VISION

To be a leading educational institution characterized by:

- An intellectual environment conducive for innovative teaching and learning
- A culture of research to address the challenges faced by Pakistan
- Top quality professional Faculty meeting the local and global educational requirements
- Emphasis on Islamic / ethical values for inculcating love, patriotism and service to humanity

MISSION

Pursue excellence in Education & Research with a futuristic approach and inculcate among the youth qualities of leadership and Innovation guided by the teachings of Islam

RECTOR'S MESSAGE

The University of Faisalabad is prospering to provide a multi-faceted academic model in Medical Sciences, Allied Health Sciences, Engineering and Technology, Information Technology, Management Studies, Arts and Social Sciences in accordance with our objective of providing premium quality education with state-of-the-art technical and physical infrastructure, responsible leadership, professional development and advanced research facilities. In recent years, TUF has been taking initiatives for a comprehensive and structural reform and entered a new era of unprecedented growth. I am pleased to see that our progress is being recognized on national and international levels. TUF is aspiring to cultivate an academic community with unprecedented and inspirational leadership skills, critical thinking and high-impact research, development and entrepreneurial focal. Our commitment to achieve Sustainable Development Goals and Vision 2025 of the Government of Pakistan is already in manifestation with best practice of rendering environmental, cultural and social sustainability with various management techniques. We inculcate spirited enthusiasm amongst our creative young minds to strive confidently for Innovation, Integrity, and Sincerity. In order to establish better infrastructure solutions, faster project completions, achieve greater return on investments, appraise early risks, achieve cost containments and better life cycles of the projects, Public Private Partnership is the dire need of the time.

We at The University of Faisalabad are committed to provide such facilities to our graduates so that TUFIAN family could grow faster and furnish in a befitting manner.

ORGANIZATIONAL STRUCTURE

ACADEMIC STRUCTURE

Following Departments were functional during the session 2019-20 under 06 faculties and University Medical & Dental College Faisalabad

Faculty	Name of Schools	Programs
Faculty of Arts and Social Sciences	School of Arabic and Islamic Studies	■ BS Islamic Sciences ■ MA Islamic Sciences ■ MPhil Arabic ■ MPhil Islamic Studies ■ PhD Arabic ■ PhD Islamic Studies
	School of English Language and Literature	■ BS English ■ MA English
	School of Interior Design	■ BS Interior Design
Faculty of Engineering and Technology	Department of Electrical Engineering	■ Bachelor of Electrical Engineering <i>with Specialization in Electronics, Power and Computer System Engineering</i> ■ MS Electrical Engineering
	Department of Civil Engineering	■ Bachelor of Civil Engineering
	Department of Chemical Engineering	■ Bachelor of Chemical Engineering
	Department of Engineering Technology	■ BS Engineering Technology (<i>Electrical & Civil</i>)
Faculty of Information Technology	School of Computational Sciences	■ BS Computer Science ■ BS Software Engineering ■ MS Computer Science
Faculty of Management Studies	School of Management Studies	■ Bachelor of Business Administration ■ BS Aviation Management ■ Master of Commerce ■ Master of Business Administration (Executives) ■ MS Management Studies ■ PhD Management Studies

Faculty of Pharmaceutical Sciences	Department of Pharmacy	■ Doctor of Pharmacy ■ MPhil Pharmacology ■ MPhil Pharmaceutics
Faculty of Medicine and Allied Health Sciences	School of Rehabilitation Sciences	■ Doctor of Physical Therapy ■ MS Physical Therapy
	School of Optometry	■ BS Optometry ■ MPhil Optometry
	School of Dermatology	■ BS Dermatological Sciences
	School of Pathology	■ BS Medical Laboratory Sciences
	School of Radiology	■ BS Medical Imaging Sciences
	School of Nutrition and Dietetics	■ BS Dietetics and Nutritional Sciences
	School of Basic Sciences	■ PhD Dental Sciences
	School of Professional Health Technologies	■ BS Dental Technology ■ BS Anesthesia Technology ■ BS Emergency and Intensive Care
	School of Nursing	■ BS Nursing ■ Post RN BSN

ACADEMIC ACTIVITIES

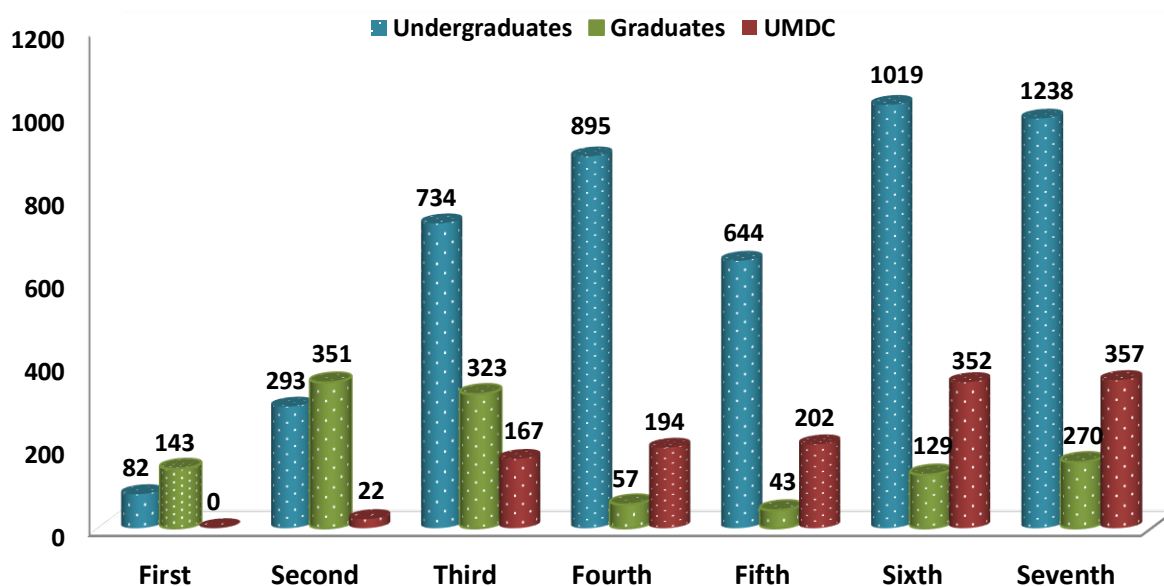

ACADEMIC ACHIEVEMENTS

Convocations

A convocation ceremony is an exceptional day in academic life of students as after years of hard work and devotion; they get their hard earned education degrees. Wearing the traditional academic regalia is a defining moment in every student's life giving his self-esteem a boost. Six Convocations of TUF and Five Convocations of University Medical & Dental College; a constituent college of TUF has been held.

Detail is given below:

The University of Faisalabad and University Medical and Dental College				
Convocation	Student Strength			Date
	Undergraduates	Graduates	UMDC	
First	82	143	Nil	July 5, 2007
Second	293	351	22	October 16, 2009
Third	734	323	167	March 17, 2013
Fourth	895	57	194	March 17, 2015
Fifth	644	43	202	September 9, 2016
Sixth	1019	129	352	December 27, 2018
Proposed Seventh	1238	270	357	To be held after COVID-19 situation is settled

Visits of Delegations

In order to promote TUF's international profile, the Ambassadors, Foreign Scholars and National/International Agencies and Councils are invited regularly to visit TUF. During the reporting period, December 25, 2018 to June 2020 detail of visit of delegations is given below:

