AL-QURAN

In the name of Allah, the Beneficent, the Merciful
"Surely, those who recite the Book of Allah and establish Salat (Muslim Prayer) and spend out of what We have given them, surely and openly, should hope for a trade in which there is no loss; that He may give them their reward in full and give more out of His Bounty. Surely, He is Forgiving, appreciating".
(35:29-30)

Saying of the Holy Prophet Hazrat Muhammad (Sallallahu Alaihi Wa Sallam)

Narrated Hazrat Anas (Razi Allah Ta'ala Anho) :

"None of you will have faith till he loves me more than his father, his children and all mankind."

(Sahih Bukhari, Sahih Muslim)

"Come forward as servants of Islam organize the people economically, socially, educationally and politically and I am sure that you will be a power that will be accepted by everybody."

- Muhammad Ali Jinnah (Rehmat-Ullah Alaih)

Message
Muhammad Haider Amin
Chairman BoG

It has been another terrific year of success for The University of Faisalabad. Now TUF is not only one of the top institutes of the country but also placed amongst top 400 universities of the world as per UI GreenMetric World University Rankings and the Times Higher Education (THE) Impact Rankings. Today the global standing of TUF is strong and it will grow stronger in years ahead, Insha Allah .

As you will read this edition our faculty, alumni and students are continuing to make the name of this institute as a leading institute of higher education. I appreciate the efforts of our faculty and staff for continued support as we work to move The University of Faisalabad forward.

Message
Prof (Meritorious) Dr Muhammad Khaleeq-ur-Rahman, Rector

I feel privileged to lead The University of Faisalabad as a Rector, during the year 2021. The University has made remarkable achievements in the year 2021 which are outlined in this edition of News Bulletin.

TUF through its mission and vision is committed to disseminate the knowledge by providing research and teaching activities with its state of the art facilities produces the graduates as per International standards. The University besides this also gives special importance to the civic role and has been very active in this area during the year 2021. I hope under the dynamic supervision of Chairman Board of Governors, University will continue its efforts to support social engagements and empower our youth for a prosperous Pakistan. Wishing TUF every success in the future.

Eighth Convocation

Dedicated to our
National Hero
Dr Abdul Qadeer Khan
(Late)

Eighth Convocation of The University of Faisalabad and Seventh Convocation of University Medical & Dental College was held on October 16, 2021. The Convocation was dedicated to National Hero of Pakistan, Dr Abdul Qadeer Khan (Late).

Choudhry Zaheer-ud-Din, Minister for Public Prosecution, Punjab was the Chief Guest. Prof Dr Maroof Aziz Khan, Pro Vice Chancellor, University of Health Sciences Lahore also graced the occasion. Mr Muhammad Haider Amin, Chairman Board of Governors, TUF. Prof (Meritorious) Dr Muhammad Khaleeq-ur-Rahman, Rector, Ms Zahida Maqbool, Additional Registrar, Prof Dr Aamir Ali Choudhry, Principal University Medical & Dental College, Prof Dr Farrukh Imran, Principal (Dental) UMDC, Prof Dr Muhammad Akram Malik, Vice Principal UMDC, Deans, Heads of departments, faculty members, graduates and their parents were present.

While addressing the audience Ch Zaheer-ud-Din congratulated the young graduates and advised them to play their role for the development and prosperity the country. He

appreciated the philanthropic services of Madinah Foundation in education and health sector. "The ranking of the University of Faisalabad amongst top 500 Universities of the world is highly appreciable and TUF is a role model in private sector", he added.

Mr Muhammad Haider Amin in his address congratulated the graduating students and prayed for their success for a brilliant career. He also briefed the audience about the remarkable performance of the university during past 19 years.

'Special emphasis is being laid on research and development in the University and state-of-the-art facilities are being provided to the students here', he added.

In his address Prof Dr Maroof Aziz Khan, Pro Vice Chancellor UHS advised the graduates of UMDC to enter in professional life with aim to serve suffering humanity.

Addressing the august gathering of convocation Prof Dr Muhammad Khaleeq-ur-Rahman, Rector expressed his felicitations to all graduating students on successful completion of

their studies and welcomed them in community of TUF Alumni.

Prof Dr Aamir Ali Choudhry, Ms Zahida Maqbool, Additional Registrar also addressed the audience.

In Convocation 1308 graduates from TUF and UMDC were awarded degrees, while 28 promising graduates were awarded gold medals, 38 silver and 27 bronze medals. Faculty and staff members who rendered dedicated services to TUF, UMDC and MTH for ten years were also awarded medals and prizes.

"Services of Madinah Foundation in health and education sectors are highly admirable and credit goes to Mian Muhammad Hanif, Patron in Chief of Foundation."

Choudhry Zaheer-ud-Din

"During the short span of time, The University has ranked not only one of the top institutions of the country but also counted among top 400 universities of the World."

Ms Loo Hui Ann, Director ICCCM and on behalf of TUF Prof (Meritorious) Dr Muhammad Khaleeq-ur-Rahman, Rector signed the document.

Ms Zahida Maqbool, Additional Registrar and Dr Amna Javed Manager International Linkages, TUF also witnessed the ceremony.

The purpose of this MoU is to develop academic and educational cooperation on the basis of equality and reciprocity and to promote relations and mutual understanding between both institutions. Both the institutions agreed to cooperate

in their mutual interest for a range of Higher Education and Research and Innovation activities.

Dr Khaleeq-ur-Rahman appreciated this activity and declared it very beneficial for the faculty and students of TUF.

Victoria University, Melbourne Australia

The University of Faisalabad has signed a Memorandum of Understanding with Victoria University, Melbourne, Australia. The agreement was signed to establish a formal affiliation for the purpose of enhancing the relationship between the two institutions through the promotion and development of collaborative research, academic and exchange programs.

TUF Signs MoU to Promote Dermal Sciences Research

TUF signed a Memorandum of Understanding with Signature by Eram for the promotion and development of dermal sciences research and practical implementation. Ms Eram Waqar, Director Signature by Eram and Ms Zahida Maqbool, Additional Registrar, TUF signed this agreement during a ceremony held in Health Sciences wing on November 29, 2021. Prof Dr Tanzeela Khalid, Head Department of Dermatology and Dr Amna Javed, Focal Person/Manager International Linkages, TUF were also present on the occasion. The purpose of this agreement is as follows:

- Joint collaborative skin care consultation campaigns
- Awareness programs and seminars
- Students internships
- Trainings and consultancy programs
- Research attachment of skin care products, cosmetologists services and esthetic Centre consultancy for various projects

- Placement of TUF graduates as clinical cosmetologists and physician associates with dermatologists and

other activities of mutual benefit for the two parties.

