Dr Abdul Majeed and Prof Dr Muhammad Saeed*

## HEC Digital Library Workshop

Information Resource Center, TUF organized a workshop on "HEC Digital Library" in Computer lab of Health Sciences Campus on January 20, 2016. Mr Muhammad Rashid Pervaiz and Mr Majid Lodhi from A&J Def Tek were the resource persons. They are bridging the Academic and Research & Development sectors in Pakistan with renowned content providers from all over the world. The resource persons gave

Hand on Training session on HEC digital library resources for researchers (Faculty & Students).

They briefed the participants about Elsevier Products (Science Direct, Scopus) along with other digital resources as well as helping them in attempting the Quiz. After the training session the participants were distributed Freebies and Prizes through lucky draw.

*Mr Muhammad Rashid Pervaiz delivers lecture on HEC Digital Library*

*Students receive prizes*

## Seminar on Banking " Paisay ko Pehchano"

School of Management Studies organized a seminar on " Paisay ko Pehchano" in collaboration with State Bank of Pakistan on February 23, 2017. Mr Ahmad Hayat, Senior Officer (Treasury), Mr Faheem Maqsood, Assistant Chief Manager and Mr Nadeem Ahmad Tahir, Assistant Chief Manager (Cash) from State Bank were the guest speakers. They delivered informative talks on currency notes security

features, detection of forged currency notes, demonetization of old currency notes from December 01, 2016 and currency management strategy to be implemented. Prof Dr Abdul Majeed, Rector, TUF commended the efforts of School of Management Studies for organizing this informative and useful session for students as well as faculty members.

*Mr Ahmad Hayat, Prof Dr Abdul Majeed and Mr Tayyab Riaz express their views*

## Seminar "Awareness & Screening of Thalassemia"

Department of Pathology, UMDC in collaboration with Punjab Thalassemia Prevention Program (PTPP) organized an awareness seminar on "Awareness and Screening of Thalassemia" on January 19, 2017. Dr Shabnam Bashir, Associate Professor Hematology, Fatima Jinnah Medical University, Project Director of PTPP highlighted the efforts of Punjab Government for Thalassemia free Punjab. Dr Hussain Jaferi, Deputy Project Director of PTPP in his presentation threw light on the efforts of different countries for eradicating Thalassemia major.

Dr Yasmeen Ehsan, Project Coordinator of PTPP described different methodologies adopted for antenatal diagnosis of Thalassemia major. Speakers shared facts and figures

*Free Thalassemia trait screening tests being conducted in the University*

regarding Thalassemia to sensitize the students and doctors to prevention and treatment of the disease.

Free Thalassemia trait screening test was offered to students from TUF and patients from MTH by PTPP.

*Prof Dr Abdul Majeed, Dr Hussain Jaferi, Dr Yasmeen Ehsan, Dr Shabnam Bashir and Dr Asma Naseer address the audience*

## Seminar on “Management of Breast Cancer – an update”

Department of Community Medicine, UMDC organized a seminar on “Management of Breast Cancer- an update” on March 31, 2017.

Guest speaker, Prof Dr Abdul Basit, Surgical Oncologist, Keele University Hospital UK, delivered key note address on the management of breast cancer. Speaking to the audience Dr Basit told that breast cancer is number one cancer among females. In Pakistan 83000 females are reported to have this fatal disease out of which 40000 die every year. One out of nine females has risk of developing breast cancer in Pakistan and we have highest number of females suffering from breast cancer in Asia.

Due to illiteracy, social and cultural reasons patients do not consult doctors in early stages. Patient reports to hospital in late stages where only little could be done.

Prof Dr Zahid Masood, Head Department of Community Medicine in his address shared that only way to address the breast cancer was early diagnosis and prompt treatment in addition to awareness programs for target population. Ultrasound scan was good in under the age of 40 years females where as mammogram and ultrasound was preferable screening tests for females over 40 years of age.

*Prof Dr Abdul Basit and Prof Dr Zahid Masood update the audience about management of Breast Cancer*

*Prof Dr Muhammad Saeed and Prof Dr AG Rehan present University memento to Prof Dr Abdul Basit*

## CV Writing and Personal Branding

A training session on CV writing and Personal Branding for the students and alumni of TUF was conducted on March 21, 2017 in Engineering Campus. The resource person Mr Muhammad Talha Salam is an alumnus of IBA, Karachi and NUST having more than 13 years of corporate and academia experience. He is also a Certified Professional Resume Writer (CPRW). Mr Muhammad Tayyab Riaz, Assistant Professor from the School of Management Studies in his opening remarks, elaborated the students about the importance of the session in their upcoming professional life.