Serial	Name of Dignitaries	Date
1.	Mrs Parveen Sarwar, wife of Governor Punjab	February 18, 2019
2.	PMDC Team Visit	April 27, 2019
3.	International Blind Women Cricket Team	June 28, 2019
4.	Divisional Inspection Committee representing Punjab Human Organ Transplantation Authority (PHOTA) consisting of Divisional Commissioner Faisalabad Mr Asif Iqbal Chaudhary, Director Health Services, Faisalabad Tariq Islam and Dr Ijaz Ahmad Javaid, Faisalabad Medical University (FMU)	June 28, 2019
5.	Attorney Jafar Samdani from Kuwait	July 8, 2019
6.	Pakistan Nursing Council Team	July 23, 2019
7.	PMDC Team	August 8, 2019
8.	PEC Team	August 30, 2019
9.	PEC Team	August 31, 2019
10.	Naqeeb-ul-Ashraaf H.E Syed Khalid Abdul Qadir Mansoor Al Gillani from Baghdad	September 26, 2019
11.	Mr Iwan Suyudhie Amri, Ambassador of the Republic of Indonesia	September 30, 2019
12.	Mr Ishrat Ali Commissioner Faisalabad Division	December 21, 2019
13.	H E Al Shaikh Al Syed Hashimuddin Al Gillani from Baghdad	December 23, 2019
14.	Honorable Prime Minister of Pakistan, Mr Imran Khan Chief Minister of Punjab Sardar Usman Buzdar, Federal Minister for Planning and Development Mr Asad Umar, Deputy Commissioner Faisalabad Mr Muhammad Ali	January 3, 2020
15.	Mr Reid Cooper, First Secretary, Higher Commission Canada	January 15, 2020

16.	Mr Sebastian Kuntze from Victoria University Melbourne, Australia	January 20, 2020
17.	HEC Visit	January 21 to 23, 2020
18.	Cultural Attaché, Iran Khana Fahang, Mr Aliakbar Rezaifard with his Wife	February 18, 2020
19.	H.E Al Shaikh Al Syed Khalid Abdul Qadir Mansoor Al-Gillani (Custodian of the Holy Shrine of Ghaus-ul- Azam Sheikh Abdul Qadir Jillani RA)	February 21, 2020
20.	Mr Ishrat Ali, Commissioner Faisalabad Division and Mr Muhammad Ali, Deputy Commissioner Faisalabad	March 6, 2020
21.	Mrs Qurrat ul Ain, President Faisalabad Women Chamber of Commerce and Industry (FWCCI)	March 7, 2020
22.	Prof Dr Javed Akram VC UHS Visit	June 19, 2020

TUF DURING COVID-19 PENDING

In wake of the COVID-19 Pandemic, The University of Faisalabad continued its services for provision of Academic Services, Health Care and Community Services under strict compliance of SOPs.

Academic Services:

In order to ensure uninterrupted quality education following milestones were achieved:

- Establishment of Online Academic Council (OAC)
- Enhancement in roles of Office of Information Technology (OIT)
- Training of faculty and students for online readiness
- Roles of Heads of Departments were notified for provision of quality education to students
- Roles of Faculty members were notified for provision of quality education to students
- Standards to assess the quality of online classes were formulated
- Each course was evaluated and approved by Online Academic Council
- Course material of all lectures has been uploaded on LMS for the ease of students
- Feedback of students for each classes has been recorded
- All classes were monitored by Registrar Office, QEC and Respective Heads
- Provision of HEC Digital Library Services for faculty and students at home
- Formulation of Online Examination Policy, Faculty and Student Guide for preparation of Open Book Papers
- Successful conduction of online exams and viva
- Completion of uninterrupted semester on time
- Award of recognition to faculty and administration for providing un interrupted services to students
- Financial support and facilitation was provided to the deserving students

Community Services:

- Management, Employees and Students voluntarily contributed a fund for the people who are affected during the pandemic and Tiger force of volunteer students was constituted for identification of needy people. Food Bundles of approximately 5 million rupees has been distributed to needy people by students and management.
- As per the guidelines of WHO a sanitizer was prepared in University Laboratories and 100,000 sanitizers were handed over to District Government and needy people in under privilege areas.

- Multiple Anti-Corona Walk Gates having capable of disinfecting 1000 x people daily were prepared in University and same were handed over to Auqaf.
- Awareness messages regarding how to minimize abrupt climate change were broadcasted on FM 96.6. The message reached one sixth of Faisalabad i.e. equivalent to 600,000 people.
- A customized and targeted awareness campaign for preparedness against COVID-19 reached around 1,000,000 people. Smart booklet, Radio messages and influencers engagement for the campaign made us reach a large number of audience from all around the globe to deliver the campaign to a large proportion.

Health Care Services:

- Research Center on COVID-19 “PROTECT” inaugurated at Madinah Teaching Hospital
 - Madinah teaching Hospital kept open 24 hours for Outdoor services to Corona Patients under strict compliance of SOPs
 - 150 x beds are specified for corona patients in Madinah Teaching Hospital
 - 15 x beds of Intensive Care Unit were specified for Corona Patients
 - 20 x beds of High Dependency Unit were specified for Corona Patients
 - Approximately expenditure of 10 million rupees was spent on the free of cost treatment of Corona Patients.
 - 360 x patients completely recovered from Corona due to quality treatment
-

RESEARCH AND DEVELOPMENT

OFFICE OF RESEARCH, INNOVATION & COMMERCIALIZATION (ORIC)

AN OVERVIEW

Since its establishment, ORIC is accelerating research at TUF and aims for economic growth in the region by connecting industry, government, and community leaders with TUF. Together, it can positively impact the lives, environment, and the economy in our region and beyond. ORIC has been committed to support the research programs of TUF faculty across all disciplines. ORIC facilitates the creation of new knowledge and the development of innovative solutions by supporting research that enhances the mission of TUF and spurs economic growth. ORIC has been providing support for sponsored projects, trainings, workshops and seminars and has developed sound policy that protects investigators, subjects, and the institution.

WORKSHOPS, SEMINARS, CONFERENCES & TRAININGS

WORKSHOPS

Research Methods

January 29, 2019

School of Arabic and Islamic Sciences conducted a workshop on “Research Methodology” in Health Sciences Wing. The facilitator, Dr Ammara Rehman guided the students about use of different software, websites and links in Islamic research.

Calligraphy

February 19, 2019

Calligraphy is a visual art related to writing. It is the design and execution of lettering with a broad tip instrument, brush, or other writing instruments. Student from various disciplines participated in a two days Calligraphy Workshop held in Health Sciences Wing.

Basic Life Support

February 18, 2019

April 1, 2019

School of Rehabilitation Sciences arranged two days’ workshop on “Basic Life Support” in collaboration with Punjab Emergency Service Rescue in Engineering Wing and in Health Sciences Wing. The sessions were conducted for students of DPT 10th semester. Rescue 1122 team gave comprehensive description on basic life support procedures. Instructors delivered lectures on methods that will help save the lives of people who are in need of urgent medical attention.

Advance Training in Linguistics and Literature

March 15 to April 17, 2019

A series of Advance Training Workshops was organized by the School of English Language and Literature. The workshops invited experts from different areas of Linguistics and Literature, who imparted students with specific in-depth knowledge and training regarding their respective fields. The main concept behind the training was to create a bridge between theoretical aspects of teaching, corpus, English language phonology, and grammar, as well as theories of literature, with their respective practices in both teaching and research. The series comprised of four workshops. The details of which are as follows:

- “Phonological Adjustments of English Sounds for Urdu and Punjabi Native Speakers” on 15th March. Resource Person: Irfan Hussain
 - “Post-Colonialism – Contemporary Advancements in Theory and Practice” on 20th March. Resource Person: Prof Dr Muhammad Asif
 - “Corpus Linguistics Tools and Techniques” on 5th April. Resource Person: Prof Dr Muhammad Asim Mahmood
-

- Workshop on “Systemic Functional Linguistics as an Alternative to Traditional Means of Language Description” on 17th April. Resource Person: Dr Muhammad Qasim

Students of School of English attended the workshops with great zeal. They were later evaluated on the basis of quizzes and practical work, of which the results were announced and position holders for either categories were given prizes. The training sessions hold great significance in achieving the learning outcomes of the plethora of courses that the students have been taught so far and are going to be taught in the future. In addition, they contribute in providing a great deal of exposure to the students regarding the field they may specialize after the completion of their respective degree programs.

Physical Therapy Management for Problematic Shoulder Joint

April 8, 2019

School of Rehabilitation Sciences organized a workshop on “Physical Therapy Management for Problematic Shoulder Joint”. Dr Awais Bin Inam; PT was the facilitator. He delivered comprehensive lecture to the final semester students of DPT on Management of Problematic Shoulder Joint.