Ms Zahida Maqbool and Ms Eram Waqar with others during MoU signing ceremony at TUF

TUF | THE UNIVERSITY OF FAISALABAD

TUF Inks MoU with FPCCI to Promote Industry Academia Linkages

In the spirit of scholarly exchange towards the promotion of National Interest, The University of Faisalabad (TUF) and the Federation of Pakistan Chambers of Commerce & Industry (FPCCI) Karachi has signed a Memorandum of Understanding (MoU) on December 13, 2021. The agreement was signed by Prof (Meritorious) Dr Muhammad Khaleeq-ur-Rahman, Rector TUF and Mian Nasser Hyatt Maggo, President FPCCI. According to this MoU TUF and FPCCI

mutually agreed upon the principles to develop intellectual relations, academic and professional cooperation to promote creation, development, implementation, transfer and export of indigenous industrial knowledge, technologies and skills through applied academics research in order to benefit national industry through import substitution, exports value-addition leading to strengthening national economy. FPCCI will effectively and professionally support TUF in its efforts to

establish academic and research system for addressing the challenges of national industry in terms of existing, emerging and future technologies. FPCCI will also help the TUF in placement of its interneers in various industries. TUF and FPCCI will jointly organize seminars, workshops, and training sessions. Mr Noman Zahid and Mr Khalid Amin Sheikh, will act as the Focal Persons of TUF and FPCCI respectively for the purpose of necessary coordination and implementation of this MoU.

TUF Signs MOU with Global Shapers

Plastic pollution is a global problem, threatening both the health of humans and ecosystems worldwide. Every year, out of an unimaginable 300 million metric tonnes of plastic produced, half is made into single-use items: takeaway cups, food wrappers, grocery bags and more. And, every year, another eight million metric tonnes of this plastic drifts or sink into the ocean, adding to what's already there and taking decades to break down. And the figure isn't going down—if nothing is done, we can expect it to rise to 17 million tonnes per year by 2025.

The University of Faisalabad signed a Memorandum of Understanding with Global Shapers Pakistan for the purpose of achieving various aims and objectives to help tackle the problem of urban plastic pollution.

Purpose of this memorandum is to provide a framework for any future binding relationship between Global Shapers and the University of Faisalabad.

AGREEMENT:

- Facilitating research and scholars
 - Conduct seminars and training sessions
 - Tackle Community Plastic Waste
 - Recognizing climate change
 - Green future for upcoming generation
- The University of Faisalabad, with the help of Global Shapers Pakistan is building a community that adopts the sustainable development goals of the United Nations. They put their focus on suitability goal number 13, which is climate change. The University of Faisalabad has taken some promising steps to tackle pollution at the national and global levels. The initiative aims to source innovative solutions to help stem the devastating flow of plastic pollution.

INORGANIC WASTE TREATMENT:

With the collaboration of Global Shapers, students from the interior design department take the initiative to use recycled material for event decoration.

- Global Shapers placed separate bins in the university. Separate bins allow sanitation workers to separate highly recyclable organic and inorganic waste.
- Global Shapers collects inorganic recyclable waste materials and sends them to various oil refineries and other industries that use them for recycling.
- Global Shapers encourages the university to replace plastic pens with ink pens to combat plastic pollution.
- Students, faculty, and management are notified to use reusable essentials such as cups and water bottles to reduce plastic use.
- Global Shapers, in collaboration with the University of Faisalabad, recruited volunteers to collect plastic waste from all over the city and deliver it to the industries to recycle it.
- On both campuses of the University, Global Shapers installed water coolers for students to make the campus plastic-free.

MoU with Sadaqat Limited

TUF Placement bureau is playing vital role to help TUFians know about the industry and market they are getting into. Placement bureau also supports students by giving career counseling and through personality development initiatives. It helps in locating internship and job opportunities for graduates by keeping in touch with reputed firms and industrial establishments. Alhamdo Lillah, TUF graduates are heading out into the professional world with a lot more awareness and preparation.

Recently, Placement Bureau of The University of Faisalabad has signed MoU with Sadaqat Limited, a leading industrial group of Pakistan, regarding Students' Internship, Technology exchange and aligning of degree programs' curriculum according to industrial requirements in

order to bridge gap between industry and Academia. Mr Omer Farooq Qureshi, Manager Placement Bureau, TUF and

Mr Shahzad Afzal Cheema, Director HR/ Admin & Operations signed this MoU.

Mr Omer Farooq Qureshi, Mr Shahzad Afzal Cheema with others in MoU signing ceremony

1st International Conference on Dermal Sciences – ICDS 2021

Department of Dermatology, in collaboration with ORIC, TUF organized first 1st International Conference on Dermal Sciences in The University of Faisalabad on November 20, 2021. The conference was on the theme of "Psychosocial Impact of Colorism" which was first ever of its kind in Pakistan.

It was a hybrid conference participated by Dermatologists, Psychologists and Researchers from seven different countries including Pakistan, USA, China, India, Nigeria, Indonesia and Malaysia. The experts presented their research work to highlight the Psychosocial Impact of Colorism. They told that, prejudice based on color of

skin or preference of people with lighter skin over darker ones is Colorism, which results in several psychological and social issues. This emerging problem is further causing self identity crisis and people with darker tone being a victim of traumatic stress, initiate the use of unethical treatments for the sake of fair skin tone or a better life.

Addressing the audience Mr Muhammad Haider Amin, Chairman Board of Governors, TUF and Prof (Meritorious) Dr Muhammad Khaleeq-ur-Rahman, Rector appreciated the efforts of Dermatology department on organizing this conference on unique and important topic. Young researchers also presented their innovative ideas of research.

Prof Dr Muhammad Arif Maan, Head Department of Dermatology, Faisalabad Medical University, Dr Muhammad Saleem Ghori, Prof Dr Aamir Ali Choudhry, Principal University Medical & Dental College.

Prof Dr Tanzeela Khalid, Head Department of Dermatology and Dr Sohail Jabbar, Director ORIC were also present to encourage the young researchers.

On this occasion, students from various universities of participant countries also took part in E-Poster, Documentary, Photography, Essay writing and Poetry competitions. The winners were awarded cash prizes and certificates.

International Speakers

TUFIANS Participate in International Virtual Students Exchange Program

Department The University of Faisalabad well participated in International Virtual Students Exchange Program 2021 STIKes Budi Luhur Cimahi & Budi Luhur International Network for Education (BIN for Edu), Indonesia held on March 31 – April 26, 2021.

Students from eight countries including Indonesia, Turkey, Thailand, Egypt, Malaysia, Philippines, United Arab Emirates and Pakistan participated in various programs.

