YEAR IN REVIEW EDITION

December 2019 -- R. Sani 1441

### AL-QURAN

In the name of Allah, the Beneficent, the Merciful  
"These are the verses of the Book of Wisdom; A guidance and mercy for the benevolents; They are those who establish Salaat (Muslim Prayer) and pay the Zakat (the compulsory poor due) and have firm faith in the hereafter. They are on the guidance from their Rubb (Sustainer) and they shall prosper."

(31:02-05)

### Saying of the Holy Prophet Hazrat Muhammad (Sallallahu Alaihi Wa Sallam)

'God, His angels and all those in Heavens and on Earth, even ants in their hills and fish in the water, call down blessings on those who instruct others in beneficial knowledge.'

(Tirmidhi, Hadith 422)

"You must concentrate on gaining knowledge and education. It is your foremost responsibility. Political awareness of the era is also part of your education. You must be aware of international events and environment. Education is a matter of life and death for our country." - Muhammad Ali Jinnah (Rehmat-Ullah Alaih)

## TUF signs MoU with University of Health Sciences

The University of Faisalabad signed Memorandum of Understanding (MoU) with University of Health Sciences (UHS) Lahore. This memorandum aimed at promoting higher education and research & development particularly in the field of health sciences.

H.E Chaudhry Mohammad Sarwar Governor of the Punjab/Patron of the University was the chief guest of ceremony held in Health Sciences wing of TUF on March 20, 2019.

Prof Dr Muhammad Saeed, Pro Rector, TUF and Prof Dr Javed Akram, Vice Chancellor,

UHS signed the agreement in the presence of H.E Chaudhry Mohammad Sarwar, Mian Muhammad Hanif (SI), Patron-in-Chief TUF, Muhammad Haider Amin, Chairman Board of Governors, TUF, Dr Asad Zaheer, Registrar, UHS and other senior faculty members.

Prof Dr Muhammad Saeed, Pro Rector TUF and Prof Dr Javed Akram, VC UHS signing MoU between the two institutes. H.E Chaudhry Mohammad Sarwar, Governor Punjab, Mian Muhammad Hanif (SI), Patron-in-Chief, TUF, Muhammad Haider Amin, Chairman BoG and others also present.

H.E. Chaudhry Mohammad Sarwar talks to media persons

This agreement will develop links in the areas of:

- Learning and teaching including the development of a programme leading to an award
- Exchange of students for a given period through a recognized exchange programme
- Exchange of members of the universities
- Exchange of documentation and research material
- Co-ordination through their respective offices in joint or collaborative research projects

Governor Punjab H.E. Chaudhry Mohammad Sarwar in his address appreciated the managements of TUF and UHS for this move for the caus of quality education.

“

*This MoU will help to promote research & development culture and high quality professional education in the country.*

*H.E Chaudhry Mohammad Sarwar*

”

## TUF and UMDC Welcome Prof Dr Shoukat Parvez assumes the charge of Rector TUF

“

The University of Faisalabad is prospering to provide a multi-faceted academic model in Medical, Engineering, Management, Arts and Social Sciences in accordance with our objective of providing premium quality education with state-of-the-art technical and physical infrastructure, responsible leadership, professional development and advanced research facilities.

I am pleased to see that our progress is being recognized on national and international levels. TUF is aspiring to cultivate an academic community with unprecedented and inspirational leadership skills, critical thinking and high-impact research, development and entrepreneurial focus.

As the Rector of The University of Faisalabad, it is an honour for me to lead our institution to improve the healthcare through excellence in medical education, research activities and patients care in the region.

”

## ORIC, TUF Inks MoU with Intellectual Property Association of Pakistan

Office of Research, Innovation & Commercialization (ORIC), TUF signed a Memorandum of Understanding (MOU) with Intellectual Property Association Pakistan (IPAP). The signing ceremony took place at Engineering Wing, TUF on May 09, 2019. Prof Dr Najeeb Haider, Director ORIC, TUF and Dr Zain ul Aabideen Director Operation Intellectual Property Association Pakistan signed this agreement.

The MoU establishes guidelines among TUF and IPAP to provide capacity building programs & relevant material to the faculty of TUF on Intellectual Property Rights. Moreover, IPAP committed to unfold various placement, internship and mentoring opportunities for TUF students. Both parties agreed to promote and inculcate entrepreneurship in the

region. Moreover, to strengthen their relation, it was decided that IPAP will closely work with Office of Research

Innovation & Commercialization (ORIC) and Business Incubation Centre (BIC) within the sphere of TUF.

Prof Dr Najeeb Haider and Dr Zain ul Aabideen exchange documents after signing MoU

## Naqeeb-ul-Ashraaf H.E Syed Khalid Abdul Qadir Mansoor Al-Gillani inaugurated STC

Naqeeb-ul-Ashraaf H.E Syed Khalid Abdul Qadir Mansoor Al-Gillani (from Baghdad, Iraq) visited Health Sciences wing, TUF and inaugurated Student Teacher Center (STC) here on September 26, 2019.

In welcome address Prof Dr Muhammad Saeed, Pro Rector thanked the honourable guest for his valuable presence. Mian Muhammad Rasheed, member BoG and CEO Madinah Group was also present on the occasion.

Speaking to faculty members and students, Syed Khalid Abdul Qadir Mansoor Al-Gillani

shared his words of wisdom. He said that teachings of Hazrat Ghaos-e-Azam (RA) are beacon of guidance for the Muslim Ummah. Islam encourages both men and women to learn and seek knowledge.

He urged the students to respect their parents, teachers and devote themselves to their studies and serve the nation.

On this occasion, H.E Syed Khalid Abdul Qadir Mansoor Al-Gillani also awarded meritorious scholarships to 2nd semesters students of the University who secured top positions in their respective degree programs.

Muhammad Haider Amin, Chairman BoG TUF in his address told that University is proudly empowering the youth for a prosperous Pakistan. Particularly, TUF is giving emphasize on research and development, he added. He also congratulated to all brilliant students who got scholarships.

Drood-o-Salam and Manaqib of Hazrat Ghaos-e-Azam (RA) were also offered by Ms Ayesha Batool and students. In concluding session, prayer was offered for the stability of Pakistan, Muslim Ummah and freedom of occupied Kashmir.

# Women Foundation donated Electric Scooters to TUF Students

Women Foundation of The University of Faisalabad donated three electric rechargeable scooters to the deserving students. Mrs Parveen Sarwar, Wife of the Governor Punjab was the chief guest of the ceremony held in Health Sciences wing. After the lucky draw, Mrs Parveen Sarwar handed over keys of the scooters to three students. Mrs Sarwar was briefed that Women Foundation of the University

is actively working for the welfare of TUF community since its inception in 2008. Recently, the Foundation has launched its society "Stay Safe". Members of the society under the umbrella of Women Foundation are working on the project to make the University "Plastic bag free" institute. Mrs Sarwar in her address to faculty members and students appreciated the efforts of TUF for women empowerment in the

country.

She also visited different departments of Madinah Teaching Hospital and lauded the services of Madinah Foundation in health and education sectors. Mrs Parveen Sarwar said that without educating womenfolk, no country could progress. The development of any society is linked with the empowerment of women within that environment, she added.

# MYOPIA

## First International Conference on Myopia in Pakistan --- TIME BOMB ---

Myopia is the leading cause of preventable blindness and also the commonest refractive error in the world making it a double edged sword: a time bomb.

Various modulation ranging from conservative methods to advanced refraction surgical techniques, are being developed every day to diffuse this alarming situation.

First International Conference on Myopia in Pakistan was organized by ORIC, Department of Ophthalmology, UMD and School of Optometry, TUF on April 19-20, 2019.