Training Tour at Walton Airport

April 8, 2019

School of Aviation Management arranged a training tour led by Prof Dr Zamir and Capt Sohail at Walton Airport. Students were given an overview of different operations, including Flight Training, Air Traffic Control (ATC) Charters and Maintenance. The Chief Pilot and Head ATC listened out to all queries students had and addressed them as required.

Principles and Application of Kinesio-Tapping Techniques

April 13, 2019

One day workshop on “Principles and application of Kinesio-Tapping Techniques” was organized for students of Doctor of Physical Therapy, 8th Semester in Saleem Auditorium of Health Sciences Wing. Resource Person, Dr Atif Dustgir; PT delivered lecture on the basic principles of the methodology application, methods of treatment with kinesio-tapping and effects of its application.

Traction and Mobilization of Cervical TMJ

April 19, 2019

One day workshop on “Traction and Mobilization of Cervical TMJ” was arranged for the students of Doctor of Physical Therapy 6th Semester in Health Sciences Wing. Dr Waseem Javaid; PT from Shalamar Hospital & Institute of Health Sciences Lahore was the recourse person. Dr Waseem delivered comprehensive lecture on skills about traction, mobilization of cervical and temporomandibular joint.

Establishment of CEL and Launching of Faisalabad's First Directors' Training Program

October 25-27, 2019

Center of Executives Learning (CEL), TUF was inaugurated by Mr Muhammad Ali, Deputy Commissioner Faisalabad on October 25. On the occasion, TUF also launched Faisalabad's first Directors' Training Program. In the opening ceremony of 3 days training program, Mr Muhammad Ali, Deputy Commissioner was chief guest while Ms Zia Batool, Chairperson, Private Educational Institutions Regulatory Authority (PEIRA) was guest of honour. Speaking on the occasion, Chief Guest lauded the welfare services of Madinah Foundation in education and health sectors. Establishment of modern institutions like The University of Faisalabad and Madinah Teaching Hospital are philanthropist models, he added. Earlier, in his opening remarks Muhammad Haider Amin, Chairman BoG, TUF threw light on objectives of the program. He told that program would help to gain an overview of the knowledge and competencies expected from directors in today's environment. Ms Zia Batool, in her address appreciated the efforts of University management for the cause of professional education in Pakistan. Mian Muhammad Hanif (SI), Patron in Chief and Prof Dr Muhammad Saeed, Pro Rector, TUF were also present on the occasion. Chairmen of Boards and Trusts, Chief Executive Officers and Directors from different organizations participated in this program. The detail of facilitators and workshops is as under:

importance and uses of 'Maktabah Shamilah'; a highly advanced search engine for Islamic Literature, very helpful for researchers.

Ocular Adnexa Evaluation

November 26, 2019

Workshop for Ocular Adnexa Evaluation was by Dr Irfa Nasir Optometrist in LRBT Lahore. Students of semester III of Optometry took part in this workshop. Techniques for ocular examination for all disorders of eyes with torch light were especially focus while demonstrating to students. Slit lamp evaluation methods were also taught.

Braille 'A to Z'

November 28, 2019

Braille is a system of raised dots that can be read with the fingers by people who are blind or who have low vision. Workshop on Learning Braille 'A to Z' was done by Mr Anwar Ali Sial Prof at GCUF secretary and finance blind cricket team, organized by School of Optometry. Students of 9th semester learned the reading and writing of Braille language using Perkins typewriter for blind.

Functional Nanomaterials for Applications in Biomedical Sciences

December 10, 2019

Office of Research, Innovation & Commercialization (ORIC) and Quality Enhancement Cell (QEC), The University of Faisalabad organized a workshop on "Functional Nanomaterials for Applications in Biomedical Sciences, Renewable Energy Technologies & Environment" in Health Sciences wing. Dr Irshad Hussain, Associate Professor, Department of Chemistry & Chemical Engineering, LUMS was the resource person. Dr Hussain is a renowned Pakistani Scientist in the field of chemistry and among the few pioneers to initiate Nanomaterials research in Pakistan. In 2007, Dr Hussain was awarded a Professor Atta-ur-Rehman Gold Medal/Prize in chemistry and more recently (2014) he is also awarded Gold Medal in Chemistry by Pakistan Academy of Sciences to acknowledge his achievements in the field of Chemistry. Dr Irshad Hussain delivered comprehensive talk on Importance of Nanotechnology, Synthesis of metal Nanoparticles (NPs)/Nano clusters (NCs), Nanomaterials applications in Biomedical Sciences, Renewable Energy Technologies and in Catalysis & Environment.

Workshop "Microwave Ablation of Uterine Fibroids & Breast Lesi

January 13, 2020

School of Radiology, TUF organized a workshop on "Microwave Ablation of Uterine Fibroids and Breast Lesions" on January 13, 2020. Dr Su Honghui, Interventional Radiologist and Director of Affiliated Hospital from Shantou University, China was the guest speaker. He talked about contrast induced techniques to study fibroids, leiomyomas and other lesions. Prof Dr Muhammad Fiaz, Head of Radiology, Superior University, ANMC and Surgimed Hospital were also the resource person. He delivered comprehensive talk on new plasma techniques using

different modalities of Radiology along with the management. Speaking on the occasion, Prof Dr Nayab Alia, Head Department of Radiology, Madinah Teaching Hospital expressed her gratitude to the guest speakers. Overall, the session was very informative for students as well as faculty members.

Workshop on Planning Designing Quantitative Research UMDC

January 25, 2020

Department of Medical Education, UMDC organized a workshop on “Planning and Designing Quantitative Research” on January 25, 2020. Prof Dr Fatima Mukhtar, PhD Public Health, working as Professor of Community Medicine at Lahore Medical & Dental College was the facilitator. In her lecture Dr Fatima provided a comprehensive understanding of the nature and relevance of quantitative research methodology in health and social sciences. Speaking to the participants, Prof Dr Tanzeela Khalid, Director Medical Education UMDC, encouraged the scholars to come out with standard work by adopting quantitative research methods. The session was attended by faculty members of UMDC and TUF.

Workshop on “Improving Theatre Skills”

February 13, 2020

To enhance theater skills and stage presentation, Dramatic Society, TUF- Engineering Wing organized one day work shop in collaboration with TUF Photography society on February 13, 2020. Guest speaker, Mr. Amjad Islam Amjad, a renowned name in the field of arts & theater, delivered a brief lecture to participants to inculcate skills regarding acting, writing, direction and screenplay. The training session was very informative and gave the students a good opportunity to learn new Theatre skills.

2nd Director Training Program

March 6, 2020- March 7, 2020

Under the umbrella of Center of Executives Learning (CEL) TUF, Faisalabad’s 2nd Directors’ Training Program on “Governance; Board and Corporate” inaugurated by Mr Ishrat Ali, Commissioner Faisalabad Division on March 6, 2020. Mr Muhammad Ali, Deputy Commissioner Faisalabad, Mian Muhammad Hanif (SI), Patron-in Chief TUF, Muhammad Haider Amin, Chairman BoG, Prof Dr Shoukat Parvez, Rector, Prof Dr Muhammad Saeed, Pro Rector, other senior faculty members and participants of the training program were present in inaugural session. Speaking on the occasion, Mr Ishrat Ali appreciated the initiative of the University management for the cause of professional education in Pakistan. He told that such programs would help to promote corporate and business culture in the country. Mr Muhammad Ali in his address appreciated the course content and high profile panelists of this value bale program. Muhammad Haider Amin, Chairman BoG, TUF threw light on objectives of the program. He told that it would help to gain an overview of the knowledge and competencies expected from directors in today’s environment. Earlier, in his opening remarks Prof Dr Shoukat Parvez told

about the importance of industry academia linkages. CEL is focusing on developing the knowledge and skills to work on strategy, finance, entrepreneurship, negotiation and innovation design which in return will help company executives in developing a management system that is recognized and respected, he added. Chairmen of Boards and Trusts, Chief Executive Officers and Directors from different organizations are attending this course.