TUFIANS actively participated in following activities:

- Prayer readings Short games participation
- Games Ke-1 Charades
- Games Ke-2 Story Telling
- Comparative study of student council "Introduction to student

organizations of each Institution" (PPT)

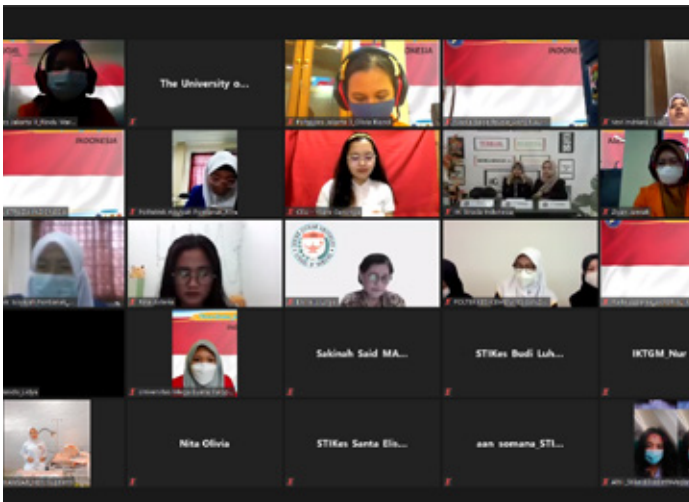

- Cultural video tour
- Healthy fun contest
- Basic Life Assistance Competition
- Interactive Talk show "The role of students in the COVID-19 Pandemic Era"
- Discussion and Dialogue conducted in person Sit in class sessions
- Talk to each other activity
- Get acquainted, Exchange account on social media, Talk about college activities, Introduction of campus, Creation of communication media
- Well participation in evaluation and direction of all activities
- Participant Testimonial video
- Dr Katsiaryna Hurbik, Associate Professor/Head, Department of

Contemporary Languages, TUF participated as Judge of Debate Contest – Dr Komal Atta, Assistant Professor/ Senior Coordinator, Department of Optometry, TUF Participated as Lecturer of Sit in class session.

TUFIANS' cultural video background anthem theme was much appreciated by International students. Judge of contest was much touched by beauty of Pakistan shown in video.

TUFIANS boldly interacted with International students and answered the questions asked by other International students regarding the campus and country.

The University of Faisalabad, Pakistan and students got certification from STIKes Budi Luhur Cimahi, Indonesia.

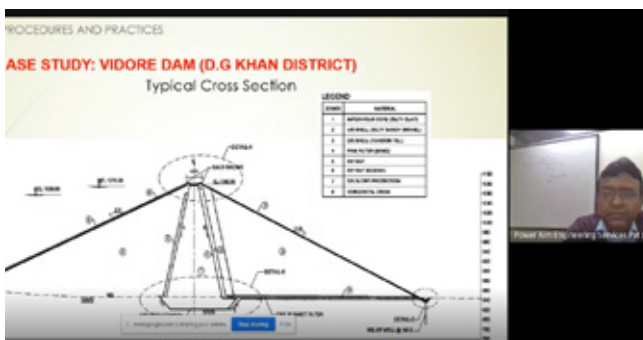

Webinar “Design of Embankment Dams”

Mr. Muhammad Moeen Chief Engineer, National Engineering Services Pakistan (NESPAK) delivered lecture through Webinar on Thursday December 2nd, 2021 to faculty and students of Department of Civil Engineering on the topic “Design of Embankment Dams”.

He discussed various research trends in dams design and fundamental steps involved in design of embankment dams. He discussed how different geotechnical parameters should be kept in mind to design a dam also how different factors influence dam design. He discussed

failure criterion of embankment dams, different characteristics of foundation of dams, types of materials available for embankment dams construction, seepage control and foundation treatment methods.

Students of Civil Engineering attending webinar “Designing of Embankment Dams”

Basics in Teaching & Learning course (BTL)

To facilitate newly inducted teachers in health professions education and for the professional development of its academic staff, Department of Medical Education at UMD, has been organizing Basics in Teaching & Learning course (BTL) since 2012. This year also a 2-week course having a series of 9 workshops was organized in January 2021. The workshops included:

- What it means to be a teacher?
- Reflective practice
- Domains of learning
- Writing learning outcomes
- Presentation skills
- Facilitating a small group discussion
- Online teaching and assessment
- Constructive feedback
- MCQ development

These workshops were facilitated by DME team including Prof Dr Tanzeela Khalid, Dr Shirza Nadeem, Dr Sundus Tariq, Dr Sumera Riaz and Dr Saba

Tariq. 21 MBBS & BDS faculty members enthusiastically participated in this course. After formal training, participants demonstrated their presentation skills

and were given constructive feedback. Successful participants were awarded a certificate of 18 CME hours at the end of BTL course.

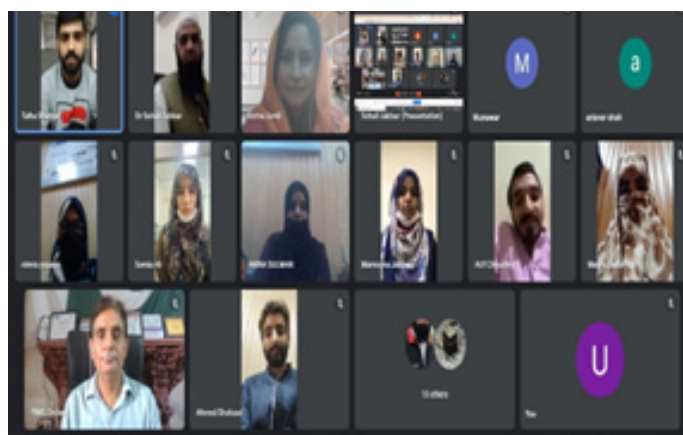

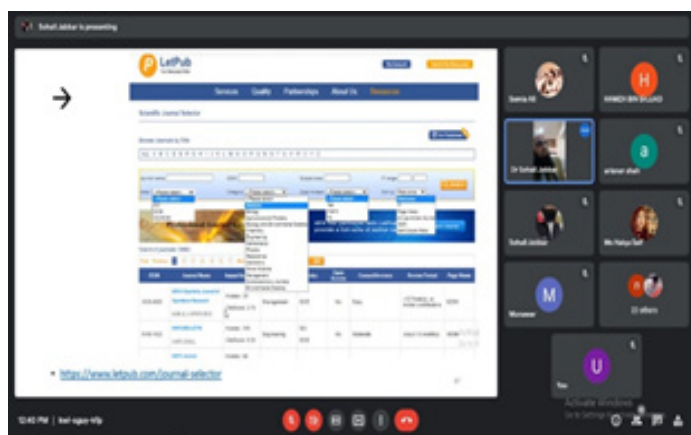

Prof Dr Tanzeela Khalid with other participants of BTL session

Webinar" From Research Publications to Research Visibility"