The objective of this conference was to spread awareness regarding the emergent problems related to MYOPIA and also promote and innovate new techniques and methods for combating this problem. On first day 19<sup>th</sup> April, Pre-Conference workshops on, "Mastering Retinal OCT" by Dr Hashim Ali Khan, "Corneal Topography and its Interpretation" by

Dr Faisal Rasheed, "Dealing Keratoconus with Contact Lens" by Dr Imran Ali and "Practicing Low Vision" by Dr Mufariq Shah were conducted.

On the closing day Prof Dr Javed Akram, Vice Chancellor, University of Health Sciences was the chief guest. Internationally renowned speakers Dr Augustine L Gonzalez, Director Eye & Vision USA delivered talk on "Pharmacological management of Myopia" Dr Malcolm S Samuel, Medical Director Optimax UK on "25 years in Myopia: Outcomes of laser refractive surgery for myopia", Maj Gen(R) Dr Mazhar Ishaq, Dean of Ophthalmology, College of Physician and Surgeons Pakistan on "Refractive Surgery in Astigmatism and Hypermetropia" Prof Dr Qasim Lateef, Jinnah Hospital Lahore on "Indications and Contraindications of Photorefractive Surgery", Prof Dr Suhail Sarwar, Mayo Hospital Lahore on "Biometric Surprises In Myopic

Patients", Dr Hashim Ali Khan, Consultant Optometrist, Sehhat Foundation Gilgit on "Safety and efficiency of Different Concentrations of tropine in Controlling Myopia Progression", Dr Faisal Rasheed, Optometrist at SZMC Rahim Yar Khan on "Fundus Findings and Visual Functions in Pathological Myopia", Dr Qasim Jalali, Head Department of Optometry, University of Lahore on "Effectiveness of Low Vision Devices in Visual Rehabilitation of People with Myopic Degeneration" and Prof Dr Aamir Ali Chaudhary, Convener Conference Organizing Committee/Vice Principal, University Medical & Dental College delivered talk on Myopia in Pakistan.

Prof Dr Muhammad Saeed, Pro Rector TUF thanked the guests and participants. More than 350 delegates from all over the country and students from school of Optometry attended the mega event.

# ICDD 2019

## International Conference on Drug Delivery

Faculty of Pharmaceutical Sciences in collaboration with Directorate of ORIC, TUF organized International Conference on Drug Delivery (ICDD 2019) under the theme of "Role of Natural Products in Drug Delivery" in Health Sciences Wing on November 9, 2019. Chief Guest Prof Dr Muhammad Ashraf (HI, SI), VC, University of Agriculture Faisalabad inaugurated the mega event.

Dr Pharkphoom Panichupakaranant from Prince of Songkla University, Thailand

was keynote speaker. Guest speakers from all over the country including, Prof Dr Amer Jamil, Prof Dr Syed Atif Raza, Dr Ruqaiya Khalil, Dr Asad Ullah Madni, Dr Muhammad Sohail Arshad, Dr Amjad Hussain, Dr Ikram Ullah Khan, Dr Faisal Usman, Dr Nasir Abbas, Dr Saeed ur Rashid Nazir shared their knowledge and experience with young pharmacists.

Conference aimed to provide opportunities for delegates to exchange innovative ideas and experiences regarding drug delivery using active compounds derived from natural

resources in particular with regard to the concept called "Role of Natural Products in Drug Delivery". It focused on the success of multiple resources in the process of finding and discovering new and effective drug compounds that could be useful for human health. It helped to engage, train and boost young scientists of the country.

Earlier, on 8<sup>th</sup> November a Pre Conference Workshop on "Green Extraction" was also conducted. Resource Person Dr Pharkphoom delivered comprehensive talk on the topic.

# TECHHAWKS SEASON 5

## WHERE EVERYTHING BEGINS

Opening ceremony of Mega event, TechHawks-5 organized by IEEE TUF held at Engineering wing on April 24, 2019. Prof Dr Zahir Javed Paracha Pro Rector (Engineering) was the chief guest. Faculty members and student delegates attended the ceremony. Pro Rector shared his well wishes to organizing team and participants.

Two days mega event was actively participated by students from six different universities of Faisalabad. Many mesmerizing events and competitions were conducted amongst

the participants. These events included CPD workshop, technical events, sports and athletics, E-Gaming, fun and social activities and arts and literature competitions. The students from different universities showed their projects in the final year projects exhibition. Mr Muhammad Haider Amin, Chairman BoG TUF and Prof Dr Zahir Javed Paracha with other faculty members evaluated the projects and encouraged the young engineers. They also rendered their valuable input for further and necessary improvements.

Final rounds of games were played including football, ludo, table tennis, arm wrestling and E-gaming gave way to the jovial and happy ending. The closing ceremony was held in Mukhtar auditorium presided by Dr Zahir Javed Paracha. While presenting appreciation letters to the organizers and prizes to the winners, the Pro-Rector vowed to make such programmes more valuable and unprecedented for the next year. The bubbly and buoyant session ended with much excitement, joy and token of reverence.

## Workshop “Communication and Presentation Skills”

In continuation of TUF Faculty Development Program, one day workshop on “Communication and Presentation Skills” was organized under the auspices of ORIC, TUF in Health Sciences wing on October 5, 2019. Guest of honour, Ms Zia Batool, former Director General, Quality Assurance, HEC in her opening remarks appreciated the efforts of University management for conducting such useful workshop for faculty members. Mr Muhammad Haider Amin, Chairman BoG in his address said learning was a

continuous process that never ended. He inspired the participants to benefit from this great opportunity. “TUF always hires the services of renowned national and international resource persons”, he further added. Dr Mubashar Nadeem, internationally renowned trainer and research supervisor was the resource person.

He is PhD in English (Applied Linguistics), PGD TEFL, Certified in Assessment & Evaluation, Plymouth State University, New Hampshire USA), and Certified in Pre

& In- Service Teacher Training, University Technology, Malaysia. He has more than 25 years’ experience of teaching and training.

In his presentations he delivered comprehensive talks on communications and presentation skills. In concluding session, Chief Guest Prof Dr Anas Sarwar Qureshi, Chairman Department of Anatomy, University of Agriculture Faisalabad and Prof Dr Muhammad Saeed, Pro Rector TUF awarded certificates to the participants.

Ms Zia Batool, Mr Muhammad Haider Amin, Dr Mubashar Nadeem and senior management of TUF with participants of workshop

## Workshop “Functional Nanomaterials for Applications in Biomedical Sciences, Renewable Energy Technologies & Environment”

Office of Research, Innovation & Commercialization (ORIC) and Quality Enhancement Cell (QEC), The University of Faisalabad organized a workshop on “Functional Nanomaterials for Applications in Biomedical Sciences, Renewable Energy Technologies & Environment” in Health Sciences wing on December 10, 2019.

Dr Irshad Hussain, Associate Professor, Department of Chemistry & Chemical Engineering, LUMS was the resource person. Dr Hussain is a renowned Pakistani Scientist in the field of chemistry

and among the few pioneers to initiate Nanomaterials research in Pakistan. In 2007, Dr Hussain was awarded a Professor Atta-ur-Rehman Gold Medal/Prize in chemistry and more recently (2014) he is also awarded Gold Medal in Chemistry by Pakistan Academy of Sciences to acknowledge his achievements in the field of Chemistry. Dr Irshad Hussain delivered comprehensive talk on Importance of Nanotechnology, Synthesis of metal Nanoparticles (NPs)/Nanoclusters (NCs), Nanomaterials applications in Biomedical Sciences, Renewable Energy Technologies

and in Catalysis & Environment.

Prof Dr Soukat Parvez, Rector TUF appreciated the enthusiastic participation of students in workshop. In his address he said, it is important to organize such workshops for development of faculty and students. This workshop will help in boosting the innovation in the research environment of the University. Prof Dr Muhammad Saeed, Pro Rector, Ms Zahida Maqbool, Additional Registrar, Prof Dr Najeed Haider, Director ORIC, faculty members and large number of students attended this informative session.