Mr Muhammad Talha Salam in his lecture elaborated the basics of CV writing, contents of a good CV, strategies for improving current CV and some common issues regarding it, other career documents and personal branding approaches. The session was fully interactive; students brought their

CVs along with them and improved it with the help of the resource person.

*Mr Muhammad Talha Salam addresses the faculty members and students*

## Training workshop with 1122 team

School of Rehabilitation Sciences arranged a two days workshop in collaboration with Rescue 1122 in Health Sciences Campus on February 22-23, 2017. Experts from 1122 team taught the students, how to deal with emergency situation. Before and after test with practical and hands on

were also performed for Cardiopulmonary resuscitation, danger, Fire Extinguisher, choking, abdominal thrust in adults and children. The students appreciated the efforts of University management for arranging these useful training sessions.

*Training sessions by 1122 team*

## Seminar "Microsoft Imagine Cup"

Engr Muhammad Ishfaq as focal person of The University of Faisalabad for Microsoft Imagine Cup conducted an introductory seminar to assist Imagine cup participants on March 17, 2017 in Engineering Campus. A team from the Higher Education Commission guided the 3rd and final year students to participate in the competition. HEC in partnership with Microsoft is bringing "Microsoft's Imagine Cup", the world's most renowned student technology

competition to Pakistan. This will be a good opening for the youth of Pakistan to take part and make use of their potential by bringing their inventiveness and their devotion towards creating technological solutions. They will be able to bring their final year projects and contend to win \$100,000. This competition will help students take their project to the next level.

*Introductory lecture about Microsoft Imagine Cup*

*Dr Hassan Tariq Chattha delivers talk on objective based learning outcomes*

## Workshop "Objective based learning outcomes with continuous assessment and evaluation"

Dr Hassan Tariq Chattha, Associate Professor, Islamic University in Madina visited Engineering Campus of the Uiverisity on April 11, 2017. He conducted a training workshop on "Objective based learning outcomes with continuous assessment and evaluation". Dr Hassan Tariq

guided the faculty members about actively engaging and grooming the students. The workshop also included continuously assessing and evaluating the content and effectively covering the course.

## Nutrition Festival

March is National Nutrition Month. Nutrition Society of School of Nutrition and Dietetics organized "Nutrition Festival" in Health Sciences Campus on March 28, 2017. The theme of the event was 'Put Your Best Fork Forward'. Dr Beenish Irsar, renowned nutritionist was the guest speaker. Dr Beenish delivered a comprehensive lecture on 'Medical Nutrition Therapy of Cancer'. She enlightened the risk factors and dietary therapy related to cancer as well as tumor. There was a series of other activities such as documentary competition, model making competition, economically nutritious food stalls and poster competition, actively participated by the students of Doctor of Nutrition and Dietetics. The winner students were awarded with shields and certificates.

*Guest speaker Dr Beenish Irsar delivers talk on dietary therapy*

*Dr Beenish Irsar visits food stall*

*Winner receives prize and certificate*

*Cake cutting ceremony*

## Business Gala

School of Management Studies arranged "Business Gala" as an application of marketing theory. The creative brains of TUFANS integrated various innovative ideas to display the customized products at the event. It was a fruitful and learning activity for the students of Management Studies.

Prof Dr Abdul Majeed, Rector and Ms Zahida Maqbool, Additional Registrar visited the stalls arranged by the students and appreciated the students' innovative business ideas for creative entrepreneurs.

*Prof Dr Abdul Majeed, Rector and Ms Zahida Maqbool, Additional Registrar visit the stalls*

## “Role of Pak Army in Nation Building”

A detailed presentation on “Role of Pak Army in Nation Building” was arranged in Health Sciences Campus, TUF on April 14, 2017. Major Farhan with his team from Pak Army (Unit 58 cavalry) gave a comprehensive presentation to the faculty members and students on the topic. He highlighted the vital role played by Pakistan Army in different walks of

life particularly in bringing peace and stability in the country. Prof Dr Muhammad Saeed in his address expressed that every body in the audience already clearly realized that Pak Army is not only defending our geographical but ideological borders also. We shall always welcome any such presentation by the real heroes and brave defenders of our motherland.