Research is a pivotal source of authentic and evidence-based knowledge. Such an effort, carried out by dexterous researchers, deserves to be visible to all. Office of Research Innovation and Commercialization, The University of Faisalabad, arranged an awareness webinar on October 12, 2021, on "Research Publications and Research visibility" in the Engineering wing. Dr Sohail Jabbar, Associate Professor, Department of Computational Sciences and Associate Dean, Faculty of Information Technology was the resource person who shed light on essentialities to be a successful researcher. He addressed the curiosities

regarding the weightage and levels of publications and the submission venues. He further shed light on the ways and sources for researchers to make their research work visible to the public in the best possible manner. He emphasized the importance of improving critical thinking skills for exploration, description and explanation in authentic research work. While talking about publication types, Dr Sohail Jabbar explained the difference between article and book chapters. He explained the flowchart for carrying out research work, including the steps of hypothesis, procedure experimentation, data analysis and conclusion. He also gave a detailed

idea about conference papers, editorial papers, Erratum, working papers, letters, notes, retracted articles, reviews and short surveys. Highlighting the burgeoning competition in academia, he talked about the importance of authenticity and consistency for better research visibility and guided about writing optimized short and long bio for academic purposes. He explored different platforms like Research gate, ORCID (open research and contributor identifier), Academia.edu, PubMed Central, Google scholar, and Publons for the audience.

Informative webinar on "Research Publications to research visibility"

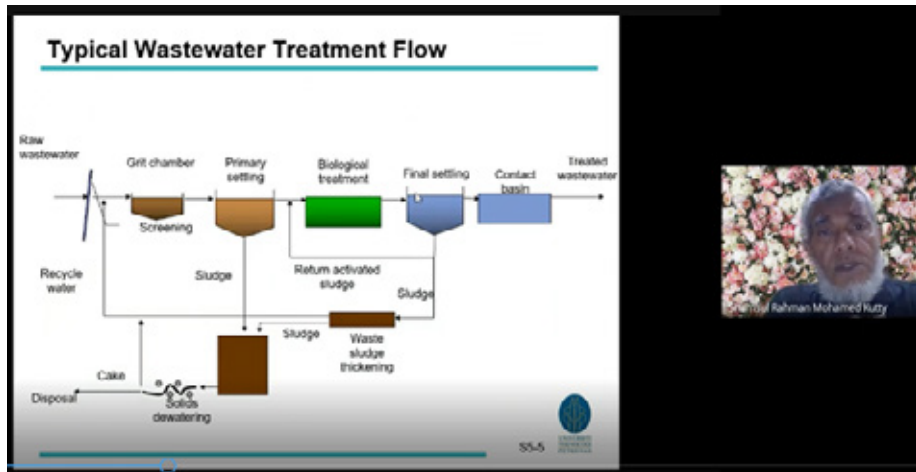

Webinar "Things You Need to Know About Activated Sludge System"

Associate Professor Dr Shamsul Rahman Mohamed Kutty delivered lecture through Webinar on November 4, 2021 to faculty and students of Department of Civil Engineering on the topic "Things You Need to Know about Activated Sludge System". He discussed various waste water

treatment methods in Malaysia and compared the treatment methods of wastewater in different countries. He discussed the importance of activated sludge system in order to get more accurate values of effluent discharge with the already set rules and parameters. He concluded that with the

help of this technique, we can treat the wastewater more efficiently than other available methods of waste water with the help of microbial addition.

At the end of the session, participants asked the questions to the speaker and fruitful discussion was held.

Faculty members and students of Civil Engineering attending lecture by Dr Shamsul Rahman

Webinar "Dynamic Horizons in the Field of Cosmetic Sciences"

Continuing the journey towards active and effective learning during the COVID-19 pandemic, the Department of Dermatological Sciences in association with TUF Society for Skin Care organized a webinar on "Dynamic horizons in the field of Cosmetic Sciences" under the supervision of Head of Department Prof Dr Tanzeela Khalid and Coordinator Dr Rabia Mahmood.

The guest speaker Dr Sidra Meer, PhD scholar and Assistant Professor Department of Pharmacy, TUF, provided extensive knowledge covering the milestones like the scope of herbal cosmetics in skincare, types of skin care formulations, their base formulas, and instruments used for this purpose. In the end, she conducted an interactive session with the participants by answering their queries. This event equipped the participants with a great deal of knowledge and understanding in the field of Cosmetic Sciences.

Workshop “Outcome Based Education”

A workshop under the tagline “Continuous Professional Development” was conducted by Center of Executive Learning (CEL), TUF at the Engineering Wing on January 14, 2021. The topic of the session was “Complex Engineering Problems” that was conducted by distinguished guest speaker, Dr Badar-ul-Islam, from The NFC Institute of Engineering and Fertilizer Research (NFC IE&FR), Faisalabad.

Dr Badar is Head of the Department of Electrical Engineering and Director ORIC at NFC IE&FR. He earned his PhD in Electrical Engineering from Universiti Teknologi PETRONAS, Malaysia. He has many awards and honors, both

National and International, on his credit. The session encompassed basics of Outcome Based Education (OBE), detailed rubrics and strategies for the PEC criteria-based self-assessment of the Engineering Departments, Open-

Ended Labs, and Complex Engineering Problems. The session was attended by the Deans of Faculties, Heads of the Departments, and Faculty members of the Engineering Wing of TUF.

Dr Badar-ul-Islam delivering lecture on Outcome Based Education

Seminar “Financial Feasibility of Business Plan”

The University of Faisalabad has recently signed a Memorandum of Understanding with Institute of Cost and Management Accountants (ICMA) of Pakistan. The fruit bearing collaborations of TUF are on swing. A recent limelight is the seminar on “Financial Feasibility of Business Plan” by joint collaboration of TUF and ICMA. It was held on December 23, 2021 at The University of Faisalabad.

Guest Speakers Mr Shabhid Irshad, CFO, Aziz Fatima Trust, Mr Tanveer Sajid, CFO, AQ Textiles, and Dr Arshia Hashmi, Head Department of Management Studies

TUF gave the comprehensive view of feasibility aspects with a practical lens. Students of Bachelor of Business Administration, Bachelor of Interior

Design, BS Computer Science, BS Software Engineering and BS Dermal Sciences learnt this entrepreneurial skill as audience.