## Faisalabad's First Directors' Training Program

Center of Executives Learning (CEL), TUF was inaugurated by Mr Muhammad Ali, Deputy Commissioner Faisalabad on October 25, 2019. On the occasion, CEL organized Faisalabad's first ever 3 days "Directors' Training Program". In the opening ceremony of program, Mr Muhammad Ali, Deputy Commissioner was chief guest while Ms Zia Batool, Chairperson, Private Educational Institutions Regulatory Authority (PEIRA) was guest of honour.

Speaking on the occasion, Chief Guest, lauded the welfare services of Madinah Foundation in education and health sectors. Establishment of modern institutions like The University of Faisalabad and Madinah Teaching Hospital are philanthropist models, he added. Earlier, in his opening remarks Muhammad Haider Amin, Chairman BoG, TUF threw light on objectives of the program. He told that program would help to gain an overview of the

knowledge and competencies expected from directors in today's environment. Ms Zia Batool, in her address appreciated the efforts of University management for the cause of professional education in Pakistan. Mian Muhammad Hanif (SI), Patron in Chief and Prof Dr Muhammad Saeed, Pro Rector, TUF were also present on the occasion.

Chairmen of Boards and Trusts, Chief Executive Officers and Directors from different organizations participated in this program. Training program was facilitated by Prof Dr Mubashar Nadeem on 'Executive Communication Skills at Board Levels' while Javed Iqbal Sheikh, Session Judge, delivered motivational talk on 'Principles of Good Governance'. The closing ceremony of program held on 27th October. Training sessions were facilitated by renowned educationists, economists and trainers including Dr Naeem Mohsin, Prof Dr Shaukat Pervaiz former Chairman PCSIR, Dr Fayyaz

Sheikh, Dr Ashar Shakil and Dr Shahid Tufail. Participants expressed that there was a dire need of such useful training workshop for youth businessmen of Faisalabad. 'This would help them to meet the business challenges in international market' they added. They were thankful to the University management for arranging this training in very suitable academic environment. In concluding session, Prof Dr Muhammad Saeed, Pro Rector, Ms Zahida Maqbool, Additional Registrar, Dr Farrukh Imran Principal UMDC (Dental College) and Prof Dr Muhammad Akram Malik, Vice Principal UMDC awarded certificates to the participants.

Participants also visited Madinah Teaching Hospital. They appreciated the efforts of Madinah Foundation for providing state of the art medical facilities for deserving patients in MTH. Participants also planted saplings in the University lawn.

## Rector TUF Visits Pakistan Council of Research in Water Resources

A delegation from The University of Faisalabad lead by Prof Dr Shoukat Parvez, Rector, TUF met with Dr Muhammad Ashraf, Chairman Pakistan Council of Research in Water Resources (PCRWR), Islamabad in his office on December 17, 2019 for discussing the possible future collaborations to enhance Research & Development activities.

Rector TUF briefly introduced the activities and achievements of The University of Faisalabad in last 17 years. Chairman

PCRWR appreciated the efforts of TUF for contribution in catering the educational and technological needs emerging in the progressive scenario of the country in general and Faisalabad & surrounding areas in particular. Rector TUF and Chairman PCRWR showed keen interest in future possible collaboration between TUF and PCRWR which may include joint research projects, joint execution of publications, usage of research facility and laboratories of PCRWR by students of

TUF, Internships of students etc.

Prof Dr Shoukat Parvez proposed a unique model of private-public partnership for joint execution of waste water treatment of industry project and clean drinking water projects in Faisalabad.

Rector TUF also visited laboratories and facilities of PCRWR and admired the contribution of PCRWR for maintaining the state of the art laboratories and research facility across Pakistan.

Prof Dr Shoukat Parvez visiting Labs of PCRWR with Prof Dr Muhammad Ashraf while Prof Dr Shoukat Parvez presenting TUF 17 Years ' Book to Prof Dr Muhammad Ashraf

## Rector TUF had meeting with Chairman PCSIR

A delegation from The University of Faisalabad lead by Prof Dr Shoukat Parvez, Rector TUF met with Mr Habib ullah Khan, Chairman PCSIR in his office on December 17, 2019 for discussing the possible future collaborations to enhance Research & Development activities.

Prof Dr Shoukat Parvez briefly introduced the activities and achievements of The University of Faisalabad in last 17 years. Mr Habib ullah Khan appreciated the

efforts of The University of Faisalabad for contribution in catering the educational and technological needs emerging in the progressive scenario of the country. Rector TUF and Chairman PCSIR agreed for collaboration between TUF & PCSIR and directed concerned officials of both organizations to initiate necessary action for finalizing the collaboration legalities which may include joint research projects, joint execution of publications,

usage of research facility and laboratories of PCSIR by students of TUF, Internships of students etc. Prof Dr Shoukat Parvez emphasized that it is the dire need of the time that Universities may collaborate with Research Institutions, Corporate Sector and Industry to resolve the problems of industry and uplift Pakistan Economy.

## Seminar “Collaboration & Linkages” Bridging the Gaps between Industry & Academia

The massive demand for complementary training of graduates particularly engineering graduates in Pakistan indicates a mismatch between academic education and industry requirements. To identify the gap between academia and industry and present a practical approach to bridge it, Office of Research, Innovation and Commercialization (ORIC) and School of Electrical Engineering, TUF in collaboration with Pakistan Engineering Council (PEC) conducted a seminar on “Collaboration and Linkages”. The mega

event held in Mukhtar Auditorium, Engineering wing on October 29, 2019. The seminar was presided over by Prof Dr Muhammad Ashraf, Vice Chancellor, University of Agriculture, Faisalabad while Engr Dr Nasir Mahmood Khan (Pride of Performance), Additional Registrar/ Head EAD, Pakistan Engineering Council was the Chief Guest. Prof Dr Zahir Javed Paracha, Pro Rector in his keynote address delivered talk on the importance and objectives of the session. Prof Dr Aftab Ahmed Khan, Director,

FAST University, Chiniot Campus, Rana Muhammad Sikandar Azam, President, Faisalabad Chamber of Commerce & Industries, Engr Ahmed Hassan, CEO, The Chenab Foundry, Prof Dr Habib Aslam Gaba, renowned cardiologist and other distinguished guests joined the panel discussion on bridging the gaps between industry and academia. Heads of Schools, faculty members from TUF and other institutions and students from different disciplines were present to listen the views of experts.

Prof Dr Muhammad Ashraf, Engr Dr Nasir Mahmood Khan, Rana Muhammad Sikandar Azam, Prof Dr Zahir Javed Paracha and others addressing the audience

Experts share their views during panel discussion

“  
Both academia and industry has to work together to being in necessary collaborations focused towards delivering quality graduates that can play effective role in economic progress of the country.

Experts' views in the seminar

## Basic Life Support

Basic life support (BLS) is a level of medical care which is used for victims of life-threatening illnesses or injuries until they can be given full medical care at a hospital.

Annual Basic Life Support Course for final year MBBS students was conducted in UMDC during the last week of September, 2019. The course was organized by BSL committee comprising of Prof Dr Tanveer Ahmad, Dr Humaira Zafar, Dr Sohaib Riaz and Dr Salman Azhar under the supervision of Director Medical Education, University Medical & Dental College. This

training demonstrated how to deal with situations like cardiac arrest, choking,

drowning etc. The training workshop was very useful for the students.

Dr Sohaib Riaz and Dr Salman Azhar during training session with students

## Entrepreneurship Gala 2019

Office of Research, Innovation and Commercialization (ORIC) and School of Management Studies, TUF organized a mega event "Entrepreneurship Gala" in Engineering wing on December 4, 2019. Prof Dr Shoukat Parvez, Rector inaugurated the event.