*Major Farhan gives presentation on Pak Army's role. Major Farhan gives away memento Prof Dr Muhammad Saeed*

## TUF raise awareness to cure the stigma of Leprosy “World Leprosy Day”

Department of Dermatology, UMDC organized a seminar in context of “World Leprosy Day” on January 26, 2017. It was an informative event in which Dermatologists from Madinah Teaching Hospital gave comprehensive talks on Leprosy with particular emphasis on the fact that “If Leprosy is diagnosed early, it can be successfully cured.” Experts told the audience that Leprosy is a public health problem and new cases of

Leprosy in South Asia region are more than 1.5 lacs out of 2 lacs cases worldwide. They also expressed that the struggle to eliminate such a complex and destructive infectious disease as leprosy does not end with the cure. These problems are best solved through community-based approaches. Third year MBBS students also performed a skit highlighting social aspects of the disease.

*Dr Sadia Hameed, Dr Hina Haq and others express their views while MBBS students perform skit raising awareness of Leprosy*

## World Head Injury Awareness Day

*Prof Dr Tariq Ahmad and Dr Farhan Javed address the audience*

World Head Injury Awareness Day falls on March 20 every year. In this context, Department of Surgery, University Medical & Dental College organized a seminar in order to create awareness amongst the public. The event was presided by Prof Dr A G Rehan, Principal UMDC, while Prof Dr Tariq Ahmad, Neurosurgeon, Allied Hospital, Faisalabad was the guest speaker. While addressing the audience, Dr Tariq Ahmad highlighted the high rate of road accidents and said that due to a lack of awareness of road safety measures and inadequate medical facilities, particularly in rural areas, Pakistan is facing the highest rate of trauma. Prof Dr Muhammad Saeed, Dean Faculty of Medicine and Allied Health Sciences, in his address stressed on improvements of health care facilities to deal with fatal head injuries. He also emphasized that by adopting the preventive measures, these fatal head injuries can be avoided to a large extent.

## Seminar “World Cancer Day”

Department of Pathology, UMDC organized a seminar on “World Cancer Day” on February 3, 2017. Students of BDS put their efforts by PowerPoint presentations on primary causes, epidemiology, invasion, spread and treatments options for different types of cancers.

Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences graced the occasion by his intellectual and informative talk on the topic. Event ended with certificates distribution to the students by Prof Dr Muhammad Saeed and Dr Farrukh Imran, Vice Principal Dental section, UMDC.

*Prof Dr Muhammad Saeed, Prof Dr Sadia Hameed and students address the seminar*

*Promising students being awarded certificates*

## Salt Awareness Day

Every year salt awareness day emboldens the people on 1st February around the world to watch out for hidden and extra sources of salt in our diet that can raise blood pressure and lead to body organs malfunction. This year Nutrition Society under the umbrella of School of Nutrition and Dietetics of TUF organized this event started with ‘Salt march’ from the University Campus to Madinah Teaching Hospital led by Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences and Prof Dr Syed Jawwad

Hussain Head, School of Nutrition & Dietetics alongwith students and faculty members. The future nutritionists not only participated in the “Salt Awareness Poster Competition” but with outmost zeal and zest arranged a campaign, monitoring the blood pressure of individuals and counseling them regarding the dietary guidelines to beat hypertension. The event was a success as the School aims to contribute more every day in order to promote a healthy lifestyle.

*Students of DND participate in salt awareness activities*

## Seminar “ World Health Day”

On April 7, 2017, students of School of Nutrition and Dietetics celebrated World Health Day in Health Sciences Campus. An awareness lecture was arranged for University students on this year's WHO theme that was “Depression”. The aim of this activity was to inculcate knowledge among students about what depression is and how to combat it by good nutrition.

Students presented various presentation, documentaries and animations to achieve their goal of raising awareness. Prof Dr Syed Jawad Hussain, Head, School of Nutrition and Dietetics appreciated the students' efforts for organizing such informative session.

*Prof Dr Syed Jawad Hussain and students of DND address the seminar*

## Malaria Day

A seminar was held in TUF to mark the ‘World Malaria Day’ on April 25, 2017. Dr Asif Shahzad District Health Officer, Faisalabad was the guest speaker.