Mr Shabhid Irshad, Mr Tanveer Sajid, Dr Arshia Hashmi sharing their views

Series of International Webinars by Department of Optometry

Department of Optometry, The University of Faisalabad conducted a series of International webinars in collaboration with The International Association for Medical Education in Europe (AMEE) in March 2021.

– “Importance of Integration in the Medical Curriculum” on March 2, 2021 – “Importance of Assessment” on March 4, 2021

“Lady bosses: exploring challenges & Opportunities for women in leadership roles in medical education” on March 22, 2021

by **Associate Prof Ardi Findyartini**

Head of Department of Medical Education at Faculty of Medicine Universitas Indonesia

Ardi Findyartini is a medical doctor graduated from Faculty of Medicine Universitas Indonesia (FMUI) in 2002. She completed the doctoral program in Melbourne Medical School Faculty of Medicine, Dentistry and Health Sciences, The University of Melbourne in 2012. The highlight of her thesis on how clinical reasoning is taught and learned in Australia and Indonesia motivates her to learn further on how best practices in medical education can be implemented contextually. She is currently the Head of Department of Medical Education, the Head of Medical Education Unit and the Coordinator of Medical Education Cluster at Indonesia Medical Education and Research Institute (IMERI) at the Faculty of Medicine Universitas Indonesia.

Chairperson, Health Professions Education & Research Department
Faisalabad Medical University
Faisalabad

The elevation of teacher is indeed the elevation of student and The University of Faisalabad is never negligent upon its importance. Center of Executive Learning (CEL) and Office of Research Innovation and Commercialization (ORIC), TUF organized series of workshops under the tagline of "Faculty Development Program". This program had a profound impact on

the learning systems and is one of the most important factors towards building the strong foundation of educational institution to ensure quality education. The teacher assessment has an excessive effect on the overall learning process and procedure as well as it provides the training for the enhancement of knowledge. These training programs had been conducted

under diversified fields covering a variety of intellectual studies. The University of Faisalabad always comes ahead for learning and development opportunities for its faculty and this program is also one of the traditions of its learning culture. Accordingly, following training sessions were conducted during the month of September 2021:

Faculty Development Workshops held in Health Sciences Wing

Workshop “Clay Sculpture”

Workshop on Clay Sculpture organized at Department of Design & Interiors, with facilitator and instructor Rida Yawar, an architect and entrepreneur, and sculpture enthusiast.

The students participated enthusiastically and eagerly exploring clay mediums for design abstraction, converting basic sketches into relief pieces that will be used to cast silicone molds and plaster of Paris sculptures.

Auto-Cad Workshop by Department of Design & Interiors

Two day Auto-Cad Workshop was organized by Department of Design & Interiors highlighting the importance of digital representation process for a variety of design and technical drawings including working plans, sections &

interior elevations.

A wide array of digital tools was taught employed in professional drawings to scale and understanding of annotation and dimensions. Facilitators Ms Samreen Liaquat and Ms Nouma Irfan

indulged in hands on training with the students of Bachelor of Interior Design (BID) instructing about complicated sectional details of roof gardens, green walls, skylights and several other interior-architectural elements.

Students of BID in Auto-Cad Workshop

Students of BID on Academic Tour

The academic tours provide education to students to explore things personally in an eloquent way Department of Design & Interiors, TUF organized an academic tour to Marhaba Tiles Showroom & Kale Faisalabad, to learn and convey practical

understanding of tile floor finishes & sanitary wear utilized in interior design projects, at residential & commercial scale. Bachelor of Interior Design (BID) students of 3rd and 5th semesters under course curricula of Material and

Construction – I and Building Systems and Services got in-depth knowledge of sizes, scale and texture, colour schemes and manufacturing details of different materials as well as its installation techniques.

Students of BID on academic tour of Marhaba Tiles Showroom & Kale

Seminar “History of Visual Arts”

Department of Design & Interiors organized a seminar on “History of Visual Arts” on June 18, 2021.

Ms Faiqa Waqar was the keynote speaker. She has a doctorate in History of Arts and has expertise in exploration of visual art mediums. She delivered lecture on history of sculpture, paintings and artists of different eras. Her presentation chronologically began from pre-historic times and covered all the way till pop art. It was a great session for students, bursting with theoretical knowledge and practical techniques. Students also shared their queries regarding conversion of visual art e.g Paintings into spatial designs with her.

She addressed every question and provided students innovative ideas to mold visual arts into physical.

In concluding session, Ms Afsheen Javaid, Head Department of Design & Interiors thanked Ms Faiqa Waqar for sharing her valuable knowledge and experience with students of Interior Design.

Fire Fighting Training Session at TUF

A “Fire prevention/fighting training” session was organized by The University of Faisalabad in collaboration with Rescue 1122 in Health Sciences Wing on February 8, 2021.

Mr Muzammil Hussain, Senior Instructor from Rescue 1122 and Mr Mujahid Ali, Fire Fighter Officer, TUF conducted the session, actively participated by faculty members, staff and students.

In his lecture, Mr Muzammil gave general awareness about fire prevention/fighting techniques and use of equipment. Orientation on various types

of fire extinguishers and equipment was also given by him. Later, mock drill/practical exercises of fire fighting were performed by the participants.

The participants took keen interest in these exercises and thanked the University Management particularly the Rescue 1122 for conducting such useful training. The participants claimed that such type of exercises will help them in generating timely response in case some unfortunate incident occurs.

Students performing fire fighting mock drill

International Women's Day

International Women's day on 8th March, is a time to reflect on progress made, to call for change and to celebrate acts of courage and determination by women who have played an extraordinary role in the history of their countries and communities. In Health Sciences wing, TUFians celebrated the day on this year's theme; "Choose to Challenge".

Prof Dr Robina Farooq, Vice Chancellor, Government College Women University Faisalabad was the chief guest. In her address Dr Robina Farooq threw

light on the role and importance of women for the progress of a nation. She told that female students are showing marvelous academic results but after completing their education, not taking part in professional life. She emphasized on female students to devote themselves to their studies and come forward in practical life to play their role more efficiently for the progress of their motherland. Ms Zahida Maqbool, Additional Registrar and President Women Foundation alongwith other faculty members, staff and large number of students were present to celebrate the day organized by Department of English and TUF

Dramatic Society.

Women's day was also observed in TUF Engineering wing. Mr Muhammad Zubair, Deputy Registrar and others shared their views to mark the day.

Students presented tableaux, documentaries, delivered speeches, displayed posters and organized an awareness walk to sensitize the audience about odds and obstacles women have to face in the society.

The message of women's rights was marvelously depicted by the commendable activities of TUFians.

This successful event was a combined effort of TUF Musical, Art and Culture Societies in Engineering wing.