Prof Dr Najeed Haider, Director ORIC, Col (Retd) Abid Muhstaq, Additional Registrar, Dr Naeem Shahid, Head School of Management Studies Heads and faculty members of other Schools were present there to encourage the young entrepreneurs.

Students projected and simulated their unique ideas of launching their companies. These projects were good combined efforts by the students appreciated by the guests and visitors.

It aimed to show how a focus on personal as well as professional development and entrepreneurship in a practical way provides a portal where the students could express and show out their output in relation to what is being learned in the classroom.

where students presented their new Business Ideas. This activity encourages students to become employer rather than job seekers. The successful implementation of business idea will create jobs for others and contribute towards economy likewise. Vice

## TUFIANS get safety lectures on "Cyber Crimes"

School of Computational Sciences, TUF organized awareness seminars on "Cyber Crimes". Syed Arshad Ali Rizvi, Inspector (Investigation), FIA Cybercrime Faisalabad and Mr Zain Ali Qureshi, Advocate High Court, Expert in Cyber Crime Laws were the guest speakers. Mian Muhammad Haider Amin, Chairman Board of Governors graced the occasion as the chief guest while Prof Dr Muhammad

Saeed, Pro Rector Health Sciences as guest of honour.

The guest speakers delivered compressive lectures on Social Networking Crimes, E-Mail related Crimes and Financial Crimes. They explained about the preventive measures to avoid these crimes and how to Register a Cyber Crime complaint in NR3C,FIA.

Mr Muhammad Haider Amin in his concluding remarks emphasized the importance of such events for raising awareness about emerging cyber crimes in Pakistan. The session were very useful regarding awareness on cyber security for social media uses. Awareness sessions were conducted in Engineering wing and Alam Tower sub campus, Lahore as well.

Mr Zain Ali Qureshi, Syed Arshad Ali Rizvi and Mr Muhammad Haider Amin share their views to raise awareness on "Cyber Crimes"

## Seminar “Menace of Drug Addiction among Youth”

The number of addicts is increasing at the rate of 40,000 per year making Pakistan one of the most drug affected countries in the world. What is most disturbing is the fact that most of addicts are under the age of 24. This was disclosed by Dr Zahid Masood, Professor of Community Medicine, UMDC, addressing an awareness seminar on “Menace of Drug

Addiction among Youth” held in Health Sciences wing. Delivering talk on “Meth Ice addiction”, Dr Zahid told that it is one of the most dangerous drugs in the world has finally found market in Pakistan. Major portion of victims includes our youth especially students males as well as females, Dr Masood added. It knocks out the part of brain dealing with behavior

and emotions.

This results in weight loss, as the drug acts as an appetite suppressant, tendency to act violently, especially when they can't access the drug, paranoia and hallucinations, loss of sleep due to a chemical disruption in their brain, skin sores, severe mood swings can simulate psychosis and engaging in risky behaviors.

Prof Dr Muhammad Saeed, Pro Rector TUF, urged the students to regularly engage in healthy activities like regular prayer, sports, poster competitions and paintings to discourage the use of drugs. Strong legislation and law enforcement was needed to eradicate the suppliers. He further added. Dr Tariq Rasheed, Professor of Psychiatry, Madinah Teaching Hospital and Dr Uzma Sagheer, UMDC also spoke on the occasion.

Prof Dr Muhammad Saeed, Prof Dr Zahid Masood, Prof Dr Tariq Rasheed and Dr Uzma Sagheer addressing

## Workshop “Start-Up SME and Management”

Small Businesses form the backbone of all economies, more so in a developing country like Pakistan. Because of significant importance of the topic, School of Management Studies under the auspices of ORIC conducted a one day workshop on “Start-up SME and Management”.

The event was organized in collaboration with knowledge Incubation center (KIC), SMEDA and National Business Development Programs (NBDP) in TUF Engineering wing. Expert from SMEDA delivered comprehensive talk on small business management. He briefed about how to devise and explore various strategies and steps involved in stating

and effectively running a small business. This programme helped the young breed of male and female entrepreneurs,

desirous of starting their own businesses, while turning their individual potentials into profitable businesses.

Prof Dr Zahir Javed Paracha, guest speakers and participants of workshop

## Seminar “Hybrid entrepreneurship”

Hybrid entrepreneurs are people who start businesses whilst they have salaried jobs. About fifty percent of all new businesses are started by hybrids. Hybrid entrepreneurship is a

low-risk way of testing business ideas, gaining entrepreneurial experience and developing business management skills. School of Management Studies, TUF under the umbrella of ORIC organized a

seminar on “Hybrid Entrepreneurship”, in collaboration with Business Incubation Center and SMEDA Faisalabad. Mr Azhar Rasool from Research & Development Department SMEDA was the guest speaker.

Mr Azhar Rasool told the audience that Hybrid Entrepreneurship is the act of working a full time job while building a business part-time. The philosophy is that you're going to leverage your job in a way that helps you in your business but will also help you at your job.

Heads of Schools, faculty members and students of Management Studies attended this informative session.

Mr Azhar Rasool and Prof Dr Najeeb Haider sharing their views on hybrid entrepreneurship

## TUF Launces Breast Cancer Awareness Campaign

Community Services Society of TUF in collaboration with Department of Community Medicine, UMDc conducted a seminar on "Breast Cancer Awareness" to mark Pink Ribbon day on October 17, 2019. It aimed to create awareness amongst the people.

Guest speaker Dr Rafshan Sadiq, Clinical Oncologist from PINUM Faisalabad in her address told that breast cancer was one of the major cancers affecting one out of every nine women in Pakistan. "There is dire need to empower the young girls with the knowledge and techniques to

detect breast cancer at early stage as early diagnosis is key to survival in breast cancer", Dr Rafshan further added.

She delivered a very informative lecture on the causes, prevention and treatment of the fatal disease.

Dr Saira Saleem, Oncoplastic Breast Surgeon from Madinah Teaching Hospital in her address told that every year 40,000 females died of breast cancer in Pakistan. Prevalence of this deadly ailment is the highest amongst all types of cancers. Pakistan has one of the highest incidences of breast cancer in Asia, she added. She

told that women below the age of 40 should carryout regular self-examination and those over 40 should undergo regular screening mammography.

Interaction with patients recovered from breast cancer, skit performance and forming human pink ribbon by the students were the other features of the event.

Later, Prof Dr Zahid Masood, Head Department of Community Medicine and Dr Sumaira Shehzad also led an awareness walk actively participated by faculty members and students.

Faculty members and students participating in breast cancer awareness walk while students of Pharm D are standing together in pink ribbon shape to raise awareness-

## Seminar on "Thalassemia Awareness and Prevention"

School of Pathology, TUF in collaboration with Kashif Iqbal Thalassemia Care Centre (KITCC), Punjab Chapter organized a seminar on "Thalassemia Awareness and Prevention" and free Thalassemia Testing Camp in Alam Tower Campus Campus Lahore. Mr Asif Hameed Butt and Mrs Asma Asif, Coordinators KITCC were the guest speakers. They delivered comprehensive talks on awareness and prevention of Thalassemia.

They told the participants that

thalassemia is an inherited condition affecting the blood. It is one of the most common inheritable genetic disorders in Pakistan. Its cause is widely accepted custom of inter-marriages amongst close family relatives and members of the same caste or tribe. Carrier rate of  $\beta$ -thal is 5.6% in Pakistan. Each year 4,000 to 9,000 children born with  $\beta$ -thal major. A Thalassemia major patient requires a blood transfusion every 15 days or after a month approximately, depending

upon many factors including the age and general health of the patient. Up to 70% of all blood collection in Pakistan is given to children with Thalassemia. Later, students and faculty members were motivated to submit their blood samples for free thalassemia carrier testing. The participants appreciated the efforts of School of Pathology for organizing this awareness seminar and were hopeful that such activities would help to reduce thalassemia disease burden in Pakistan.