Date	Facilitator	Topics
6-3-2020	Mr Naeem Iqbal	Value Creation Through Effective Board
	Mr Yasir Masood Afaq	Emotional Intelligence
		Driving Corporate Performances
	Dr Hurbik Katsiaryna	Communication at Board Level
7-3-2020	Prof Dr Mubashar Nadeem	Leadership, Motivation and Team Building
	Mr Zain Qureshi	Cyber Security
	Mr Farrukh Sohail Goindi	Motivational Talk

Closing ceremony of Faisalabad's 2nd Directors' Training Program on "Governance; Board and Corporate" was held in TUF on 7th March. Under the umbrella of Center of Executives Learning (CEL), TUF the Directors' Training program was a great success. Chief Guest, Mrs Qurrat ul Ain, President, Faisalabad Women Chamber of Commerce & Industry (FWCCI) addressed the participants and appreciated the initiative taken by CEL. She said that such kind of executives training programs would be very useful to promote business culture and business environment in Faisalabad. CEL has provided an ideal platform for gaining new insights of trade and business in order to be successful. Directors and executives who are looking to boost their company's performance or take their own career to the next level must attend such training sessions, she added.

Mr Muhammad Haider Amin, Chairman BoG in his address told that CEL had evolved into a hub for meaningful exchange between corporate leaders and the academia.

Participants of the workshop learned from both the innovative research of the internationally renowned resource persons, as well as from the wide experience of fellow learners. Certificated were awarded on completion of the program.

Awareness Seminar on “Novel Coronavirus”*January 28, 2020, February 15, 2020*

Department of Community Medicine, The University of Faisalabad conducted seminar to raise awareness on “Novel Coronavirus (nCoV)” on January 28, 2020. Prof Dr Zahid Masood, Head Department of Community Medicine and Dr Sumera Shahzad addressed the students and faculty members. Addressing to the audience, Prof Dr Zahid told that novel coronavirus, which is a respiratory virus, is causing worldwide panic. Coronaviruses are a large family of viruses causing illnesses from common cold to more severe diseases such as Respiratory Syndrome and Severe Acute Respiratory Syndrome. Coronaviruses cause upper respiratory infections like runny nose, coughing, sore throat, and may be accompanied by fever sometimes. Most people can confuse its symptoms with that of regular cold or flu virus. Dr Sumera in her lecture told about the measures to reduce the risk of virus infection; We should clean our hands with water and soap properly, when coughing and sneezing cover nose and mouth with tissue or flexed elbow, avoid close contact with any one with cold or flu like symptoms. Always eat thoroughly cook meat and eggs and avoid unprotected contact with wild or farm animals. In more severe cases, infection can cause pneumonia, severe acute respiratory syndrome, kidney failure and even death, Dr Sumera added.

Prof Dr Zahid Masood HOD Community Medicine and Prof Dr Mirza Akmal Sharif HOD Medicine MTH were guest speakers. Projects of students were displayed in respect of World Food Day on October 31, 2019. Prof Akmal Shareef and Prof Dr Jawwad Hussain evaluated the projects and appreciated the efforts of students.

World Osteoporosis Day*October 23, 2019*

TUF Rehabilitation Society organized a contact session at University Cambridge School to observe World Osteoporosis Day. Members of Rehabilitation Society conducted one to one interaction session with students of school regarding awareness, prevalence and prevention of osteoporosis along with an emphasis on the importance of physical activities. In the end, a poster competition on the theme of "Love your bones" was also arranged amongst the school students. Appreciation gifts were distributed among winners. Rehabilitation Society TUF in collaboration with the orthopedic department, Madinah Teaching Hospital organized an awareness walk and distributed milk packs among students to raise awareness about stronger and healthier bones on October 28, 2019.

Nutrition Day*November 9, 2019*

"Good food is the foundation of happiness that binds us together"

School of Nutrition and Dietetics Sub-Campus Lahore organized food festival in respect of "Nutrition Day".

Sandwich Day*November 13, 2019*

World Sandwich Day was observed by Nutritional Sciences society. This day is used to commemorate and celebrate a food that is not only synonymous with convenience but is also one of the world's most popular and loved food items.

Cultural Day*November 14, 2019*

Cultural Day was celebrated at The University of Faisalabad (Engineering Wing) under the auspices of Art and Cultural Society. The event was marked by musical extravaganza, stalls representing attire, literature and several other aspects of cultural assimilation. A large number of Punjabi, Balochi, Sindhi and Pashtuns along with minority students presented their cultural dance performance separately, which met with a loud acclamation.

World Diabetes Day*November 14, 2019*

To mark the World Diabetes Day, awareness seminar was jointly organized by School of Nutrition and Dietetics, TUF and Department of Community Medicine, UMDC. Speaking on the

occasion Prof Dr Zahid Masood highlighted importance of theme “Families and Diabetes”. According to a recent study there were 16% diabetics and 10% were Pre diabetics in Pakistan, he added Prof Dr Akmal Sharif labeled Diabetes as an epidemic.

World Leprosy Day

January 29, 2020

The University of Faisalabad has been observing The World Leprosy day since last 10 years. In order to "Overturn the Stigma of Leprosy", the Society for Skin Care observed a Scientific Seminar on January 29, 2020. Renowned German Physician Dr Chris Schmotzer was the Chief Guest in the ceremony. As part of an evangelical sisterhood from Germany, she has been working to cure patients of infectious diseases, particularly leprosy and tuberculosis (TB), in Pakistan. Her services have whittled the number of leprosy in Pakistan. Along with Prof Dr Tanzeela Khalid, Head Department of Dermatology, MTH, Prof Dr Saif ud Din, Head Department of Anatomy UMDC, Prof Dr Katrina Hurbik, Head School of English, TUF, Associate Professor Forensic Medicine Dr Shirza Nadeem and many esteemed personalities also participated. Dr Chris provided the scientific knowledge and the current status of leprosy in Pakistan. The student centered activities included 3D model presentations, poster making and documentary competition. They were appreciated by awarding prizes and certificates. Afterwards, Dr Chris conducted a workshop in Madinah Teaching Hospital to train the doctors about diagnosis and examination of leprosy.

“Kashmir Solidarity Day”

February 4, 2020

“Kashmir Solidarity Day” was observed on February 4, 2020 in The University of Faisalabad. Program was conducted to express solidarity and support of Pakistani nation for Kashmiri people for their right of self-determination. Large number of faculty members, staff and students were gathered to record their protest against the atrocities by Indian forces on innocent people of Indian occupied Kashmir. Speaking on the occasion, Prof Dr Shoukat Parvez, Rector, TUF urged the international community, UN and human right activists to take notice of the grave human rights violations in Indian occupied Kashmir. Prof Dr Muhammad Saeed, Pro Rector (Health Sciences), Ms Zahida Maqbool, Additional Registrar and Prof Dr Najeeb Haider, Director ORIC also addressed the gathering and showed their deep concern on blatant human right violations in Indian occupied Kashmir. Through their skit performances and documentary presentations, students paid rich tribute to all the martyred Kashmiris who had laid down their lives for freedom. Moreover, one-minute silence was also observed. Program was followed by a rally to express solidarity with Kashmiri people. In the end, special prayer was offered by Mufti Muhammad Luqman for the stability of Pakistan and freedom of occupied Kashmir.

HONOURS, AWARDS & POSITIONS

International Conference of Medical Education

October 22, 2019

Dr Komal Atta from Department of Optometry awarded 1st Prize in International Conference of Medical Education 2019, for best research work of medical education in faculty tier in UOL.

Best Research Poster

December 8, 2019

Dr Sofia Hanif, PGR Department of Gastroenterology Madinah Teaching Hospital Faisalabad won the Best Research Poster Award.

World Eye Congress

December 9, 2019- December 10, 2019

Ms Fatima Iqbal from Department of Optometry won Certificate of Recognition by World Eye Congress, Dubai.