TUFIANS Raise Awareness on Breast Cancer

A seminar on "Breast Cancer awareness" was organized by the Department of Surgery, Madinah Teaching Hospital (MTH) on October 21, 2021. Mainly female janitorial workers of MTH were addressed to spread the message for their awareness. Doctors from different departments of the hospital and nursing staff also attended the seminar.

Prof Dr Irshad Ahmad, Head Department of Surgery in his welcome address highlighted the importance of Breast

Cancer awareness and early detection. Dr Sumaira Riaz, Head Community Medicine Department described methods of breast self examination and different risk factors that involved in breast cancer development.

Prof Dr Saira Saleem, Oncoplastic Breast Surgeon of Madinah Teaching Hospital explained how we can diagnose the cancer and treat it according to different cancer stages. Medical Superintendent Brig (Retd) Dr Munir Ahmad explained the objectives of seminar and need to

spread message of early and timely detection of the disease.

Prof Dr AG Rehan shared his lifelong experience of management cancer and explained how diagnosis and treatment of breast cancer evolved with time.

Finally Principal UMDC and Chief Guest of event professor Dr Aamir Ali Chaudhary concluded the event with remarks of timely prevention, diagnosis and treatment of this lethal disease to save the life of patient.

Senior Management and staff of MTH gathered to raise awareness on Breast Cancer

World Leprosy Day

To "Beat Leprosy, End Stigma and Advocate for Mental Well-being", Department of Dermatology conducted a seminar in collaboration with TUF Society for Skincare. The main purpose of this event was to highlight the sufferings of patients and combat a Neglected Tropical Disease.

The director of the Rawalpindi Leprosy

Hospital, Dr Chris Schmotzer was the chief guest of seminar. She has been serving leprosy patients in Pakistan since last 33 years. The tribute was paid to her services in the form of a short documentary. She delivered a talk to raise awareness about leprosy on the basis of her knowledge and experience. Various competitions were held among

the students to assure their active participation in the seminar. Prizes were distributed among the position holders. In the end, the Shield of honor was presented to Dr Chris by Prof Dr Tanzeela Khalid, Head Department of Dermatology, on behalf of The University of Faisalabad.

Dr Chris Schmotzer and Prof Dr Tanzeela Khalid addressing the audience

World Blood Donor Day

Give blood and keep the world beating. 14 June 2021

Department of Pathology, UMDC has been celebrating World Blood Donors Day on every 14th June under the flag of The University of Faisalabad for many years. The basic purpose of observing this day is to make the general population aware about the demand of blood donation, indications, donor selection criteria, complications and management. Different activities like blood camps, seminars, workshops and quiz competitions have been acquired to meet the cause.

This year bearing in mind the COVID pandemics a seminar was conducted by the department as an integrative session involving the collaboration of departments of Medical Education, Medicine, Community Medicine and Diagnostic centre of Madinah Teaching Hospital following COVID-19, SOPs strictly.

In opening session, Prof Dr Shazia Aslam, Head Department of Pathology gave a welcome speech to the faculty members, participants and the students of MBBS and DMLSI. Students from 4th year MBBS presented a heartwarming skit emphasizing the worth of blood donation.

Dr Sadia Ijaz Assistant Professor of Pathology highlighted the state of the

art laboratory equipment and certified services available in Madinah Teaching Hospital Diagnostic Centre ready to serve round the clock to assure uninterrupted services for the donors and recipients. In her presentation she introduced the autologous transfusion as an emerging mode of transfusion in which patient donates his or her own blood before intervention to be transfused later on.

This session was followed by an enlightening presentation delivered by Associate Professor and Head of Department of Community Medicine Dr Sumera Riaz. She highlighted the types of infections which can be transmitted by transfusions and their screening methods. Dr Salman Azhar

Assistant Professor of Medicine from the Department of General Medicine threw light upon the acute and chronic complication of blood transfusion and their management. He accentuated the role of monitoring throughout the time in which transfusion is taking place.

Ms Fiza Nadeem student of Department of Pathology, DMLS gave her presentation regarding the transfusion transmitted infections and their screening.

The seminar was concluded by the words of thanks by Head, Department of Forensic Medicine and Coordinator Department of Basic Science, UMDC Dr Shirza Nadeem. She maintained the spirit of occasion and gave her valuable comments.

Students' performance in a skit to raise awareness on blood donation

Dr Shazia Aslam, Dr Shirza Nadeem, Dr Sumera Riaz, Dr Salman Azhar and others addressing the audience

World Hepatitis Day

World Hepatitis Day is observed annually on 28th July. Department of Gastroenterology, Madinah Teaching Hospital organized a series of activities to mark the day. A seminar and awareness walk was held to raise public awareness. Prof Dr Shahid Rasool, Head Department of Gastroenterology

and Hepatology delivered lecture to MBBS students, paramedical staff and faculty members regarding prevention, diagnosis and treatment of hepatitis B and C. Prof Dr Aamir Ali Choudhry, Principal UMDC and Brig Dr Muneer Ahmad (Retd), MS MTH also delivered comprehensive talks

regarding prevalence and management of hepatitis in Pakistan.

Later, Hepatitis screening camp was also organized in MTH. The camp activity turned out to be really successful as it helped many patients in MTH to find out about their hidden illness.

**World Oral
Health Day**
20 March

**BE PROUD
OF YOUR MOUTH**

A good smile is the main source of happiness in life.

"It only takes a few movements with a brush every day to keep a smiley face and we help in maintaining the smile in your face because we believe that tooth is more valuable than a diamond."

Professor Dr Mian Farrukh Imran Principal Dental College (UMDC).

In context of World Oral Health Day, an activity for Doctors' dental sensitivity test through ice lolly was conducted in Dental Clinics, Madinah Teaching Hospital. Prof Dr Mian Farrukh Imran, Principal Dental College (UMDC) with other faculty members was present to mark the day.

Prof Dr Farrukh Imran with other faculty members to mark World Oral Health day

World Cancer Day

World cancer day is the occasion to unite the world in the fight against the disease through raising awareness, educating the public, and lobbying for change. It is led by the Union for International Cancer Control, a global consortium of more than 470 cancer-fighting organizations in over 120 countries. It is only by every person, organization, and government,

individually doing their part, that the world will be able to reduce the global cancer burden.

Department of Pathology, UMDC organized a CME activity and conducted slide session on tumors of skin. The session began with recitation of Holy Quran by Dr Tabinda Roheen from Pathology department. Dr Shazia

Aslam, Head of Pathology department shared the facts and figures in concern of world cancer day 2021. Faculty members and staff from department of Dermatology, Madinah Teaching Hospital (MTH), and departments of Pathology and Forensic Medicine from UMDC actively participated in slide session. Prof Dr Shazia Aslam highlighted the key points regarding histopathological diagnosis and immunohistochemistry in extremely simple and uncomplicated way. Prof Dr Tanzeela Khalid, Head of Dermatology department also shared her views in concerning to neoplastic lesions of skin. Prof Dr Shirza Nadeem appreciated the efforts of Pathology department for organizing such a knowledgeable and informative session.