Mr Asif Hameed Butt and Mrs Asma Asif with participants of seminar while students giving blood samples to donate blood for thalassemia patients

## Seminar “Industrial Applications of Electron Beam”

A Seminar on “Industrial Applications of Electron Beam” was organized in Health Sciences Campus of TUF on February 20, 2019. Renowned Pakistani scientist and researcher Dr Shaukat Parvez former Chairman PCSIR Islamabad was the guest speaker.

In his presentation about Electron Beam (E-Beam) technology, Dr Shaukat Parvez told that E-Beam was the abbreviation for an environmentally safe, heat and solvent free technique. E-Beam technology is highly useful in various fields. In USA

and European countries it is being used in different fields i.e Aseptic packages, Food preservations, Polymer cross linking, Heat shrink polymer, Wires and cables, Sterilization of medical devices, Pharmaceuticals, Pollution control, Semiconductors production, Rubber and tyres curing, Composite material curing, Coloring of Glass & Gems industry and many more. This technology reduces, eliminates diseases causing micro-organisms from Pharma & Food products. It Increases the shelf life of food products

with no change in nutritional value. It is preferred technology by the industry due to cost effectiveness.

Prof Dr Muhammad Saeed, Pro Rector (Health Sciences) and Prof Dr Zahir Javed Paracha Pro Rector (Engineering) also shared their views and showed keen interest to use E-Beam technology for scientific research in the University. Muhammad Haider Amin, Chairman BoG in his concluding remarks thanked the guest speaker for his valuable lecture.

Dr Shaukat Parvez, Mr Muhammad Haider Amin, Prof Dr Muhammad Saeed and Prof Dr Zahir Javed Paracha addressing the students in seminar

## Seminar “Job Hunting Strategies and Interview Preparation”

School of Pharmacy organized a seminar on “Job Hunting Strategies and Interview Preparation” for final semesters students of various disciplines in Health Sciences wing. Mr Mohammed Ahmed, Executive

Director, Global Multiplex (Trainers & Consultants) was the guest speaker.

In his address to the students, Mr Mohammed Ahmed delivered comprehensive talks on the topics of;

Career Planning & Management, Job Vs Business, Benefits of having a Job, Why you are still jobless?, Managing Stress while job searching, Staying motivated in a job search, Job searching strategies,

Resume and Cover-Letter Writing, Common interview questions, Things to do before the interview, things to do during the interview, & after the interview, Interview Attire and Interview Skills etc.

Different motivational and interactive sessions were very fruitful for the participants. Chief Guest of the event Prof Dr Haji Muhammad Aslam presented University memento to the guest speaker.

Mr Mohammed Ahmed sharing his views on Job Hunting Strategies

Diabetes awareness, counseling and screening camp by School of Nutrition & Dietetics in Health Sciences wing

## Model Display by School of Dermatological Sciences

School of Dermatological Sciences arranged a model display under the supervision of Dr Rabia Mahmood. It was a source of practical learning for the students. Students displayed 3D models

of dermatological disorders with a brief description of their pathology. Thorough study of relevant topic enhanced their knowledge up to a remarkable level. Prof Dr Tanzeela Khalid , Head of

School was the Judge. Creation of a 3D model polished their innovative skills. Presenting and demonstrating the models meliorated the communication skills of the students.

Prof Dr Tanzeela Khalid with other faculty members evaluating the models displayed by the students

## English Literature and Linguistics Exhibition (ELLE)

School of English Language and Literature organized annual Exhibition on English Language and Literature on November 21, 2019. The students displayed their projects on numerable topics related to their fields of study in literature and

linguistics. Prof Dr Zia Ahmed from Bahauddin Zakariya University was the chief guest of the event. He highly appreciated the efforts of the School on the excellent efforts and shared his remarks regarding the exhibits. Ms Zahida

Maqbool, Additional Registrar, Health Sciences Wing, joined the exhibition and presented the university souvenir to Prof Dr Zia Ahmed. The exhibition received appreciative comments from the faculty and students of various School of TUF.

Prof Dr Zia Ahmed evaluating the students' projects . Ms Zahida Maqbool presenting University souvenir to Prof Dr Zia Ahmed

## Series of Workshops for Faculty Development

A series of workshops on "Faculty Development" was organized in Health Sciences wing under the banner of Office of Research, Innovation, and Commercialization (ORIC), from July 5-31, 2019. The series focused on providing expertise regarding teaching and research to faculty members of various disciplines, including Social Sciences,

Allied Health Sciences, Management Studies and Computational Sciences.

The closing ceremony was held on August 8, 2019 honoured by Prof Dr Muhammad Saeed, Pro Rector, Health Sciences wing, Ms Zahida Maqbool, Additional Registrar and Prof Dr Najeeb Haider, Director ORIC, TUF. Facilitators of the series were awarded certificates of presentation for

their efforts. Dr Maimoona Abdulaziz was presented with shield and certificate from the University as a token of appreciation for planning and organising the series of workshops. The ceremony was attended by faculty members of all disciplines of Health Sciences wing.

Participants of workshops with Prof Dr Muhammad Saeed, Ms Zahida Maqbool and Prof Dr Najeeb Haider

## Advance Training Workshops

A Series of Advance Training Workshops was organized by the School of English Language and Literature. The workshops invited experts from different areas of Linguistics and Literature, who imparted students with specific in-depth knowledge and training regarding their respective fields. The main concept behind the training was to create a bridge between theoretical aspects of teaching, corpus, English language phonology, and grammar, as well as theories of literature, with their respective practices in both teaching and research. The series comprised of four workshops, the details of which are as follows:

1. Workshop on "Phonological Adjustments of English Sounds for Urdu and Punjabi Native Speakers" on 15 th March. Resource Person: Irfan Hussain
2. Workshop on "Post-Colonialism – Contemporary Advancements in Theory and Practice" on 20th March. Resource Person: Prof Dr Muhammad Asif
3. Workshop on "Corpus Linguistics Tools

and Techniques" on 5 th April. Resource Person: Prof Dr Muhammad Asim Mahmood

4. Workshop on "Systemic Functional Linguistics as an Alternative to Traditional Means of Language Description" on 17 th April. Resource Person: Dr Muhammad Qasim.

Students of School of English attended the workshops with great zeal. They were later evaluated on the basis of quizzes and practical work, of which the results

were announced and position holders for either categories were given prizes. The training sessions hold great significance in achieving the learning outcomes of the plethora of courses that the students have been taught so far and are going to be taught in the future. In addition, they contribute in providing a great deal of exposure to the students regarding the field they may specialize after the completion of their respective degree programs.

Participants of workshop with guest speaker and faculty members

## Islamic Calligraphy Exhibition

Art and Culture Society of TUF organized Islamic Calligraphy Exhibition at Engineering wing. Prof Prof Zahir Javed Paracha inaugurated the exhibition. Ms Tehmina Afzal, Assistant Professor at Institute of Art & Design - FITFD and Mr

Javed Anjum, Chairman Fine Arts, GC University, Faisalabad were the special guests.

A large number of students from different universities and colleges participated in the competition. Students exhibited their

art work, appreciated by the visitors. Cash prizes and commemorative certificates were awarded to the first, second and third position holders.