In his key note address, Prof Dr Zahid Masood, Head, Department of Community Medicine, UMDC said that Malaria has re-emerged as a major cause of morbidity in Pakistan. In Pakistan half a million-malaria cases occur annually and Sindh and Baluchistan are more affected provinces.

Higher morbidity and mortality is due to lack of awareness, he added. Sri Lanka, Morocco and Turkmenistan, had eliminated malaria — that is, reduced the incidence of infections in their countries to zero. Mosquito control was the main way to reduce malaria transmission at the community level. He disclosed that WHO has launched vaccine for malaria in three African countries which include Kenya Ghana and Malawi. Advocacy, Communication and Social Mobilization (ACSM) remain the most important

tools to address the health issues. Dr Asif Shahzad said that in Pakistan P - vivax was most common type of malaria parasite. He further added that Government of Punjab was geared up to eliminate menace of malaria. Prof Dr Abdul Haq, Director ORIC showed his concerns on occurrence of malaria in some part of country due to P - falciparum which has fatal outcome. Program was followed by a skit by MBBS 4th year students.

*Dr Asif Shahzad, Prof Dr Zahid Masood, Prof Dr Abdul Haq and others speaking to the audience*

## World Glaucoma Day

School of Optometry, TUF observed World Glaucoma Day in Health Sciences Campus on March 17, 2017. Renowned Ophthalmologist Prof Dr Zia ud Din Ahmad was the chief guest.

Students of Doctor of Optometry gave comprehensive presentations regarding preventive and cure of the glaucoma. Students explained that Glaucoma is a group of diseases that gradually diminishes sight usually due to abnormally high intraocular pressure (pressure inside eye), resulting in optic nerve damage. If left untreated, glaucoma can lead to gradual worsening of vision and ultimately to blindness. Visual damage is mostly irreversible and without any obvious warning. Therefore, it's often called the ‘silent

stealer of sight’, they further added. Students also displayed posters and presented skits to sensitize the audience about glaucoma. Prof Dr Zia ud Din Ahmad in his address appreciated the students' efforts to create awareness on the

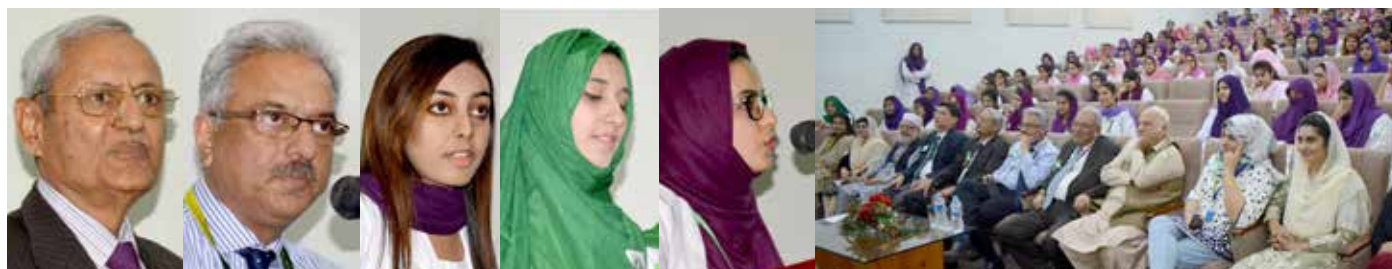

*Students perform in a skit*

harmful impacts of the disease. Prof Dr Aamir Ali Chaudhry, Head School of Optometry in his concluding remarks thanked the chief guest and lauded the student's active

participation. Later, students also distributed awareness flyers among patients and other visitors in Madinah Teaching Hospital.

*Prof Dr Zia ud Din Ahmad, Prof Dr Aamir Ali Chaudhry and students of OD address the audience*

*Visitors see posters displayed by students of OD. Awareness flyers are being distributed in MTH*

## TUFIANS Celebrate "National Green Day"

In the light of the Prime Minister's Green Pakistan Program National Green Day was celebrated on February 9, 2017 in both the campuses of TUF. The events aimed to infuse the love for nature amongst students and make them realise the

need for green and healthy earth. Large number of students and faculty members participated in an awareness walk. Students also planted saplings in the University lawn to mark the day.