Prof Dr Shazia Aslam sharing her views on cancer treatment and management

TUF Congratulates PAKISTAN on being Global Host of World Environment Day 2021

World Environment Day on 5th June is the United Nations' most important day for encouraging worldwide awareness and action for the protection of our environment. This year Pakistan hosted World Environment Day 2021 on the theme of 'Ecosystem Restoration' and focus on resetting our relation with nature in partnership with the UN Environment Program.

Management and Faculty of TUF congratulated the Prime Minister of Pakistan on his efforts and plans to expand and restore forests across the country through the mega drive, calls the 10 Billion Tree Tsunami. An event to mark the day was organized by TUF Environment Protection Club and

TUF Green Club in The University of Faisalabad. Mr Qazi Khalid Mehmood, Conservator, Forest Department Punjab was the chief guest. Mr Wajihuddin Ahmed, Divisional Forest Officer, Mr Muhammad Ali Butt, Divisional Forest Officer Extension Faisalabad and Mirza Sabir Hussain, Sub Divisional Forest Officer were also present.

Mr Muhammad Haider Amin, Chairman BoG TUF, Prof (Meritorious) Dr Khaleeq ur Rehman, Rector, Ms Zahida Maqbool, Additional Registrar, guests from Forest Department, faculty members and students planted saplings in girls hostel and University lawns. An awareness walk was also conducted to mark the day, actively participated by faculty and

members of Environment Protection Club and TUF Green Club.

The University of Faisalabad also signed MoU with Punjab Forest Department. Mr Qazi Khalid Mehmood, Conservator, Forest Department and Mr Aurangzeb Goraya, President TUF Environment Protection Club signed this agreement. In order to save environment, TUF Environment Protection Club will lay shady, ornamental and fruit plants at the University in addition to other available spaces of the city throughout the year generally and during tree plantation campaign particularly.

TUFIANS Celebrate Pakistan Resolution Day with Patriotic Zeal

The University of Faisalabad celebrated Pakistan Resolution Day on 23rd March with patriotic zeal and enthusiasm. The day is celebrated to commemorate the Lahore Resolution of March 23, 1940. The celebrations started with the recitation of Holy Quran and Naat Rasool Pak (SAW). In Health Sciences wing, Ms Zahida Maqbool, Additional Registrar with faculty members and staff unfurled the National flag followed by listening national anthem.

Speaking on the occasion, Ms Zahida Maqbool said that the day was an occasion to promote patriotism and national unity.

In Engineering wing, TUF Mr Muhammad Zubair, Deputy Registrar with other faculty members and staff were present to mark the day. Students also sang national songs to show their love for their beloved homeland. Sweets were also distributed among the students and staff. Later, special prayers were offered for the stability, prosperity and integrity of the motherland and unity of the Muslim Ummah.

Flag hoisting ceremonies in Health Sciences wing and Engineering wing

TUF Celebrating 19 Years of Academic Excellence

TUFIANS celebrated the 19th Foundation Day of The University of Faisalabad in a festive manner on October 2, 2021. Prof (Meritorious) Dr Muhammad Khaleeq-ur-Rahman, Rector, Ms Zahida Maqbool, Additional Registrar with Heads of

departments, faculty members, and staff were present in cake cutting ceremony.

Worthy Rector and Additional Registrar in their messages expressed gratitude to the Heads of departments, faculty

members, and staff whose hard work and dedicated efforts brought the TUF to its present position of eminence.

Prof Dr Muhammad Khaleeq-ur-Rahman and Ms Zahida Maqbool, with Heads and faculty members cutting cake

International Day of Persons with Disabilities

International Day of Persons with Disabilities (IDPD) is a UN day that is celebrated every year on 3 December. The day is about promoting the rights and well-being of persons with disabilities at every level of society and development, and to raise awareness of the situation of persons with disabilities in all aspects of political, social, economic, and cultural life.

TUF Rehabilitation Society and Department of Rehabilitation Sciences organized an event in honour of Special Children of Syeda Khatoon-e-Jannat Special Education Centre. Mr Syed Sharjeel CEO of Special Education Center and Special Children were invited in Engineering win.

Faculty members and student DPT were present to encourage the special children. Dr Shahih Ahmad Heera, Head Rehabilitation Sciences, Mr Muhammad Zubair, Deputy Registrar addressed the audience and threw light on purpose of observing the day.

Special Children recited Sufiana kalam and Qawali in their melodious voices, well appreciated by the audience. Mr Syed Sharjeel in his address thanked the management of TUF for organizing the event to encourage and support the special children.

Special Children during a performance

Special Children with faculty members and students of TUF

Anti-Corruption Week

Anti-Corruption week along with the acquaintance of National Accountability Bureau (NAB) was observed from 8th December to 10th December, 2021. A series of events was initiated by Character Building Society, TUF. Poster, Debate and Essay writing competitions were organized to mark anti-corruption

week.

Students from various disciplines participated in these competitions to raise awareness about the negative impacts of corruption on society. The students elaborated the topic of debate "Honesty Pays Honors and Corruption Dishonors". Ms Hafsa Zafar, Lecturer

Department of English Language and Literature provided the intellectual stance about the importance of anti-corruption week and types of unconscious corruption.

In concluding session, all the faculty members and students gathered for the awareness walk.

First year Students of UMDC get a warm Welcome with White Coat Ceremony

First Year Students of MBBS and BDS get a warm welcome with White Coat ceremony at UMDC on February 22, 2021. It was a much-awaited moment and special occasion for the fresh entrants as their seniors and teachers were there to welcome them into the College premises. After donning their new white coats they recited the Oath pledging allegiance to the medical profession, their companions, seniors and their duty towards their patients. During orientation and welcome program held in Ali Auditorium, Prof Dr Muhammad Saeed, Pro Rector, in his address, welcomed new students in UMDC. He said that we are proud of our highly qualified and experienced

faculty and staff. He assured the fresh entrants that our highly qualified faculty with state of the art infrastructure is doing their best to make their education adequate to modern healthcare achievements and give them the opportunity to become highly qualified and successful professionals.

Ms Zahida Maqbool, Additional Registrar, briefed the students about TUF, UMDC, MTH and other welfare projects running under the auspices of Madinah Foundation. Prof Dr Aamir Ali Choudhry, Principal UMDC welcomed the first year students and called upon them to render hard work for building a bright future. He briefed about the UMDC and affiliated Madinah Teaching Hospital.