Prof Zahir Javed Paracha with guests appreciating the students' art work - Participants of the exhibition with Col (Retd) Abid Mushtaq, Additional Registrar and guests

## Seminar and Panel Discussion on Beat Invisible Glaucoma (BIG)

Every year Glaucoma awareness week is observed globally to make the public aware of vision loss due to glaucoma in the month of March. In this context, School of Optometry, TUF organized a seminar and panel discussion on Beat Invisible Glaucoma (BIG) in Health Sciences wing. Prof Dr Sarfraz Hussain Syed, Head Department of Ophthalmology,

DHQ, Prof Dr Aamir Ali Chaudhry, Head Department of Ophthalmology, Madinah Teaching Hospital (MTH) and Prof Dr Zahid Siddiq from MTH in their discussion threw light on causes, prevention and treatment of Glaucoma.

They told that Glaucoma is an irreversible cause of blindness. It is also called silent thief of vision. Early prevention and

diagnosis can help us in saving vision of many persons around us. Patients with hypertension, diabetes and age more than 40 are at risk of increase intraocular pressure. Students of Optometry also presented a tableau highlighting the issues regarding the diseases.

Prof Dr Sarfraz Hussain Syed, Prof Dr Aamir Ali Chaudhry and Prof Dr Zahid Siddiq sharing their views on Glaucoma

## Seminar "Clinical Indicators of Nutritional Assessment"

March is National Nutrition Month. The campaign promotes healthy eating habits and nutrition education. School

of Nutrition and Dietetics, TUF organized a seminar on "Clinical Indicators of Nutritional Assessment" in Health

Sciences wing. Nutritional assessment and screening activities were conducted by Ms Nida Iftikhar and Ms Nizwa Qamar under the supervision of Prof Dr Syed Jawad Hussain, Head School of Nutrition and Dietetics.

The event aimed to help the people to gain access to healthy foods and encourage small changes to daily routines can make a big difference for overall health.

Ms Nizwa Qamar and Ms Nida Iftikhar addressing the audience

# World Physical Therapy Week Celebrations

As a part of Pre-celebrations of "World Physical Therapy Day -8 September" School of Rehabilitation Sciences organized power show with leading Physical Therapy Clinicians from all over the Faisalabad including: Dr Shahid Ahmad Heera; PT, Dr Shaista Bano; PT, Dr Farzana Fahad; PT, Dr Maria Tayyab; PT Dr Awais bin Inam; PT, Dr Basit Mehmood; PT, Dr Asif Saleem; PT, Dr Abbas Jutt; PT

and Dr Tamjeed Ghaffar; PT. Inter-School PhysQuiz contest and Intra-School PhysDrama competition were held. The winners and runner ups of all the events were awarded with certificates. The celebrations compiled with the tradition of cake cutting ceremony. Celebrations "World Physical Therapy Weekly" was inaugurated by Prof Dr Kaleem Shaukat, Head of Orthopedics

Departement and MS Dr Rana Bashir Ahmed of Madinah Teaching Hospital. An incredible show of talent of many DPT students, has victoriously reached its destination today in the Health Fair and Poster & Model Competitions. Students and teachers participated to check their Physical fitness. Guests appreciated efforts of students to make the event successful.

World Physical Therapy Week celebrations in Health Sciences wing

# World Sight Week Celebrations

School of Optometry, TUF organized a series of events to mark World Sight Week in Health Sciences wing on October 3-7, 2019. School of Optometry in collaboration with IAPB (International Agency for Prevention of Blindness) & Brien Holden Vision Institute organised a free comprehensive eye exam along with provision of spectacles, medicines and near adds. Drum Jam followed by food

stalls was also organised to collect charity for blind schools of Faisalabad. Camp was inaugurated by Pro-Rector Prof Dr Muhammad Saeed, Additional Registrar Ms Zahida Maqbool, Head of School Prof Dr Aamir Ali Chaudhary & Head of Community Medicine Prof Dr Zahid Masood. A free comprehensive eye exam along with provision of spectacles, medicines

and near adds followed by food stalls was also organized to collect charity for blind schools of Faisalabad. In Optometry expo stalls of contact lenses, spectacles and sunglasses were setup. Eye sight awareness seminar was held in Saleem Auditorium. Free eye screening camps at 6 different places of Faisalabad and surrounding areas were also conducted by School of Optometry.

World Sight Week celebrations in Health Sciences wing

## International Women's Day

Every year, March 8 is celebrated as International Women's Day, an occasion to celebrate the progress made by women in all walks of life. International Women's Day 2019 campaign theme of "Better the Balance, Better the World" is a call-to-action for driving gender balance across the world. TUF Community organized an event to observe the day in Health Sciences Campus.

Speaking to the TUFians, Ms Zahida Maqbool, Additional Registrar and Chairperson Women Foundation, Prof

Dr Tanzeela Khalid, Head School of Dermatology, Prof Dr Nayab Alia, Head Department of Radiology, Madinah Teaching Hospital (MTH), Prof Dr Aisha Sajid, Head Department of Pediatrics, MTH, Dr Saira Saleem, Associate Professor Surgery, MTH, Dr Shirza Nadeem Associate Professor Forensic Medicine, UMDC, Dr Komal Atta, Assistant Professor Optometry and Dr Durr-e-Ashian, Deputy Registrar shared their experiences and achievements to motivate them.

During the panel discussion with students, these dynamic ladies of TUF community threw light on the role and importance of the women for the progress of a nation. They emphasized on female students to devote themselves to their studies to play their role more efficiently for the progress of their motherland. An awareness walk was also organized to mark the day. The message of women's rights and their vital role in nation building was marvelously depicted by the TUFians.

Ms Zahida Maqbool, Chairperson Women Foundation, faculty members and students in walk to mark Women's day

## Malaria Day marked in TUF

World malaria day was marked in TUF on April 24, 2019. The theme of year 2019 was "I raise my hand to defeat malaria". Speaking on the occasion in his keynote address Prof Dr Zahid Masood, HoD Community Medicine, UMDC disclosed that still half of the world population was at the risk of malaria. Every two minutes a child dies due to malaria. The estimated number of malaria deaths in 2017, at 435 000 globally, remained virtually unchanged over the previous years. Dr

Masood further added that integrated vector control program and community participation was only solution to address the issue. He disclosed that vaccine against malaria (*P. falciparum*) has been launched and being used in a few African countries.

Speaking on the occasion Dr Adnan Ahmad, District Health Officer Faisalabad said that awareness programs play a key role in prevention and control of any disease. *P. vivax* was more prevalent in

Faisalabad and Pakistan; he added. He further told that malaria was preventable and curable. He explained the measures taken by Government of Punjab to prevent and control menace of malaria. Dr Uzma Sagheer and Ms Maham also spoke on the occasion. Students of 4th year MBBS presented very informative videos with reference to malaria day 2019. Large number of students and faculty members attended the event.

Prof Dr Zahid Masood, Dr Adnan Ahmad, Prof Dr Haji Muhammad Aslam and Dr Uzma Sagheer addressing the students in seminar

## White Cane Awareness day

The white cane is a mobility tool for visually impaired people that gives them some independence. School of Optometry, TUF organized program to observe White Cane awareness day in Health Sciences wing on October 15, 2019. It aimed to make everyone aware of the significance of a white cane.

Students of Optometry from different universities also participated in photography, model and documentary competitions. Skits performances by visually impaired students of blind

schools were very appealing.

Mr Yousaf Saleem, first ever blind judge in Pakistan was the chief guest. In his motivational talk to students he shared his experiences and achievements, he earned despite of his blindness.

Mr Muhammad Haider Amin, Chairman BoG, Prof Dr Muhammad Saeed, Pro Rector, Prof Dr Jamshed Nasir, Dean Alam Tower Sub campus Lahore and Prof Dr Aamir Ali Chaudhry Head School of Optometry were also present on the occasion.