Award for Pakistan Journal of Physiology

December 18, 2019

Dr Komal Atta from Department of Optometry won the award of distinguished reviewer for Pakistan Journal of Physiology

Member of Association of Medical education in Europe

December 18, 2019 & December 19, 2019

Dr Komal Atta from Department of Optometry is Member of Association of Medical education in Europe (AMEE) and Association for the Study of Medical Education (ASME) December 2019 for a year

ICHPE 2019

December 20, 2019

Dr Komal Atta from Department of Optometry was received Certificate of recognition as a facilitator/moderator in ICHPE 2019, University of Lahore

Associate Social Media Editor for Medical Education and Clinical teacher

December 24, 2019

Dr Komal Atta from Department of Optometry was the only candidate from Asia for Associate Social Media Editor for Medical Education and Clinical teacher (international journals with impact factor 4.0)

Research methodology SIG of ASME

December 24, 2019

Dr Komal Atta from Department of Optometry Pakistan Lead for Research methodology SIG of ASME 24th December 2019

6th National Optometric Conference*December 30, 2019- December 31, 2019*

Ms Fatima Iqbal and Ms Shakila Abbas from School of Optometry awarded Gold medal and Ms Nimra Gull from School of Optometry Awarded shield on presenting Research Project at 6th National Optometric Conference organize by Pakistan Optometry Society (POS)

Global Ambassador

Ms Fatima Iqbal from School of Optometry is Global Ambassador for Tear film and ocular surface society (Tfos)

Member of American Academy of Optometry

Ms Fatima Iqbal from School of Optometry is Member of American Academy of Optometry

Member of World council of optometry

Ms Fatima Iqbal from School of Optometry is Member of World Council of optometry

Myopia Time Bomb conference

Ms Ammara Affi from School of Optometry was awarded shield on presenting E-poster in Myopia Time Bomb conference, 2019

Achievements on International Forensics Day

3rd year MBBS Students of UMDC won First position in Theme dresses "Gender-based Violence, 1st position in short Movie competition and 2nd position in 3D Model competition "Chain of Custody" on the occasion of International Forensics Day held at Faisalabad Medical University.

"E-Connect Research Course"*April 27, 2020 to May 31, 2020*

Huda Shami students of School of Dermatological Sciences semester V attended an online course "E-CONNECT RESEARCH COURSE" CME Credit hours 12.

Online Teaching Awards/Certificates Ceremony*May 02, 2020*

Department of Physiology won best online teaching award among basic sciences departments of UMDC held at University Medical Dental College, Faisalabad

Online Teaching Awards/Certificates Ceremony*May 04, 2020***Best Online Teaching Award**

Dr Sana Shahzad, Dr Ammna Habib, Dr Asra Iftikhar, Dr Rabia Altaf, Dr Mehwish Batool from Department of Pharmacy, Ms Anum Nazir from School of Nutrition and Dietetics, Dr Nimra Arshad; PT, Dr Maryam Safdar; PT from School of Rehabilitation Sciences achieved Best Online Teaching Award held at The University of Faisalabad Health Sciences Wing.

Engineer Ali Awad from Department of Chemical Engineering achieved Best Online Teaching Award held at The University of Faisalabad Engineering Wing on May 5, 2020.

Best Research Idea Award

Ms Saba Sabir from School of Management Studies achieved Best Research Idea Award.

Online teaching Experience

Prof Dr Syed Jawwad Husain, Mrs Nizwa Qamar, Ms Mehek Naeem from School of Nutrition and Dietetics achieved Online teaching experience certificate.

Well Prepared Online Teacher Award

Dr Uswa Ahmad from School of Nutrition and Dietetics achieved well prepared Online Teacher Award.

QUALITY ASSURANCE

QEC Performance from 2011 to 2017

QEC TUF is always considered as one of the top rated QEC among Universities of Pakistan by HEC, Same is evident from the QEC score given by HEC-QAA during last eight years.

Year	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17	2017-18
Score	87	90.4	89.99	89	92.77	93	91.50

QEC Activities

Since its formation the Quality Enhancement Cell of The University of Faisalabad is working progressively to contribute in the development of knowledge base economy imagined by HEC.

Following are the main activities performed by the QEC during mentioned period.

- i. SOPs for Online Education
- ii. QEC Feedback for all Online Classes
- iii. Monitoring of all Online Classes
- iv. Compilation of University Portfolio Report (UPR)
- v. Institutional Performance Evaluation (IPE)
- vi. MPhil and PhD Review
- vii. Self-Assessment of Programs
- viii. Training of Program Team and Assessment Team
- ix. Surveys
 - Teacher Evaluation
 - Student Course Questionnaire
 - Graduating Survey
 - Alumni Survey
 - Research Feedback Survey
 - Support Services Survey
 - HEC Connectivity Survey
- x. Peer Reviews
- xi. Faculty trainings on Turnitin
- xii. Plagiarism Reports
- xiii. Yearly Progress Report (YPR) for HEC
- xiv. Supportive role as participant in statutory bodies meetings and selection board

Standard Operating Procedure for Online Education

In wake of the COVID-19 Pandemic, The University of Faisalabad initiated online classes on Google classroom and Google meet as HEC has allowed Universities to continue teaching and learning during the interrupted Spring Semester 2020 by using a variety of distance-learning

approaches, e.g., the Internet; one-way or two-way transmissions through open broadcast, closed circuit, cable, broadband lines, fiber optics, satellite, or wireless communication devices; audio-conferencing; or sharing of CDs for students without internet access.

As these online classes were supposed to be conducted in a systematic manner, hence SOPs for Online Education were developed and implemented in true letter and spirit. This policy covered following parameters.

- Online Academic Council (OAC)
- Office of Information Technology (OIT)
- Roles of Heads of Departments
- Roles of Faculty members
- Factors determining the course readiness for online teaching
- Standards to assess the quality of online classes
- Best Practices for quality checking parameters

ONLINE ACADEMIC COUNCIL

An Online Academic Council for Online Teaching, comprising of the following members has been constituted:

Chairperson: Rector

Members

- All Deans
- Controller Examination
- Director ORIC
- Additional Registrars
- Additional Director QEC

Online Academic Council will be responsible for the following:

- To approve the Online Courses Readiness.
 - To approve faculty and students readiness for the online courses.
 - To approve the criteria of evaluation and monitoring of online courses.
 - To monitor Quality of classes and give decisions on the feedback/complaints of students.
 - During the process of online courses, Online Academic Council will meet with HODs biannually.
 - Online Academic Council may meet frequently as and when required.
-

OFFICE OF INFORMATION TECHNOLOGY

The responsibilities of Office of Information Technology are as under:

- To facilitate faculty for provision of platform for design and delivery of course contents online.
- To provide technical support to faculty members for online teaching.
- To address and troubleshoot technical issues.
- To provide, maintain and upgrade LMS accounts and Google classroom accounts.
- To initiate an online support portal to address issues faced by students and faculty in consultancy with Online Academic Council.
- To address issues faced by students and faculty through online support portal.

RESPONSIBILITIES OF HODs

- To conduct online meetings with their faculty members in order share the procedures and strategies for maintaining the standard and quality of courses.
- To check and forward all courses, offered by their departments, to the online academic council after ascertaining guidelines provided in this SOP.
- To conduct online meetings every week (minimum however more than one meeting will be appreciated) with their faculty members to address issues and problems raised by students and faculty regarding online courses. (Minutes to be forwarded to online academic council)

RESPONSIBILITIES OF FACULTY MEMBERS

- To amend their courses according to the instructions provided to them through their Heads of Departments.
 - Ensuring the time duration and quality of their classes.
 - Using the system provided by TUF for online classes.
 - Responding to student queries and addressing their issues.
 - Meeting deadline and timely reporting (in case of any issues) to respective Heads for smooth functioning of systems.
 - Faculty members will be also responsible to entertain:
 - Students living in remote areas that do not have laptops/smartphones and efficient internet access (Recorded lecturers will be for students without internet access).
 - Alternative plan if the electricity goes out (recording of lecture will be sent to all students and queries will be entertained in next meeting)
 - It is the responsibility of the course teacher to enable students to access not only the course material, but also all required readings and associated materials. Links of online available articles and books may also be shared.
 - Quizzes and Assignments to be taken as per course outline.
 - To get weightage of quizzes and assignments from competent forum.
 - Plagiarism of all assignments to be checked on Turnitin.
-