He said that the college accounted for its state of the art infrastructure and experienced faculty. He urged the new comers to take full advantage of these opportunities for becoming successful medical professionals and serve the society. Prof Dr Mian Farrukh Imran, Principal Dental College and Dr Shirza Nadeem Coordinator UMDC also shared their views.

On the occasion, few Alumni of UMDC serving in leading hospitals of Pakistan and other countries also shared their views by video messages to encourage the new comers. A Mehfil-e-Milad was also organized by TUF Religious Society for the first year students.

Students of MBBS and BDS being welcomed with White Coat ceremony

Oath Taking Ceremony

Later, The team of Department of Medical Education, UMDC conducted interactive sessions with the newly inducted 1st year students as follows:
 "Self-Directed Learning" by Prof Dr Tanzeela Khalid
 "Time Management" by Prof Dr Shirza

Nadeem
 "Communication Skills" by Dr Katsiaryna Hurbik
 "Introduction to TUF Societies" by Dr Komal Atta.
 Students thoroughly enjoyed their orientation session & described it not

only as productive & well-structured but welcoming, motivating, inspiring, full of guidance, energy & enthusiasm as well. Students also get to know about their faculty in Meet & Greet session.

Welcome and Orientation Program for Fresh Entrants

Orientation and welcome program was conducted for the fresh entrants of undergraduate programs Fall 2021 in The University of Faisalabad. Prof (Meritorious) Dr Muhammad Khaleeq-ur-Rahman, Rector TUF Ms Zahida Maqbool, Additional Registrar, Heads and coordinators of Departments welcomed the new students and shared their valuable views.
 Speaking on the occasion, Prof Dr Muhammad Khaleeq-ur-Rahman said,

'with its state-of-the-art facilities, purpose built campuses, qualified faculty and a comprehensive curriculum, TUF is offering a great opportunity of higher learning to the students'.
 Ms Zahida Maqbool in her address briefed about The University of Faisalabad, University Medical & Dental College, Madinah Teaching Hospital and other welfare projects of Madinah Foundation.

All Heads of Departments addressed the students and threw light on the importance of their respective disciplines. A Mehfil-e-Milad-e-Mustafa (SAW) in context of holy month of Rabi-ul-Awwal was also held, attended by the new TUFians. Orientation sessions for undergraduate programs will be continued till 29th October 2021.

Prof Dr Muhammad Khaleeq-ur-Rahman, Rector, Ms Zahida Maqbool, Additional Registrar and Heads of Departments addressing the new students in welcome ceremony

Congratulations

TUF Ranked 1st in Pakistan in Private Sectors Universities

O The University of Faisalabad has been ranked by Times Higher Education in Sustainable Development Goals (SDG's) by United Nations.

*The University of Faisalabad has ranked in the Top 500 Universities around the world. Ranked at 453.

* 4th in Pakistan

* 1st in Pakistan in Private Sectors Universities.

Goals Achieved in -

1. Good Health and Well-being

2. Gender Equality
3. Decent work and economic growth
4. Partnerships for the Goals

The University of Faisalabad has been ranked 1st in all private universities, overall 4th among all Pakistani universities and secured a place among the top 500 universities of the world by the Times Higher Education (THE) Impact Rankings-2021. A ceremony was held in the Health Sciences wing to celebrate this great achievement.

In their addresses, Mr Muhammad Haider Amin, Chairman BoG, Prof

Dr Mohammad Khaleequr Rahman, Acting Rector, and Ms Zahida Maqbool, Additional Registrar congratulated the faculty members and staff. It is a matter of great pride for us that TUF has achieved recognition at the international level, they added. TUF QEC team and other staff members were also awarded appreciation certificates in recognition of their diligent efforts and contribution towards this achievement. The ceremony was followed by Aftaar dinner.

TUFIANS Stand in Solidarity with Kashmiri Muslims

"Kashmir Solidarity Day" was observed in The University of Faisalabad. Various programs were conducted in Health Sciences Wing and Engineering Wing to express solidarity and support of Pakistani nation for Kashmiri people for their right of self-determination. Large number of faculty members, staff and students were gathered to record their protest against the atrocities by Indian forces on innocent people of Indian occupied Kashmir. Speaking on the occasion, Rector TUF in his address

urged the international community, UN and human right activists to take notice of the grave human rights violations in Indian occupied Kashmir.

Additional Registrar and other Heads of Departments also addressed the gathering and showed their deep concern on blatant human right violations in Indian occupied Kashmir. Through their skit performances and documentary presentations, students paid rich tribute to all the martyred Kashmiris who had laid down their lives

for freedom. Program was followed by a rally to express solidarity with Kashmiri people. In the end, special prayer was offered for the stability of Pakistan and freedom of occupied Kashmir. TUFIANS also observed "Youm-e-Istehsal Kashmir" on 5th August 2021, completing 730 days of the military siege of Indian illegally occupied Jammu and Kashmir. One minute's silence was observed to record the protest against the atrocities by Indian forces on innocent people of Indian occupied Kashmir.

CIVIC ENGAGEMENTS

Besides producing and disseminating knowledge through its research and teaching activities, TUF also gives special importance to the civic role and has been very active in this area. Under the auspices of Madinah Foundation TUF always encourages and supports

its students to go beyond the four walls of their class room and cultivate applied knowledge and civic skills. Management of TUF arranges various activities to provide opportunities for students, faculty, and staff to get involved in their communities.

Madinah Foundation organized Mass Marriage Programs

Madinah Foundation organized mass marriage for 50 couples in Engineering wing of The University of Faisalabad on July 26, 2021.

Mr Muhammad Haider Amin, Chairman Board of Governors, TUF was the Chief Guest of the event. Col (Retd) Abid Mushtaq, Additional Registrar (Admin), Mr Muhammad Zubair, Deputy Registrar, Heads of Departments and faculty members were also present on the occasion. Renowned religious scholars Sahibzada Raza ul Mustafa Noori and Qari Niaz Ahmad offered Khutba Nikah, Qaseeda Burda Sharif and Qaseeda Ghosia. They prayed for newly wedded couples. The marriage expenditure of 50 orphan and deserving girls from Faisalabad

and surrounding areas was borne by Madinah Foundation. The couples were given dowry and more than 1500 guests were served lunch. Administration and Students of the University participated enthusiastically in the arrangements of the event. Special gifts from the University management were also

presented to the brides. The guests appreciated the philanthropic services of Madinah Foundation and TUF for this noble cause.

Mass marriage program for 40 couples in TUF was also organized on February 26, 2021 by Madinah Foundation.