*Senior faculty members and students participate in awareness walk and plant sapling to mark National Green Day*

## World Poetry Day

World Poetry Day" was celebrated on March 21, 2017 to pay tribute to all the great poets of the main languages of the World. School of English Language and Literature, The University of Faisalabad celebrated this Day. The documentary on the major poets "Poetry in the Eyes of Poets" highlighting their ideas about poetry was presented to the guests. A skit performance based on Anwar Masood's Punjabi Poem naming "Aaj ki Pakaye" was performed by the students of MA English. Robert Frost's poem Stopping by the Woods on Snowy Evening with visual representation of all the scenes was also presented. The event was concluded with the tribute to Urdu Poetry, Allama Iqbal's poem "Khitab

Ba Nojavanan-e-Islam". Chief guest, Mr Hamid Nawaz Sheikh, Controller of Examinations, in his address congratulated the students on their wonderful efforts.

*Mr Hamid Nawaz Sheikh and students share their views; students of MA English perform in a skit*

## International Women's Day

The University of Faisalabad celebrated International Women's Day on 8th March. Renowned Scholar Dr Asia Bukhari from Lahore was the guest speaker. Ms Zahida Maqbool, Additional Registrar alongwith other faculty members, staff and large number of students were present to celebrate the day organized by the students under the auspices of Women Foundation of TUF. Students presented tableaux to sensitize the audience about women's vital role in the society. The message of women's

rights was marvelously depicted by the commendable acting of the students. Dr Asia Bukhari in her address threw light on the role and importance of the women for the progress of a nation. She emphasized on female students to devote themselves to their studies to play their role more efficiently for the progress of their motherland. She told that Islam gave women rights that women in any other religion or in the West have only recently begun to enjoy.

*Dr Asia Bukhari, Ms Zahida Maqbool and students share their views while students perform in a skit to raise awareness of women rights.*

## Kashmir Solidarity Day

Literary Society of TUF organized a program to mark "Kashmir Solidarity Day" in Health Sciences Campus. Prof Dr Abdul Majeed, Rector in his address expressed solidarity with the Kashmiris freedom struggle and denounced the Indian atrocities. He stressed the need for peaceful solution of Kashmir dispute according to the resolutions of the United Nations. Students from different Schools of TUF delivered speeches and presented tableaux and documentaries to express their feelings in favour of self-determination rights of the Kashmiris.

They paid homage to Kashmiri martyrs who have sacrificed their lives to liberate their motherland from the clutches of Indian occupation forces.

A prayer was also offered for the stability of Pakistan and freedom of occupied Kashmir.

*Prof Dr Abdul Majeed and Prof Dr Muhammad Saeed express solidarity with the Kashmiris while students pay homage to Kashmiri martyrs in their tableau*

## Iqbal Day

Literary Society of TUF arranged a seminar on "Iqbal Day" on April 25, 2017. Renowned scholar Mr Saleem Sheikh was the chief guest and Prof Ghulam Haider Chishti presided over the event.

The chief guest presented some verses from "Kulliyat-e-Iqbal" in a beautiful and befitting manner and threw light on Dr Allama Muhammad Iqbal's poetry and philosophy of Khudi. Prof Muhammad Asghar Siddiqui delivered a lecture on the qualities of Momin in the light of Kalam-e-Iqbal. Prof Muhammad Aslam Malik, Incharge Literary Society told about the importance and key role of young people

in context of teachings of Dr Allama Muhammad Iqbal (Rehmat-Ullah Alaih), National Poet of Pakistan.

*Mr Saleem Sheikh, Prof Muhammad Aslam Malik and Prof Muhammad Asghar Siddiqui sharing their views on the teachings of Allama Muhammad Iqbal (Rehmat-Ullah Alaih)*

## Pakistan Resolution Day Celebration

The University of Faisalabad celebrated Pakistan Resolution Day on March 23, 2017 with patriotic zeal and enthusiasm. Guest speaker, Prof Syed Yousuf Irfan from Islamia College Civil Lines Lahore in his inspiring address reflected on the significance of the day in the history of Pakistan. Prof Dr Abdul Majeed, Rector, Prof Dr Muhammad Saeed, Dean Faculty of Medicine & Allied Health Sciences and Mrs Rahat Asad, Incharge Literary Society in their addresses to the students

and faculty members emphasized the need to forge a new resolution on this day in order to work for the stability and prosperity of their homeland. Students also sang national songs and presented tableaux to commemorate the day.