FACTORS DETERMINING THE COURSE READINESS FOR ONLINE TEACHING

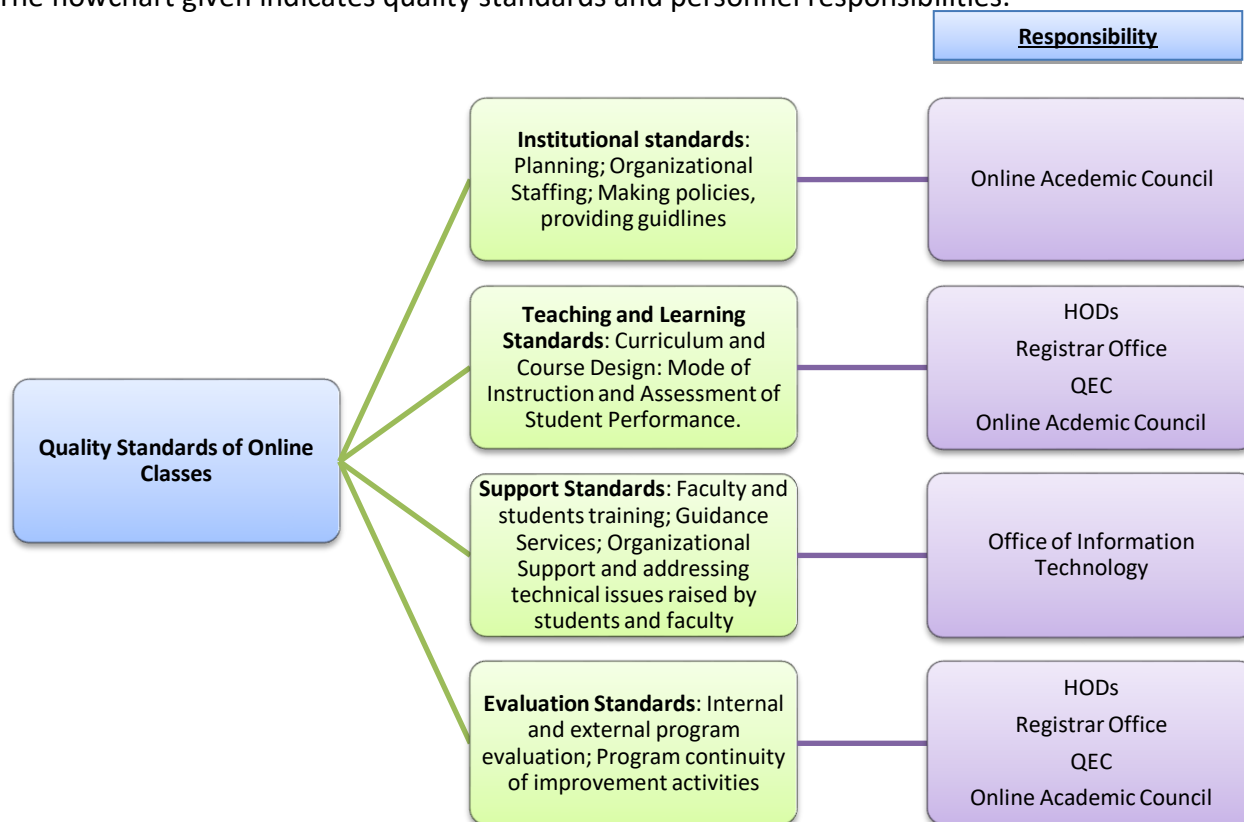

The determining factors of quality of courses have been summarized in proforma given below:

General Standards	Specific Review Standards	Score
Course Design	Benchmarking the course outline and various course components (relevant, up-to-date, incorporate latest techniques and trends) Standardized format of Course Outline is attached	5
	Well documented learning objectives and intended learning outcomes and level of the course.	3
	Teaching methodology and pedagogies communication strategy: discussion forums, social network groups, emails (ensuring quality of interaction)	4
	Following element are available to be uploaded on LMS: • Introduction of Course • Learning Objectives • Links of text books and reference books to be used for the course • Description of the system of evaluation of course works (exams etc.) • Detailed lesson plans for each remaining lectures. • Key dates and time of meetings	4
Instructional Materials	Benchmarking of the instructional materials and learning methodologies. (up to date, modern and addressing the need and the level of the learner and relevant to the national and international trends)	5
	Sources of instructional materials used and teacher's own contribution in development of learning audio- visuals, quizzes, assignments, etc.	4
	Implementation of academic values like trust, respect, academic honesty and integrity expected as an outcome of the course.	3
Learning Activities and Learner Interaction	Relationship between learning objectives and learning activities.	3
	Time and opportunities allocated for the supervisions of the students and teachers support and institutional support (Library Support)	3
	Submission of lecture plans and post lecture assessment	3
Course Technology	Technology requirements and alignment with the available technology.	3

	Audio-visual aids and technology required for delivering the course	3
	Essential technology for increasing the student's engagement	3
	Course material availability polices readability, access, ease of use	3
Learner Support	A clear description of the technical support available and how to learn and use	3
	Institution's accessibility policies and services available on software (license) and hardware (photocopy), etc.	4
	Academic support services and resources available	3
	Student support center and data support center, book banks, student loans etc	3
Assessment and Measurement	The assessments methodology and policy	3
	Assessment techniques and relationship with the course objectives and class strategies.	5
	Course grading policy and institutional grading policy alignment	3
Curriculum Standards	Effectiveness of the curriculum (International best practices and relevant to the national needs and aligned with the HEC's guidelines)	5
	Expected behavior of the faculty and the students	3
	Efficiency in terms of students learning abilities	3
Monitoring Systems	Allocation of course to the faculty member well before the actual teaching (time required for course preparation, planning and collecting all the relevant resources)	3
	Assessment of all the teaching facilities and ensuring availability before commencing the classes	3
	Scheduling the course at appropriate level and at appropriate scheme of studies	5
	Course content assessment	5
Total		100

STANDARDS TO ASSESS THE QUALITY OF ONLINE CLASSES

The flowchart given indicates quality standards and personnel responsibilities.

BEST PRACTICES FOR QUALITY CHECKING PARAMETERS:

Some of the quality checking parameters are explained below for the guidance of HODs; however, these parameters may be considered as minimum guidelines, and HODs may alter these according to their own context.

LEARNING OUTCOMES:

- Learning outcomes are clearly defined and explained, allowing students to focus on learning activities.
- The online course has comparable content and expectations for student learning outcomes and acceptable levels of student performance.
- The learning outcomes described in the course are documented through exams/quizzes, journals, papers, projects, and/or portfolios.
- The course syllabus gives the student an accurate and comprehensive overview of learning outcomes, assignments and exams, expectations, access information, grading, and other essential information. The intent is that this information is available the first day of the term.

RESOURCES AND COURSE MATERIALS:

- Course materials foster learning in the online environment. Effectiveness of the technology and presentation of content is monitored throughout the course.
- The instructional materials support the stated learning outcomes and have sufficient content for the student to learn the subject.
- Course materials are organized in logical order over the term.
- Lectures, notes, readings, and other materials are posted in platform so students have the option of printing at least some materials.
- Course materials are presented in a variety of formats in addition to print text, such as streaming video, narrated Power Points, PDF files, web conferencing, live capture lectures, and discussions.
- Assignments engage students in active and interactive learning, such as problem solving, discussion board interaction, PowerPoint presentations, and/or small-group reports to the class.
- The course offers simple and reliable means for students to submit assignments and for instructors to return them.
- The instructor provides links to capitalize on rich website content, archives, and other online information resources.
- Instructions for assignments are explicit about what students should be able to do, the conditions under which the student should produce the assignment, and how well the student should perform; rubrics are provided for assignments.

ACCESS:

The instructor ensures that students can access online materials as easily as in face-to-face courses.

- All relevant material is timely uploaded in Google classrooms
- Provide access to the course through password/registration process to authenticate student identity as available in LMS.

ONLINE COMMUNICATION:

- The online course offers frequent and personal student-instructor interaction.
 - The course syllabus provides a welcome to the course and a self-introduction by the instructor.
 - Clear standards of realistic timelines are set for instructor response and availability.
 - The instructor provides course-specific email to respond reliably and promptly to student questions and requests for assistance or to indications that a student is not able to manage the online environment.
 - The instructor is available as stated in the syllabus to students via course email; course Chat, Discussion, or Meetings tools
-

COMMUNITY BUILDING:

- The requirements for course interaction are clearly stated
- Students are provided with opportunities to interact with each other
- Students are provided with opportunities to participate in small group discussions and team projects, presenting the results to the class on the course website.