White Cane awareness day celebrations at TUF

## Diabetes Awareness day: Protect Your Family

To mark the world diabetes day, awareness seminar was jointly organized by School of Nutritional Sciences and Department of Community Medicine in The University of Faisalabad. Speaking on the occasion Prof Dr Zahid Masood highlighted importance of theme "Families and Diabetes". According to a recent study there were 16% diabetics and 10% were Pre diabetics in Pakistan, he added. Prof Dr Akmal

Sharif labeled Diabetes as an epidemic. Prof Dr Ehsan ul Haq emphasized on role of doctors as a health educator. He added that family members of a diabetic patient have poor knowledge of early warning sign of diabetes. Dr Sameea Nazir spoke on the diabetes during pregnancy and its implications.

Prof Dr Syed Jawad Hussain spoke about the role of balanced diet in diabetes.

Prof Dr Muhammad Saeed Pro-Rector, TUF concluded the session advising the audience to practice healthy life style. Students from the School of Nutritional Sciences presented an impressive skit according to the theme of the diabetes day. Large number of students and faculty members attended the seminar. This was followed by an awareness walk.

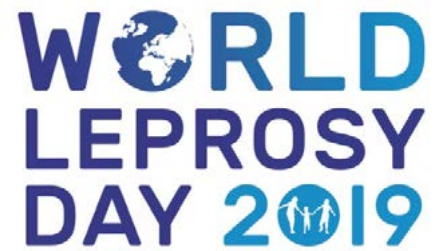

Faculty members and students in awareness walk on diabetes day

## World Leprosy Day

Ending discrimination, stigma and prejudice is fundamental to ending leprosy. To raise awareness about leprosy, Department of Dermatology, Madinah Teaching Hospital, UMDC and School of Dermatological Sciences, TUF organized a seminar on the occasion of 'World Leprosy Day' in Health Sciences wing. Dr Chris Schmotzer, renowned German

Physician and Medical Director, Aid to Leprosy patients, Rawalpindi Leprosy Hospital was the guest speaker. Dr Chris delivered a comprehensive lecture on "Ending discrimination, stigma and prejudice" the Global theme of the year. She told the audience that there is an effective cure for leprosy, and once it is properly treated, it can be completely

cured. "A strong progress has been made in the fight against leprosy worldwide", She added. A poster and model competition was also arranged among the teams of students under the supervision of Dr Rabia Mehmood, Coordinator School of Dermatological Sciences.

Dr Chris evaluated the students' work and appreciated their efforts to sensitize the people about Leprosy. The best presenters were awarded with prizes. Prof Dr Tanzeela Khalid, Head School of Dermatological Sciences also shared her views with participants.

Winner team of model competition receiving prize from Dr Chris Schmotzer and Prof Dr Sadia Hameed

## workshop on "Neonatal Life Support"

One day workshop on "Neonatal Life Support" was organized by the Department of Pediatrics Madinah Teaching Hospital on November 2, 2019. This course targeted the junior doctors and staff nurses being involved directly in the first hand care of the newborns. Special emphasis was laid on hands on practice of maintaining the airway and immediate neonatal resuscitation to avoid serious complications.

## Oral Health Awareness Campaign – Smile for All

Oral diseases pose a major health burden for many countries and affect people throughout their lifetime, causing pain, discomfort and disfigurement. These diseases share common risk factors with other major noncommunicable diseases. Factors contributing to oral diseases are an unhealthy diet high in sugar, use of tobacco and harmful use of alcohol. Most oral health conditions are largely preventable and can be treated in

their early stages. Oral Health Awareness Camp was organized at Health Sciences wing premises for class 4 category employees on November 21, 2019. A detailed examination followed by referral was done by Basic Dental Department, University Medical & Dental College. The activity helped the employees in educating and raising awareness on oral hygienic problems for better care of their health.

# Thesis Grad Show by School of Interior design

At the culmination of their interior design education at the School, the students are required to undertake research on a project of their choice during the final semester of the program.

The Thesis is an opportunity for the students to synthesize the accumulated knowledge and skills acquired in previous semesters, to explore all stages of design, from conception to feasibility and further towards a comprehensive design on a suitable site. The Thesis is assessed by an

external jury panel and is judged with regard to the originality of the work and conceptual and design development, use of materials and technology, presentation of the work and the ability to communicate effectively the potential of the Thesis Project.

Students of BSID batch 2015-19 put up excellent thesis projects. Worthy Chairman BoG, Pro Rector and Additional Registrar congratulated and appreciated the students on their creative abilities.

*"The wide array of research topics and design concepts was materialized in real time contexts to create tangible solutions for research problems with an underlying aim for an innovation culture, through inclusive decision making, open mind-set and empathetic approaches to collaboration activities."*

*Ms Afsheen Javaid  
Thesis Coordinator*

School of Interior Design - The University of Faisalabad

## Model Competition by Forensic Medicine Department

Department of Forensic Medicine & Toxicology organized Model Competition on February 28, 2019 at University Medical & Dental College under the supervision of Prof Dr Muhammad Aslam, HoD along with his team Associate Professor Dr Shirza Nadeem, Dr Almas Fatima Awan and Dr Rabia Ijaz.

Third year MBBS students displayed their creative skills in the form of models, two dimensional posters & standees which

were judged by Prof Dr Zahid Masood, Associate Professor Dr Sadaf Zia, Associate Professor Dr Sundus Tariq & Associate Professor Dr Saba Tariq.

Model on "Chain of Custody" was awarded First prize, "HCN poisoning" & "Suicide Crisis" 2nd prize & "Branches of Forensic Medicine" & "Post mortem Artefacts" was awarded 3rd prize. While model on "Autopsy incisions" was given Consolation prize.

Speaking on the occasion, Pro Rector TUF (Health Sciences Campus) Prof Dr Muhammad Saeed appreciated the efforts of students and faculty for making the event successful. Students were awarded trophies and certificates at the end of the ceremony. Prof Dr Muhammad Aslam appreciated the enthusiasm and passion of his students.

Winners of model competition receiving prizes from Dr Muhammad Saeed and Prof Dr Zahid Masood

## Poster Competition to Raise Health Awareness

12th annual poster competition was organized by the Department of Community Medicine, University Medical & Dental College.

Students of 4th year MBBS displayed in a meaningful way posters on diseases of public health concern. This included posters on Climate Change, Malnutrition, Diabetes, Dengue fever and many other diseases of public health importance. Pro Rector TUF (Health Sciences) Prof Dr Muhammad Saeed was the Chief Guest. He appreciated the hard work of students. Prof Dr Haji Muhammad Aslam and Prof Dr Zahid Masood evaluated the students' work and encouraged them.

The winners were awarded with prizes.

Prof Dr Muhammad Saeed and Prof Dr Haji Muhammad Aslam giving prizes to winners of poster competition

## Human Rights REEL Film Festival-2019

European Union Delegation to Pakistan is organizing 5th edition of the human Rights Film Festival with the United Nations Pakistan in 10 different cities on December 1-10, 2019. To support the festival as a partner University, TUF organized a Film Screening "Layla.M" in

Saleem Auditorium on December 6, 2019. Its purpose was to increase knowledge of human rights and the Universal Declaration of Human Rights among Pakistani audience especially students through a creative medium like film. The aim of this festival is to create cross-

cultural understanding and stimulate discussions on global human rights issues with students. Mr Zeeshan Hussain Outreach Consultant/Political, Trade & Communication Section European Union Delegation to Pakistan also visited the Campus on this occasion.