ASSESSMENT AND EVALUATION:

- Through assessment and evaluation of student learning, the instructor is systematically and regularly assessing learning.
- Assessments and evaluations are tailored to the learning outcomes described within the course. The instructor provides fast, focused, and frequent feedback on student assignments, quizzes, and exams. Feedback/grades are recorded and easily accessible to students.
- Instructor develops simple, appropriate grading rubrics and provides them with assignments so students know how they are being graded.
- Instructor returns assignments with comments (via commenting within the Assignment and Discussions tools, MS Word “Insert Comments,” or other commenting capabilities) and/or with filled-in rubrics.
- Best performances can be shared with all

LEARNER SUPPORT:

- Course provides information and resources to promote learner success.
- The instructor provides links to technology tutorials and other aids.
- The instructor provides instructions on where students can obtain technical support.
- The instructor provides links and/or training in accessing and navigating the online environment is provided.
- Welcome email and syllabus provides instructions on how to get access to library databases for those courses in which databases are used.

Institutional Performance Evaluation by HEC Team

The Institutional Performance Evaluation (IPE) process consists of a University Portfolio Report (UPR) and a Team visit provides institution with performance indicators which permits us to look at the University critically, to have input from an external IPE team, and to take the necessary steps towards continuous quality improvement. This IPE process takes place periodically.

With extensive efforts of Registrar Office and Quality Enhancement Cell, University Portfolio Report of the University of Faisalabad is updated and shared with QAA-HEC on yearly basis. In order to ensure continuous improvement Self-IPE is also conducted on yearly basis and report of same is shared with QAA-HEC.

The Institutional Performance Evaluation for the Year 2019-20 has been conducted by following HEC Review Committee on January 21-23, 2020:

Sr.	Name	Designation	Institution	Panel
1	Prof Dr Anwar Ali Siddiqui	Professor	Dow University of Health Science, Karachi.	Convener
2	Dr Sadaf Mumtaz	Professor	Hi-Tech Institute of Medical Sciences, Taxila.	Member
3	Dr Zohaib Iqbal	Associate Professor	NUCES-FAST, Islamabad.	Member
4	Dr Farhan Jamil	Director ORIC	University of Veterinary and Animal Sciences, Lahore.	Member

Visitation team gratefully acknowledged the efforts of all administrative and academic officials for their cooperation and admired the well-secured environment of University for staff and students, adequately equipped laboratories to support the graduate and undergraduate programs, spacious classrooms with support of audio-visual systems, ample hostel facilities to accommodate students from surrounding areas, healthy environment for co-curricular activities, ample faculty to run undergraduate medical programs, satisfaction of faculty and students with the administration of the University and Regular internal evaluations of the program.

MS/MPhil & PhD Program Review by HEC Team

The quality of Masters and PhD (level 7 & 8 programs) are peer reviewed keeping in view the minimum criteria of HEC in order to enhance their quality to make them internationally compatible. With the admirable efforts of Registrar Office, Quality Enhancement Cell and Schools/Departments Program Files as per the requirement of HEC are prepared and updated on yearly basis for the perusal of Review Team. Review for Academic year 2019-20 has been completed by following HEC review committee on January 21-23, 2020:

Serial	Name	Designation	Institution	Panel
1	Dr Tanweer Hussain	Professor	Mehran University of Engineering & Technology, Jamshoro	Convener
2	Dr Samina Mazhar	Director QEC	Lahore College for Women University, Lahore	Member
3	Mr Jehangir Khan	Director QEC	University of Malakand,	Member
4	Dr Ghulam Mujtaba Shaikh	Associate Professor	IBA Sukkur	Member

Formal approved report of MPhil & PhD Program Review has not yet been received from HEC. However, initial draft was received for checking errors/corrections. Meanwhile, corrections have been reported to HEC on 3rd March 2020 and response of HEC is awaited. Despite concerns on the initial draft the management of University decided to take measure (where required) for strengthening of MPhil & PhD Programs.

Self-Assessment on Programs

Assessment is a systematic process of gathering, reviewing and using important quantitative and qualitative data and information from multiple and diverse sources about educational programs, for the purpose of improving student learning, and evaluating whether academic and learning standards are being met. Self-Assessment of programs is conducted on yearly basis and all programs have gone through 2nd cycle of Self-Assessment. Self-Assessment of following Programs was completed during Academic year 2019-20:

Self-Assessment of Programs completed in Year 2019-20		
Bachelors of Science in Nursing (Post-RN)	Doctor of Dermatological Sciences	MPhil Islamic Studies
BS Aviation Management	Doctor of Dietetics and Nutrition Sciences	MPhil Optometry
BS Computer Science	Doctor of Medical Imaging Sciences	MPhil Pharmaceutics
BS English	Doctor of Medical Laboratory Sciences	MPhil Pharmacology
BS Interior Design	Doctor of Optometry	MS Electrical Engineering
BS Islamic Sciences	Doctor Of Physical Therapy	MS Management Studies
BS Software Engineering	MA English	PhD Dental Sciences
BSc Technology (Civil)	MA Islamic Sciences	PhD Islamic Studies
BSc Technology(Electrical)	Master of Business Administration	

Participation of QEC Staff in International Events:

Agenda	Date	Participants
1st International Seminar on QS WORLD UNIVERSITY RANKING	29 th March, 2019	Dr H M Gillani Mr Muzammil
Pivotal Role of International Ranking Towards Teaching & Graduates Quality	7 th August, 2019	Dr H M Gillani Mr Muzammil Mr Yasir Khan Ms Munazza
Online Readiness	1 st June, 2020	Mr Muzammil Nazir

Higher Education Challenges during COVID-19	8 th July, 2020	Dr H M Gillani Mr Muzammil Nazir
International Online Symposium, Online teaching and learning in Higher Education; Trends, Innovation, Issues, Challenges and Coping Strategies	2 nd July, 2020	Dr H M Gillani

FACULTY DEVELOPMENT

Series of Workshops for Faculty Development Program

July 5-31, 2019

A series of workshops was organized in Health Sciences Wing under the banner of Office of Research, Innovation, and Commercialization. The series focused on providing expertise regarding teaching and research to faculty members of various disciplines, including Social Sciences, Allied Health Sciences, Management Sciences, and Computational Sciences. The closing ceremony was held on August 8, 2019 in Saleem Auditorium, honored by Prof Dr Muhammad Saeed, Pro Rector, Health Sciences Campus, Ms Zahida Maqbool, Additional Registrar Health Sciences Campus, and Prof Dr Najeeb Haider, Director ORIC, TUF. Facilitators of the series were awarded certificates of presentation for their efforts. Dr Maimoona Abdulaziz was presented with shield and certificate from the University as a token of appreciation for planning and organizing the series of workshops. The ceremony was attended by faculty members of all disciplines of Health Sciences Campus.

Communication and Presentation Skills

October 5, 2019

In continuation of TUF Faculty Development Program, one day workshop on “Communication and Presentation Skills” was organized under the auspices of ORIC, TUF in Health Sciences Wing. Ms Zia Batool, former Director General, Quality Assurance, HEC in her opening remarks appreciated the efforts of University management for conducting such useful workshop for faculty members. Mr Muhammad Haider Amin, Chairman BoG in his address said learning was a continuous process that never ended. He inspired the participants to benefit from this great opportunity. “TUF always hires the services of renowned national and international resource persons”, he further added. Dr Mubashar Nadeem, internationally renowned trainer and research supervisor was the resource person. He is PhD in English (Applied Linguistics), PGD TEFL, Certified in Assessment & Evaluation, Plymouth State University, New Hampshire USA), and Certified in Pre & In- Service Teacher Training, University Technology, Malaysia. He has more than 25 years’ experience of teaching and training. In his presentations he delivered comprehensive talks on communications and presentation skills. In concluding session, Chief Guest Prof Dr Anas Sarwar Qureshi, Chairman Department of Anatomy, University of Agriculture Faisalabad and Prof Dr Muhammad Saeed, Pro Rector TUF awarded certificates to the participants.