## Mehfil Milad-e-Mustafa (SAW)

A Mehfil Milad-e-Mustafa (Sallallahu Alaihi Wa Sallam) was held for females in The University of Faisalabad (TUF) on November 19, 2019. Students from TUF and University Cambridge School participated in the Mehfil. After recitation of the Holy Quran, Naat Khawan Ms Ayesha Batool and students offered Naats with deep devotion. They offered

Darood-o-Salam, Qaseeda Burda Sharif, Qaseeda Ghausia and Manaqabe-Ehl-e-Bait (Alaehimus-Salam). Participants expressed their immense love and deep affection for beloved Holy Prophet Hazrat Muhammad (Sallallahu Alaihi Wa Sallam) and renewed their pledge to truly follow 'Seerat-un-Nabi (Sallallahu Alaihi Wa Sallam). All the

audience felt spiritually elevated and bonded together as they listened to the holy recitals. The Mehfil-e-Milad ended with Drood-o-Salam and an overwhelming, heart touching 'Dua' for the unity of Muslim Ummah and stability of Pakistan. Faculty members and mothers of the students also attended the spiritual event.

Participants in Mehfil Milad-e-Mustafa (SAW)

## Weekly Islamic Seminars

As mission of TUF is to pursue excellence in education & research with a futuristic approach and inculcate among the youth qualities of leadership and innovation guided by the teachings of Islam, School of Arabic and Islamic Sciences organizes Islamic seminars for the character building of TUFians. Following seminars were conducted in

the University till the month of December 2019. Shab-e-Meraj, death anniversaries of Hazrat Musa Kaleem Ullah (Alaeh-i-Salaam), Um-ul-Momineen Syeda Ayesha (Salam ullah Alaiha), Umm-ul-Momineen Syeda Sauda (Salam ullah Alaiha), Umm-ul-Momineen Hazrat Umm-e-Salma (Salam-Ullah-Alaiha), Hazrat Abdullah bin Abdulmutlib (Alaehi-Salaam), Hazrat

Abu Huraira (Razi Allah Ta'ala Anho), Hazrat Abdullah bin Umar (Razi Allah Ta'ala Anho), Imam Ibn-e-Maja (Alaeh-i-Salaam), Imam Abu Daaood (Alaeh-i-Salaam), Hazrat Sakhi Sarwar (Rehmat-Ullah Alaih), Sultan Mehmood Ghaznawi (Rehmat-Ullah Alaih), Hazrat Ismaeel Shah Bukhari (Rehmat-Ullah Alaih (Karman Waley), Ummul Momineen Hazrat Hafsa

(Razi Allah Ta'ala Anha), Hazrat Bayazeed Bastami (RehmatUllah Alaih), Hazrat Zulnoon (RehmatUllah Alaih), Hazrat Sultan Shamasudin Altamish (Rehmat-Ullah Alaih), Hazrat Data Ganj Bakhsh Hajveri (Rehmat-Ullah Alaih), Shahadat of Syedna Ameer Hamza (Alaeh-i-Salaam) and birth anniversary of Syedna Imam Hassan (Alaeh-i-Salam).

These Islamic events were held in Health Sciences wing, Engineering wing and Alam Tower Sub Campus Lahore.

## Fehmul Quran and Computer Course

The University of Faisalabad in addition to providing facilities for professional education, lays equal emphasis on teachings of Islam. Every year TUF launches Fehm ul Quran course with Seerat-Un Nabi, Hadith, Fiqh, computer skills and spoken English courses for females in Health Sciences wing and no fee is charged from the participants. A two months course was attended by large number of students. Closing ceremony was held on August 30, 2019. Student Umm-e-Hania got overall 1st position while Lareb Tariq and Hadia Farooq stood 2nd and 3rd respectively. Position holders and participants of course were awarded with certificates.

Participants of course with faculty members of School of Islamic Studies

### Sayings of Hazrat Ali Karream-Allah-Wajhahu

- Wisdom is the goal of the believer, so acquire wisdom even from hypocrites.
- A believer does not enter into a matter in ignorance and never departs from the truth impotent.
- Treat the members of your family with love and respect because they act as wings with which you fly.
- There is no greater wealth than wisdom, no greater poverty than ignorance; no greater heritage than culture and no greater support than consultation.

## “Hazrat Awais Qarni (RA) and His Love for Holy Prophet (SAW)”

A seminar on “Hazrat Awais Qarni (RA) and His Love for Holy Prophet (SAW)” was organized in Engineering wing TUF.

World Renowned Islamic Research Scholar, Prolific Writer, Spiritual Guide & Founder of Kanz ul Huda International, Allama Shaykh Saqib Iqbal Shami was the guest speaker.

Speaking to the audience in Mukhtar auditorium, Allama Shaykh Saqib Iqbal told that Hazrat Owais Qarni's life had set an example for all the Muslims as how even without meeting the Prophet Muhammad (SAW), one may still earn Allah's favour and His pleasure, on account of his unflinching love for the Prophet Muhammad (SAW).

Large number of faculty members and students attended this spiritual event.

Mr Muhammad Haider Amin, Chairman BoG presenting memento to Allama Shaykh Saqib Iqbal

## Islamic seminar “Spiritual Intelligence and Personality Development”

A seminar on “Spiritual Intelligence and Personality Development” was arranged in Alam Tower Sub Campus, Lahore. Renowned Islamic Scholar Shaykh Ahmad Dabbagh, Principal of UK Academy of Islamic Sciences and Director of Wise Life Academy was the guest speaker. Shaykh Ahmad Dabbagh is a teacher of Self-Purification whose family lineage links back to Hazrat Imam Hassan al Basri (Rehmat ullah Alaih).

In his lecture, Ahmad Dabbagh focused on the purification of soul and self-development so that the human being could be purified from all negative thoughts, actions, emotions and morals by replacing them with positive thoughts, actions, emotions and morals.

This method is known as Prophetic Method (Tareeqah Muhammadiyah). Besides the large number of students and faculty members, Dr Ali Akbar Alazhari,

Dean Islamic Studies Lahore Garrison University, Dr Masood Ahmad Mujahid, Minhaj University Lahore also attended the spiritual session.

# Earthquake Relief by TUF

The University of Faisalabad has always extended financial and material support to rehabilitate people in case of natural calamities such as earth quakes and floods. The management provides lodgings, medicines and ration to the affectees. Students and management of the University thrives hard to lend a helping hand to the distressed by their active participation in distribution of

goods and supervision in construction of houses.

A 5.8 magnitude earthquake struck Azad Kashmir region of Pakistan, killing at least 20 people and injuring more than 300 on September 24, 2019.

Two teams with food items, blankets, warm clothes and other relief goods for earthquake victims, one from Health Science wing led by Ms Zahida

Maqbool, Additional Registrar and other from Engineering wing with Mr Ali Sher, Lecturer School of English went to different villages Mirpur district of Azad Kashmir. TUF teams consisting staff members and students travelled through earth quack affected areas and distributed packets of eatables and relief goods amongst the hundreds of victim families.

## Live Workshop on “Advanced Oncoplastic Breast Surgery”

A live workshop on “Advanced Oncoplastic Breast Surgery” was conducted by the department of Surgery, Madinah Teaching Hospital on November 4, 2019. This was a highly skilled and interactive workshop that attracted surgeons from different tertiary care hospitals of Rawalpindi, Bahawalpur and Layyah, besides Faisalabad.

Event started with inauguration by Professor Dr Amir Ali Chaudhry, Principal UMDC. There were three very skilled and foreign qualified facilitators: Dr GM Wattoo Oncoplastic breast surgeon at Sheffield UK, Dr M Asad Parvaiz, Oncoplastic breast surgeon from Shaukat Khanum Cancer Hospital, Lahore and Dr Saira Saleem, Oncoplastic breast surgeon and Associate Professor of Surgery at Madinah Teaching hospital.

They performed very unique and innovative surgeries of breast cancer patients. In all the three cases patient's breast was preserved using different novel breast reconstruction techniques that participants had not seen before. Event was supervised by Professor Dr

Irshad Ahmad, from department of Surgery MTH. Foreign facilitators highly appreciated the supportive environment

for learning and state of the art facilities provided to the patients at Madina Teaching hospital.