“Communication and Presentation Skills”

October 12, 2019

In continuation of TUF Faculty Development Program, one day workshop on “Communication and Presentation Skills” was organized in The University of Faisalabad, Alam Tower Sub Campus, Lahore. Ms Zia Batool, former Director General, Quality Assurance, PHEC in her opening remarks emphasized on importance of continuous faculty development for improving quality of higher education and she appreciated the efforts of University management for conducting such useful workshop for faculty and staff members.

Dr Mubashar Nadeem, internationally renowned trainer and research supervisor was the resource person. He is PhD in English (Applied Linguistics), PGD TEFL, Certified in Assessment & Evaluation, Plymouth State University, New Hampshire USA), and Certified in Pre & In- Service Teacher Training, University Technology, Malaysia. He has more than 25 years’ experience of teaching and training. In his presentations he delivered comprehensive talks on communications and presentation skills. In concluding session, Prof Dr Jamshed Nasir, Dean TUF Alam Tower Sub Campus, say thanks to the guest speaker and hoping that such workshop will helps to enhance the capabilities of Faculty members. At the end certificates were awarded to all the participants.

Male	1547	1678	1577	

Representation of TUF Alumni in Different Sectors

TUF Alumni are working in different sectors including health sciences, education, NGOs, Engineering and construction sectors, banking and finance, pharmaceutical industry, restaurant, IT and textile industries. Following are some of our certain notable alumni working in different sectors throughout the globe.

Graduates of TUF have always been encouraged to have a responsibility back to their alma mater, not just as individual mentors, but also in bringing their business into the fold. Ideally, this would feature not only presence at open days, seminars and panel events, but also practically one-to-one or small group mentoring and involving their own employers in engaging with students.

Serial	Alumni Name	Company/ Institution

BUILDING COMMUNITIES

University –Community Building and Interaction

University –Community Building and Interaction is a field of practices directed toward the creation or enhancement of community among individuals within a regional area (such as a neighborhood) or with a common interest. It is covered under the field of community development and in order to induce such qualities among university students.

A wide variety of practices can be utilized for community building and interaction. The University of Faisalabad has carried out following activities during the reporting period:

Eye Screening camp at SOS village by School of Optometry

February 9, 2019

One day free eye screening camp was organized by Students of Doctor of Optometry, 6th semester under the supervision of senior optometrists in SOS Village Faisalabad. More than 250 children were screened and provided free eye checkup and helped in diagnosing various conditions such as glaucoma, poor vision and cataract. Free medications and eye therapy treatment facilities were provided to all.

Eye Screening camp by School of Optometry

February 11, 2019

One day free eye screening camp was conducted by School of Optometry (OD 4th semester) in Madrassa Dar-ul-Quran Faisalabad. More than 700 students were screened out for visual functions. Free medications as well as eye therapy treatment was provided to all.

Distribution of Scooters among deserving female Students by Women Foundation

February 18, 2019

Women Foundation of The University of Faisalabad donated three electric rechargeable scooters to the deserving students. Mrs Parveen Sarwar, Wife of the Governor Punjab was the chief guest of the ceremony held in Health Sciences Campus. After the lucky draw, Mrs Parveen Sarwar handed over keys of the scooters to three students. Mrs Sarwar was briefed that Women Foundation of the University is actively working for the welfare of TUF community since its inception in 2008. Recently, the Foundation has launched its society “Stay Safe”. Members of the society under the umbrella of Women Foundation are working on the project to make the University “Plastic bag free” institute. Mrs Sarwar in her address to faculty members and students appreciated the efforts of TUF for women empowerment in the country. She also visited different departments of Madinah Teaching Hospital and lauded the services of Madinah Foundation in health and education sectors.

Research Equipments

University provides sophisticated and state of the art equipment's to facilitate the needs of our researchers and scientists to develop accurate output in regards to research. During the reporting period, new research equipment's were purchased for a variety of purposes.

STRENGTHENING TECHNOLOGICAL INFRASTRUCTURE

The University of Faisalabad (TUF) has a network of small and big libraries on its campuses to promote the reading culture and provide access to information on diverse academic disciplines. The TUF libraries provide access to thousands of books, journals, Newspapers and other resources in HYBRID environment. The computers with Internet & WI-FI connections are available for the use by TUF students & faculty for study and research.

The library is also providing access to thousands online full text journals, conferencing proceedings and articles through different online databases under the **HEC Digital Library** Program. Students and faculty can access these resources from inside the campus through IP address.

Digital Library

The University of Faisalabad Library is providing access to more than 75,000 high quality, peer-reviewed journals, databases, and articles through HEC's Digital Library Programme. In addition to this thousands of E-books on different subject are also available. Students and faculty can access these resources.

Reference Services:

We also facilitate our prestigious faculty members, hardworking students and researchers to fulfill their thirst of learning & knowledge through online reference service. For this researchers send their demands through emails with their research topics, article links, online journals, and demand of soft copies of books to library@tuf.edu.pk & chief.librarian@tuf.edu.pk and we reply ASAP to the users' request.

TUF Portal (LMS):

A learning management system (LMS) is web- based software that allows library in LMS products; libraries have developed a variety of strategies for providing resources within the virtual environment. Librarians have been working to provide library content, and outreach to distance students. For this "The University of Faisalabad "has another distinguished quality of having University's own **LMS account**. Where they consider the library must have a presence in the LMS to provide bundle of books, through **upload books** icon on all subjects in **E-Library** icon. Where the whole class can download, their required/demanded book at one time.

OPAC service is made available to our users for searching their required material through online catalogue.

Pakistan Education and Research Network (PERN)

The **Pakistan Education and Research Network (PERN)** connect universities and research institutes through high-speed Internet bandwidth. The main purpose of this network is to facilitate researchers/students in sharing data and to coordinate with each other through video conferencing.

The PERN2 is focused on understanding national research and education technological requirements and offering services that meet their specific needs. In collaboration with the NRENs, PERN2 continues to develop public sector community focused, multi-domain services aimed at delivering seamless network performance across borders and domains, and to roll these out at national level to institutions, Libraries, R & D Organizations

PERN Services

We are currently using the below services

1. Internet Services (Fastest Access to Information)
2. National Digital Library
3. Video/ VoIP

Video Conferencing Facilities

TUF is using video conference solution. It is a live, visual connection between two or more people residing in separate locations for the purpose of communication. At its simplest, video conferencing provides transmission of static images and text between two locations. At its most sophisticated, it provides transmission of full-motion video images and high-quality audio between multiple locations.

Online Admission System

The system is developed to help university to automate the admission procedure. The system is an internet-based application which can be accessed from anytime anywhere. The increasing numbers of students seeking admission in the Academic institute are causing tremendous pressure on the administrative body of institute to manage and arrange the admission process manually. It is difficult now to conduct the process accurately and in timely manner.

In case of manual system, it is a time taking process and involves huge manpower wherein the online admission system ensures accurate and very fast computerized information. Maintaining backup is also very easy using online admission system.

The goal of online admission system is to automate the academic institute's admission structure and its related operation and functionality. The online system consists three access modules:

- Student Panel
- Admin Pane
- Finance Panel

Advantages of Online Admission System

The advantages of the online admission system are:

- ❖ Man power saving: institute don't need to assign additional security to manage huge crowd
- ❖ Reduces paper work:
 - Institute no longer require printing and storing admission forms
 - No hectic queue and lines to attend and address same process. Verification of the docs as per admin body's convenient time but in front of long queue
 - Results are not cost saving only but also man power saving
- ❖ Avoid hectic submission process
- ❖ Only eligible candidate can apply
- ❖ Dynamic and user friendly

Online admission system works 24/7 which minimizes time of processing due to no time barrier, institute admission process time is reduced.

FINANCE

Financial Year at a Glance

As The University of Faisalabad has consolidated its infrastructure and has expanded its Campuses, Capital is invested in land and equipment, etc. The noncurrent assets worth Rs 17,615,170 have been increased during year 2018-2019.
